CRUSHED BY FIRE.

Utah Coke Plants Destroyed.

Greatest Conflagration in the History of the State at Sunnyside.

Loss Reaches Three Hundred Thousand Dollars, May Exceed a Million.

Salt Lake Valley Smelters and Montana's Affected. Many Men Idle.

[BY DIRECT WIRE TO THE TIMES.]

SALT LAKE, Oct. 27.—[Exclusive Dispatch.] The biggest fire in the history of Utah, one that caused a loss of $300,000 and which may even run beyond a million dollars, occurred at Sunnyside, 220 miles southeast of Salt Lake, last night and today.

Full particulars are not obtainable at this hour, the telegraph and telephone lines being down. It is known, however, that the crushers and disintegrators used in the process of converting coal into coke are entirely destroyed, and that they cannot be rebuilt inside of ninety days, a fact that may cause the closing down of the smelters of the Salt Lake Valley.

These smelters have only coke enough on hand to last a week or ten days, at most. Accordingly, the smelter managers today telegraphed to Pennsylvania, O., Lake Superior and Colorado for coke. The latter State, however, is not prepared to furnish it in any great quantity, and the situation is therefore serious.

Montana smelters are likewise affected, and unless speedy relief comes, there will be a marked falling off in the country's production of copper the next couple of months.

Six hundred men were thrown out of employment at Sunnyside, and the outlook is that nearly as many thousands will go out of the smelters and mines.

The smelter managers this afternoon formulated an address asking the mine owners to suspend shipment of ores for the present, which will throw still more men out of work.

Nothing is known in Salt Lake as to the exact cause of the fire. The destroyed property is owned by the Utah Fuel Company, which, like the Colorado Fuel and Iron Company, is owned and largely controlled by the Goulds.

ARIZONA COMMERCIAL STOCK.

BOSTON (Mass.) Oct. 27.—[Exclusive Dispatch.] Arizona Commercial, whose 80,000 shares of stock will be listed on the Boston Exchange next week, reports $92,000 in its treasury, besides 20,000 shares of unissued stock. All operation and construction work has been paid for out of the treasury cash, and daily shipments of from eighty to one hundred tons of ore, returning $5 per ton net, are being made to the Old Dominion and Copper Queen smelters.

LOSING ONE TRUST.

NEW YORK, Oct. 27.—[Exclusive Dispatch.] New York's reputation as a headquarters for trusts has been slightly impaired by the decision of the management of the American Steel Foundries Company to move its main office from this city to Chicago. More than one hundred clerks were employed in the office.

STRIKERS SEIZE ARMS.

RIGA (Russia) Oct. 27.—The strikers have plundered a gunshop and seized a number of rifles and revolvers and a quantity of ammunition.

PERKINS NOT HEARD FROM.

He Got Out of Petersburg by Mobe, but No Word Since Wednesday.

[BY DIRECT WIRE TO THE TIMES.]

NEW YORK, Oct. 27.—[Exclusive Dispatch.] In connection with the rumored postponement of the Russian loan flotation, it was said in Wall street today that George W. Perkins, the representative of J. P. Morgan & Co., at the St. Petersburg conference of the international bankers, left the city by automobile, owing to the stoppage of trains.

At the Morgan offices, it was said they had been in communication with Perkins Wednesday by cable but since that time no word has been received.

PROF. MITCHELL'S THINKING.

Does Not Please the Methodist Episcopal Bishops Who are Trying Him.

[BY DIRECT WIRE TO THE TIMES.]

WASHINGTON, Oct. 27.—[Exclusive Dispatch.] Rev. J. W. Shenk of Los Angeles, is here in connection with the semi-annual session of the Methodist Episcopal bishops, representing persons who instituted charges of heresy against Prof. Hinckley G. Mitchell of Boston University, who include Rev. H. W. Peck, Fresno; Presiding Elder Thompson of Pasadena district, and Rev. J. W. Coultas of South Pasadena. The Board considered the question of reopening the Mitchell case today, and will vote tomorrow.

Dr. Shenk said to The Times correspondent: "President Mitchell has no place as a teacher of Hebrew and Biblical exegesis in a Methodist Theological Seminary. He denies the fall in Eden, the truth and efficacy of vicarious atonement and the beginning of the history of the human race, as revealed and described in the Scriptures. He declares that the prophets who preceded the Messiah had no knowledge of the coming of Christ, and never predicted his advent.

"The natural consequence of his teaching is to strip the Savior of divinity. Prof. Mitchell denies this, but no one else can reach any other conclusion. He is steeped in German rationalism, and does not think along Methodist lines."

"OPEN MARKET" FOR TOBACCO.

INDEPENDENT MANUFACTURERS ARE HOPEFUL OF IT.

President Miller of Their Association, Now Meeting in New York, Says They Have Today Fair Competition With the Trust—No Inter-Dealings.

[BY DIRECT WIRE TO THE TIMES.]

NEW YORK, Oct. 27.—[Exclusive Dispatch.] The fifth annual convention of the Independent Tobacco Manufacturers' Association of the United States was continued today at the Hotel Astor. The president, Hiram D. Miller of Philadelphia, made an address in which he presented a careful analysis of the present status of the contest of the independent manufacturers with the tobacco trust. He said that now, when any manufacturer is known to have any dealings at all with the trust he is compelled to get out of the association. A recent president of the association was compelled to resign on this account.

"We have today fair competition with the tobacco trust, not only in the purchase of leaf tobacco, but in disposing of our manufactured products," said Miller. "If we stand shoulder to shoulder and work as a unit with the investigating committee, appointed in Washington, I believe the 'open market' with fair competition, which is all we ask, will be present."

TRIAL OF THE PACKERS.

Ex-Controller Dawes Gets a Subpoena Requiring Him to Testify Next Month.

[BY DIRECT WIRE TO THE TIMES.]

CHICAGO, Oct. 27.—[Exclusive Dispatch.] President Charles Gates Dawes of the Central Trust Company of Illinois and former Controller of the Currency, was served today with a subpoena to testify at the trial of the beef packers, November 20. Dawes, in speeches, has opposed the course of the government in prosecuting the packers, and the public expressions of opinion are said to have led to the issuance of a subpoena, so that what he knows concerning the packers may be stated under oath.

Dawes may be questioned concerning officers and directors of the Central Trust Company. It has been intimated that the packers are back of the company.

RICH, AGED WOMAN KILLED.

Mysteriously Disappears from New York and is Afterward Picked up in Philadelphia.

[BY THE ASSOCIATED PRESS—P.M.]

NEW YORK, Oct. 27.—With $27,000 worth of jewelry and a large sum of money in her possession, Margaret Todd, eighty years of age, who is very wealthy, disappeared mysteriously today from a hotel in West Twenty-sixth street to East Orange.

DIES IN PHILADELPHIA.

[BY THE ASSOCIATED PRESS—P.M.]

PHILADELPHIA, Oct. 27.—A woman supposed to be Mrs. M. Todd of New York, was found along the tracks of the Philadelphia and Reading railroad, at the Oxford street entrance to Fairmount Park, tonight. Both legs were severed from the body below the knees, and her head was crushed. She was found by a flagman who happened to be walking along the track.

A patrol was hurriedly summoned and the woman was conveyed to the Germantown Hospital, where she died a few minutes after being admitted. How the woman met with the accident is not known, and the officials have started an investigation.

From newspaper clippings and letters found on the body, the police believe that she is the wife of Louis L. Todd, proprietor of the hotels Marlborough and Vendome, New York. When found, the woman wore diamond earrings and a diamond brooch. In her handbag was found a cancelled Pullman car ticket from Jersey City to Philadelphia, also a check drawn by Augustus W. Fisch of 257 West One Hundred and Twelfth street, New York, and a small sum of money.

THE REVOLT IN RUSSIA.

SHOOT TO KILL, IS ORDER PASSED OUT.

Autocracy's Lid-Holders to Take No Chances With Revolutionists.

Trepoff Dominates St. Petersburg, but Situation in All Parts of Empire is Quite as Acute as Before—More Go on Strike, More Strikes Ordered—Cities are Filled With Terror—Red Flags, and Bloodshed.

[BY THE ASSOCIATED PRESS—P.M.]

[BY THE ASSOCIATED PRESS—P.M.]

WARSAW (Russia) Oct. 27.—[By Atlantic Cable.] The Governor has ordered the troops to shoot every agitator.

TO ACT WITHOUT MERCY.

[BY THE ASSOCIATED PRESS—P.M.]

LODZ, Oct. 27.—The Governor has ordered the troops to fire in the event of disturbances, to act without mercy.

WILL FIRE ONLY TO KILL.

[BY THE ASSOCIATED PRESS—P.M.]

MOSCOW, Oct. 27.—The Governor-General has issued a proclamation stating that, for the protection of peaceable people, troops have been posted throughout the city and that they will fire with ball cartridges in the case of even the smallest gathering of people or the slightest sign of disorder.

TREPOFF'S PROCLAMATION.

[BY THE ASSOCIATED PRESS—P.M.]

ST. PETERSBURG, Oct. 27.—The following is the text of Gen. Trepoff's proclamation: "The population of the capital is disturbed by rumors of exceedingly grave disorders. Measures for the protection of life and property have been taken, and I therefore ask the people to attach no credence to these rumors. If, however, any disturbances are attempted they will be put down at their inception, before they have time to assume a serious character. I have given orders to the troops and police to suppress any such attempts immediately and in the most vigorous manner, and the military has been directed to fire with ball cartridges if the crowds offer resistance. No blank cartridges will be used. I find it necessary to give this warning to the public so that every person joining a disorderly crowd may know the risk he takes. In order to avoid grave consequences, prudent citizens should not join gatherings having a disorderly purpose."

BERLIN, Saturday, Oct. 28.—The latest news respecting the situation in Russia indicates that, though Trepoff now dominates St. Petersburg, the unrest in all parts of the empire is quite as acute as before his appointment to the military governorship of the capital.

Moscow is in a terrible condition, with neither gas nor water and a weak garrison, unable to do much against rioters.

At Kharkoff, there have been scenes of bloodshed and red flags have been raised on the roofs of houses, a section of the population trying to declare a republic and a provisional government.

Warsaw's four thousand terrorists today ordered a general strike. The Vienna railroad station was burned down and also the telegraph office.

Troops and police are virtually helpless against the thorough organized revolutionists.

FULL OF FOMENT.

Kiff, Saraboff and Samara are full of foment.

At Lodz, thirty thousand strikers have turned out.

At Riga, the strikers killed a Cossack officer and wounded many soldiers.

Wirbalien, so well known to travelers as the first Russian station on the German frontier, is occupied by military, while Eydikuhnen, the last station in Germany, has freight mountain high, which has got that far and can get no farther.

The small opening left by which a possibility of reaching St. Petersburg remains—namely, by ship from Stettin—is besieged, and the one ship scheduled to sail Sunday from Stettin for St. Petersburg will apparently have enough freight and passengers to load a fleet of such steamships.

Business centers are pessimistic owing to the Russian situation and the Emperor's bellicose speech of yesterday urging his soldiers to keep their swords sharpened and their powder.

RUSSIAN BONDS DROP.

Russian bonds have dropped two points and Russian railroad stocks from three to four points.

The telegraph administration says that the interruption of telegraph communication with Warsaw was due to a fire.

The telegraph line to Lodz was open this evening and the following message was received: "The city is quiet. The street railway strike continues. There have been no mails for two days, owing to the railroad strike. As the city is cut off from adequate supplies, the prices of food, coal and petroleum are rising fast."

MUST END IN BLOODSHED.

[BY THE ASSOCIATED PRESS—P.M.]

ST. PETERSBURG, Oct. 27.—The present situation cannot end without blood. This is the conviction prevailing in the higher government circles, which from moment to moment are expecting a conflict between the troops and the revolutionists in St. Petersburg.

There is news of trouble in the provinces, especially at Kharkoff, which has been declared in a state of siege. Governors have been instructed to take all necessary precautions to preserve order.

One of the most prominent members of the Emperor's council received the Associated Press representative today and said with every evidence of deep emotion:

"The situation is a grievous and painful one, and I see no way out of it, except by the employment of armed force. Please do not misunderstand me. I look upon the prospect with tears, but it is becoming more and more evident that the troops will be compelled to fire. I can see no other possible outcome.

"The revolutionists and terrorists are absolutely bent on forcing a conflict upon us, and nothing we can do will satisfy them. The extension of the suffrage and the right of assemblage will be nothing to them. They are determined to have bloodshed and we cannot avoid the issue. It is a fearful disease from which Russia is suffering and sad and painful as it is, the government must act with force."

Count Witte spent almost the entire day with the Emperor at Peterhof.

POLICE CLOSE EYES.

Realizing that any attempt to interfere with the monster meeting at the university would inevitably lead to a bloody outbreak, Trepoff, who announced during the afternoon that he intended to prevent the assembly, instructed the police to close their eyes

NOTED CATHEDRAL SUDDENLY RUINED.

[BY DIRECT WIRE TO THE TIMES.]

EL PASO (Tex.) Oct. 27.—[Exclusive Dispatch.] News of the ruin of the costly cathedral at Monterey, Mexico, was received today. The huge dome collapsed, as the supposed result of the decomposition of the soft stone, carrying with it the roof and walls.

The crash was heard over a large area and was first supposed to be due to an earthquake. The altar, one of the treasures of the cathedral, was buried under thousands of tons of rock.

The accident occurred at 9 o'clock Tuesday night, when the structure was empty and no one was hurt. Hundreds of tourists and worshipers had been in the building during the day.

The cathedral was a massive structure. It was commenced in 1792 and completed in 1833. It was used as a powder magazine during the war with the United States.

TO DO TIME FOR SLUGGING.

Official of Machinists' Union Sentenced to Jail for Assaulting Non-union Workmen on Santa Fe.

[BY THE ASSOCIATED PRESS—P.M.]

KEOKUK (Iowa) Oct. 27.—Lee Neyer, president of the district Lodge of Machinists, which comprises the entire Santa Fé system, was today sentenced by United States Judge McPherson to four months in jail for assaulting non-union machinists at Fort Madison, in violation of the injunction issued by the District Court at the commencement of the machinists' strike on the Santa Fe railroad.

LONG REACH OF THE WIRELESS.

NEW YORK NAVY YARD GETS MESSAGE 1200 MILES.

Picks Off a Dispatch Sent from the President's Cruiser West Virginia Off Southwest Pass, La.—Key West Station in Communication for Nearly Four Hundred Miles.

[BY DIRECT WIRE TO THE TIMES.]

NEW YORK, Oct. 27.—[Exclusive Dispatch.] Operators employed at the Wireless telegraph station at the New York Navy Yard assert that they caught a message from the armored cruiser West Virginia, which is bringing the President north from New Orleans, from a distance of 1200 miles. The message was sent apparently from Southwest Pass, La., by the wireless plant of the cruiser, and was intended to be picked up by the station at Cape Hatteras. It read: "Still at South Pass. Got your letter from New Orleans."

Men at the navy yard station declare they heard the Cape Hatteras station say it could not get the message on account of too much "interference."

KEY WEST'S PICK UP.

[BY THE ASSOCIATED PRESS—P.M.]

WASHINGTON, Oct. 27.—According to a report received by the Navy Department, today, the wireless-telegraph station at Key West picked up the armored cruiser West Virginia at a distance of 225 miles, as that vessel went down the coast en route to New Orleans, and was in communication with the West Virginia at a distance of 375 miles after she had passed.

Naval officials are watching with interest the effort of the commander of the West Virginia to maintain communication with the mainland by wireless telegraphy, as she bears the President northward. Wireless stations have been installed at intervals all along the coast from Cape Cod to New Orleans, and plans already have been formulated to bring the Isthmus of Panama in direct wireless communication with the United States.

PARDON FOR ALBERS.

President Zelaya is Willing to Grant It if American Drops Appeal.

[BY DIRECT WIRE TO THE TIMES.]

WASHINGTON, Oct. 27.—[Exclusive Dispatch.] Advices received at the State Department, today, indicate that President Zelaya of Nicaragua is willing to pardon William S. Albers, provided the latter drops his action for appeal from the review of the "Leon Court," which reduced his sentence of imprisonment from three years to three months.

CHOATE AIDING JEROME.

Great Constitutional Lawyer Engages Carnegie Hall and Will Make a Speech.

[BY DIRECT WIRE TO THE TIMES.]

NEW YORK, Oct. 27.—[Exclusive Dispatch.] Joseph H. Choate and others who formed an organization of the leading members of the bar to advocate the reëlection of District Attorney Jerome have engaged Carnegie Hall for next Wednesday night. The principal speaker will be Choate, who has already espoused Jerome's cause, and has made a liberal donation to his campaign fund.

"GENTLEMAN BURGLAR."

Prof. Gates Discovered in the Act of Opening the County Treasurer's Safe.

[BY DIRECT WIRE TO THE TIMES.]

SIOUX CITY (Iowa) Oct. 27.—[Exclusive Dispatch.] Prof. Charles A. Gates, educator, churchman and 32-degree Mason, who was caught last week in the act of opening the safe in the office of the treasurer of Benton County, at Vinton, Iowa, appears to have been a genuine "gentleman burglar." He is alleged to have been stealing for a decade, always wearing the cloak of piety.

KING OSCAR HAS NEW TITLE.

STOCKHOLM, Oct. 27.—At a meeting of the Council of State today King Oscar announced that he would in the future use the following title "We, Oscar, by the grace of God, King of Sweden and of Gothswends." He further announced his motto would be "The welfare of Sweden" instead of "The welfare of the sister nations."

TROUBLES IN CUBA.

Possible Change in Constitution.

President Canizares of the Lower House Urges the Liberals to Vote.

If They Refrain, It Will Give Moderates Power to Harm Republic.

Annexation Bugaboo Stalks About and Newspapers are Accused.

[BY DIRECT WIRE TO THE TIMES.]

HAVANA, Oct. 27.—[Exclusive Dispatch.] Señor Garcia Canizares, president of the House of Representatives in the present Congress, has written a letter to a friend, in Sancti Spiritus, protesting against having all the members of the Liberal party refrain from voting at the coming election. He says if the Moderates obtain a two-thirds majority, they will be able, under article 115 of the Constitution, to change the fundamental law of the republic.

Canizares predicts that the policy of the Moderates will follow that of conservatives in other countries, restricting the suffrage by educational tests; preventing the popular election of alcaldes and governors, and increasing the prerogatives of the executive. He says the plan for retiring from the polls would give the government fifty members of the House next April, while the opposition would have only thirteen.

Señor Canizares, who did not object to the action of the Liberal party when it was taken, says that reflection now shows him it would be most injurious, and insists that all should vote for Congressmen. The Constitution provides that Congress, by a two-thirds majority of both bodies, may order a constitutional convention, the members of which are elected and have power to make any change.

The annexation bugaboo continues to stalk the editorial columns of certain newspapers, led by the discussion which credits opposition to the Anglo-Cuban treaty to sinister motives. In the discussion it is said that the New York Herald inaugurated its campaign upon the formation of a committee of the economic corporations to fight the treaty, and make greater concessions by a treaty with the United States. It declares that the American people, outside of the Herald and perhaps some other papers in the service of American or Americanized lard-makers and pork packers, "recognize Cuba's rights."

TRY TO SETTLE RONALDS SUIT.

NEW YORK, Oct. 27.—Negotiations were conducted yesterday to settle the suit begun Wednesday by Reginald Ronalds to have set aside the deeds by which his father, Peter Lorillard Ronalds, conveyed to Miss Elizabeth N. Blake certain New York real estate. The elder Ronalds left to Miss Blake sufficient property to give her a large income. Peter Lorillard Ronalds, Jr., called yesterday on the counsel for Miss Blake and remained an hour. He declined later to say anything about the matter, and Miss Blake's attorney was also silent.

BIG PACKERS' LAND DEAL.

Negotiations Entered Into for About Three Million Acres in Wyoming.

[BY DIRECT WIRE TO THE TIMES.]

CHEYENNE (Wyo.) Oct. 27.—[Exclusive Dispatch.] Swift, Armour, Cudahy and Morris, the four principal packers of the country, hope to become independent of the cattle growers as a result of a land deal of large proportions now being negotiated with the Union Pacific Railroad Company.

The proposed deal involves all undeeded land owned by the company in Wyoming, about three million acres. Appraisers representing both sides are appraising it, and it is probable that they will value it at about $2 an acre. The grazing afforded by this land would support 1,500,000 head of cattle the year round.

The land lies on both sides of the Union Pacific main line, and embraces 4000 sections. It includes the entire Red Desert, a fine winter range for sheep. Every effort has been made to keep the negotiations secret. The appraisers are at Green River.

PRESIDENT'S BIRTHDAY FINDS HIM STILL SAFE.

Chief Executive Has Narrow Escape in Collision of Vessels.

Is Thrown Across Stateroom and Scratched by the Broken Glass When British Fruit Steamer Esparta Rams the Lighthouse Tender Magnolia on Which He Was Being Conveyed Down the Mississippi.

[BY DIRECT WIRE TO THE TIMES.]

NEW ORLEANS, Oct. 27.—[Exclusive Dispatch.] An English ship captain, W. M. Rose, commanding an English steamship, the United Fruit Company's vessel Esparta, late last night refused the signals from the lighthouse tender Magnolia, bearing the President down the Mississippi River, and in the confusion that followed, rammed the Magnolia in the side, so that she had to be beached to keep from sinking.

The President, according to the report received here, was reading in his stateroom at the time, and was thrown across the room and scratched on the hands by the broken glass of the window, smashed by the collision.

News of the accident, which occurred at Sixty Mile Point, below the city, reached New Orleans at 4 o'clock a.m., and two powerful tugs with scanty half crews, without provisions or cooks, started on a race down the river.

The entire city is talking of the accident, and regret that the memorable departure of the President from this city had been thus marred was generally expressed, together with thankfulness that the accident, which might have been disastrous, did not prove serious. The accident occurred in a lonesome stretch of the river, and it was only with difficulty that the officers of the Magnolia and the Esparta summoned aid.

The consort of the Magnolia, the lighthouse tender Ivy, was too far ahead for signalling, and an officer had to go ashore in a skiff, clamber through the brush on the river bank, and walk to a telephone. There he telephoned down the river for the Ivy to be stopped and brought back. After this, two tugs were summoned from New Orleans.

The Mayor and the Governor wired their congratulations on the President's escape to the West Virginia by wireless.

Commander Sears of the Magnolia wired a brief official report to Washington.

The towboat officials estimated the damage to the Magnolia at about $10,000, and said she would have sunk had the accident not occurred where its own force threw the ship on the shore.

The two members of the Magnolia who talked, said that the President was thrown violently across his stateroom by the accident, and that both his face and hands were scratched to some extent. They say that he hurried on deck fully dressed, and watched the beaching arrangements with the greatest interest, saying: "Excellent, excellent."

After the ship was safely ashore and tied there, he went back to sleep, and did not get up again until the Ivy arrived at the bar.

WAS A NARROW ESCAPE.

[BY THE ASSOCIATED PRESS—A.M.]

NEW ORLEANS, Oct. 27.—After a narrow escape from losing his life in an early-morning collision, in which the lighthouse tender Magnolia, on which he was traveling, was so much damaged that he had to abandon her, the President is now safe on board the armored cruiser West Virginia.

The first news of the accident reached New Orleans by telephone at an early hour this morning, coming in the shape of an appeal for help from Capt. Rose of the United Fruit Company's steamer Esparta, which was the vessel reported in collision with the Magnolia.

Capt. Rose gave no details except saying that the boats had struck each other; that the President was injured, and that the Esparta might have to take him on board and carry him to the mouth of the river. The message came from Nairn, La., near which point the accident occurred.

The Magnolia left here at 6:30 last night and the Esparta was due to arrive today at Chalmette. The weather was fine, with comparatively little wind on the river. In his report, Capt. Rose said the Magnolia was ashore. Immediately upon the receipt of the news, the powerful tugs P. Wilmot and R. D. Wood left New Orleans, to go at full speed to the scene of the accident.

Meanwhile, however, the President's party had managed to get in communication with the lower part of the river, where it was known that the lighthouse tender Ivy was lying. At 1 o'clock the operator at Pilot Town was rung up by Maj.-Gen. Hill, the government engineer, with word that the Ivy should be sent to Six Mile Point with all possible speed. The Ivy got under way and covered the forty miles in rapid time. The President, Secretary Loeb and Surgeon-Gen. Rixey, with their baggage, were immediately transferred, and the Ivy proceeded down the river. When the Ivy passed Pilot Town on her way down, she signaled that the President and party were all well. The West Virginia is equipped with wireless telegraph.

At 9 o'clock the Ivy reached Port Eads. The President and his party were on deck. The tender did not stop, but immediately passed out into the Gulf. The West Virginia was in plain sight. The tender quickly covered the distance separating the two vessels, and as the Ivy appeared, a Presidential salute sounded from the warship. The matter of transferring, after the Ivy reached the big ship's side, was a matter of but a few moments, the weather being fine and clear, with little sea running.

At 9:40 o'clock the President stepped on board the West Virginia, safe and sound, after his exciting experience. The West Virginia had already lifted her anchors, and before 10 o'clock she started on her journey up the coast.

The lighthouse tender Ivy returned from sea, after putting the President on board, and stopped at Pilot Town. Those on board reported that the West Virginia had sailed at 10:05 o'clock. They said that the President was in excellent spirits and unshaken by the accident. At the time of accident, the President, worn out by his strenuous experience in New Orleans, was fast asleep.

The two ships were near the west shore when they came in contact. The prow of the Esparta struck the Magnolia on the port bow. It was not known to what extent the Magnolia might have been injured, and there was great haste in pushing her ashore. Both vessels grounded, but the Esparta got off under her own steam and was found not to have suffered any damage.

The President showed no excitement when informed of the extent of the disaster. He dressed immediately, and those of his party hurriedly made arrangements for his transfer to the Ivy.

The Esparta was bound inward with a cargo of fruit from Port Limon, Costa Rica. The lessees are Boston people.

WEST VIRGINIA'S REPORT.

[BY THE ASSOCIATED PRESS—A.M.]

UNITED STATES FLAGSHIP WEST VIRGINIA, Oct. 27.—[Via New Orleans, by Wireless.] At 11 o'clock last evening, through confusion of signals, the fruit steamer Esparta collided with the lighthouse tender Magnolia, which was conveying the President, Secretary Loeb and Dr. Rixey to the cruiser West Virginia. The rail and port bow of the Magnolia were damaged, and two or three holes made in the vessel below the water line. No one was hurt. The Magnolia, immediately on being struck, was beached, her bow being high and dry. After a careful examination of the damage to the vessel, it was evident that there was no danger, and the President and his party went to bed.

Maj. Craighill of the United States Engineers, was aboard the Magnolia. His ship, the Ivy, a sister ship of the Magnolia, had preceded the Magnolia, and was some distance ahead. A boat was immediately put off for the nearest telephone, about a mile and a half away, and the order given to head the Ivy off at Pilot Station and have her return for the President and his party. The transfer was made at 3 o'clock this morning. The vessel got under way immediately, and the West Virginia was boarded on scheduled time.

THE PRESIDENT'S DAUGHTER.

NEW YORK, Oct. 27.—Miss Roosevelt, who arrived here last night after her trip across the continent, left for Washington over the Pennsylvania Railroad from Jersey City at 11:16 o'clock a.m. today.

SHE'S NOT ENGAGED.

[BY DIRECT WIRE TO THE TIMES.]

NEW YORK, Oct. 27.—[Exclusive Dispatch.] The daughter of the President is not engaged to be married to Representative Nicholas Longworth or to anyone else. Miss Roosevelt herself is author of the statement, which she made just before leaving here for Washington.

REACHES WASHINGTON.

WASHINGBON, Oct. 27.—Miss Alice Roosevelt, daughter of the President, arrived in Washington at 4:40 o'clock this afternoon, thus completing her long journey from the Orient.

HIS BIRTHDAY IS CELEBRATED.

NOTABLE ASSEMBLAGE OF THE "ORIGINALS" AT ST. PAUL.

Over Four Hundred Covers at the Banquet in Honor of the "Man of the Hour"—President Stickney of the Great Western Discusses Methods of Railways.

[BY THE ASSOCIATED PRESS—P.M.]

ST. PAUL (Minn.) Oct. 27.—The President's forty-seventh birthday was celebrated in St. Paul by the "Original Roosevelt Club," tonight, through the medium of a banquet in the large dining-room of the Ryan Hotel, at which over 400 covers were laid for enthusiastic admirers of Theodore Roosevelt, who, in the language of Gov. Cummins, "was in more senses than one 'the man of the hour.'"

President A. B. Stickney of the Great Western Railway who was assigned to the topic of "The President and the Railroads," said in part:

"It is well known that ever since competitive railways have existed, the actual competition rates have been made by the rebate system. The rebate is the offspring of competition, and is never paid except on competitive business. It probably originated with the railways.

"The ingenuity which is now exercised by both railways and their customers to maintain the secrecy of rebates can be illustrated better than described. Since the injunctions were issued—and the errors of the law are considered imminent—I have been told—I do not vouch for its truth, although I have seen what purposes to be a copy of the contract between shippers and the routing agent—of cases where young men from so-called routing agencies in New York make periodical trips through the Western cities, leaving not bank checks, but packages of actual money, without note or comment, upon certain merchants' desks, taking no voucher nor receipt. Curiously, when these packages are counted, they are found to be exactly a certain percentage, supposed to be 25 per cent. on the amount of freight which such merchants have paid a certain railway company since the last previous visit of the young man, who thus distributes hundreds of thousands of dollars annually."

He continued:

"Stating the gist of the law in a nutshell, the railway companies have an absolute monopoly, and, under the law, fix the price upon that which they alone can produce and which every living man must consume (railway transportation,) and the law makes it a misdemeanor for the customer to 'kick.' Is that a 'square deal?'

"It is wrong in principle, but as long as there are competitive railways, it is of little practical importance, because unreasonable rates cannot be enforced. But, in twenty years, possibly, in ten years, there will be few, if any competitive railways, and it thereby becomes imperative, while we can, to establish these correct principles in law.

"Experience has proven that no commission can be a disinterested board of arbitrators while at the same time it is engaged in the prosecution of the case at bar. Hence, if the recommendation of the President is adopted, the arbitration commission should be appointed for the purpose of arbitrating disputes in respect to rates, and should not be charged with the executive duty of enforcing the provisions of the law, or of their own decisions.

"Mr. Chairman, never before have the American people had a Roosevelt for a President. Never before has a President, in season and out of season, in official documents and on the stump, so courageously stood for the 'square deal.'"

Gov. Cummins of Iowa received cheers when he arose to speak on "The President and the Tariff." He said:

"I trust that a grateful people will during all time, celebrate the day of his birth.

"If we are happy in the character of our leader, we are not less so in the history of our party. The advances to a higher civilization, to better laws, to national greatness—are its advances.

"It is not enough, however, to contemplate merely what has been done. In these days of vast enterprises, of unheard-of accumulation of wealth by a single man, or combination of men, when the laws of the land can be used to foster and protect selfish interests, it is as natural as the recurrence of the seasons that the rich and the powerful should attempt to fasten themselves upon the dominant party and to use it as an instrument to promote their welfare against the common welfare.

"It will require all the virtue of the olden days and all the strength of modern character to resist these aggressions. There is a benumbing spirit which seems to be fascinating some of the members of our party and that has found expression in the phraseology of the gambler—'Stand pat.' I predict that if the party meets disaster and downfall, there will be floating over its retreating columns this miserable maxim, 'Stand pat.' If it is victorious and triumphant, as I believe it will be, the flag that will lead its gallant hosts into the future will bear another motto, an inspiring phrase, 'Move on.'

"The time has come when statesmanship demands that, through reciprocity in some form or other, our farmers shall be permitted to enter foreign markets with their products upon even terms with their competitors everywhere. It will not satisfy them to say that we are prosperous."

Congressman J. Adam Bede handled the topic "The President and Congress" in a witty manner. Bede's speech closed the celebration.

AT HIS BIRTHPLACE.

[BY DIRECT WIRE TO THE TIMES.]

NEW YORK, Oct. 27.—[Exclusive Dispatch.] One hundred members of the Roosevelt Home Club assembled tonight at No. 28 East Twentieth street, where the President was born, to celebrate the forty-seventh anniversary of his birth over a fowl and a cold bottle. Senator Thurston of Nebraska was the principal speaker.

DEADLY THIRST, CLOSE SHAVE.

TRAIN CREW RESCUES A MAN NEAR KRAMER.

Engineer Sees What He Supposes is a Man Lying Between the Rails and Stops—It Proves to be Clothing, but Victim is Found Near by—He Comes from Death Valley.

[BY THE ASSOCIATED PRESS—P.M.]

RANDSBURG, Oct. 27.—A man was rescued from death by thirst yesterday afternoon by the crew of a freight train between Rodrigues and Kramer on the Santa Fé, Conductor Shugarts and Engineer Lee.

The engineer saw what he supposed was a man lying between the rails, and stopped the train. It proved to be a man's coat made into a bundle, with a $400 draft pinned to the upper side. The man was found a little way off, where he had crawled to die, and was taken to Barstow.

After getting some water he begged for more. When a little recovered he said he had come from Death Valley and had two burros, but they had died for want of water near the railroad, and he had been without water for forty-eight hours. He had missed all the stations and was crazed from thirst. The man's name is Richardson.

PORTUGUESE KILL NATIVES.

LISBON, Oct. 27.—A dispatch from the Governor of Portuguese West Africa tells of a sanguinary encounter between troops and natives, October 25. Three thousand natives ambushed a column of Portuguese troops, who fortified themseves in two kraals. The natives surrounded the kraals with earthworks, but after eight hours' fighting the Portuguese captured the earthworks, killing 300 natives. The Portuguese lost fifteen men.

OAKLAND RABBI'S BRIDE.

DENVER, Oct. 27.—[Exclusive Dispatch.] Next Thanksgiving Day, Rabbi Friedlander of Oakland and Miss Dorothy Altman of Denver will be married at the home of the bride's parents here. They met while Rabbi Friedlander was taking his vacation here two years ago. After the honeymoon tour in Florida, they will reside in Oakland.

CHEAP GAS FROM COAL.

Chicago Company Establishing a Three-Million-Dollar Plant.

[BY DIRECT WIRE TO THE TIMES.]

CHICAGO, Oct. 27.—[Exclusive Dispatch.] The People's Gas, Light and Coke Company is making a series of experiments, which have progressed far enough to warrant the establishment of a $3,000,000 plant, and will likely revolutionize the manufacture of gas.

The company has acquired the entire output of the gas coke ovens of the Semet-Colvay Company, at a town recently established within the stockade. A year ago the People's Gas Company abandoned the attempt to manufacture gas from coal, but recent discoveries have shown that excellent gas may be produced from low grades of coal, equal, it is claimed, to more expensive gas made from petroleum.

If the experiments continue successfully along the present lines, cheaper gas will crowd costly oil gas entirely out of the Chicago market, except as it is used to enrich the coal product. Excavations are now being made for vast storage tanks and transformers, and it is evident the company is highly pleased with the result of its experiments.

GROVER FORGOT 'EM.

Former President Grover Cleveland and his wife were visitors in Chicago yesterday, and passed the afternoon at the horse show. With members of their party, they are on their way to Nebraska City, where Cleveland will speak at the unveiling of a statue of J. Sterling Morton. Cleveland would not discuss current topics, pleading that he made it a rule never to talk of public questions while on such a trip.

"But you can talk about woman's clubs?" suggested a woman reporter.

"My dear woman," said Cleveland, placing his hand on her arm and laughing heartily, "I have forgotten all about them."

NON-UNIONIST ACQUITTED.

A jury in Judge Barnes's court returned a verdict, this afternoon, finding John W. Williams not guilty of manslaughter. William, who worked during the teamsters' strike as a nonunion driver, was accused of having shot and killed Bernhard Engstrand. Williams was attacked by a crowd of strike sympathizers, and was compelled to shoot in his own defense. One bullet struck Engstrand. Williams was defended by the Chicago Employers' Association.

HUSTLING THE NEGRO.

"Unless the negro gets a move on himself, he will be entirely out," said Rev. H. N. Bouey, a missionary to Africa, in addressing the national convention of negro Baptists today. "The white man claims this country, and is now taking Africa from him. The negroes are in charge of Liberia, and that's all. What are we to do? We have no home here, and but little anywhere else."

BOOM FOR KANSAS.

[BY DIRECT WIRE TO THE TIMES.]

TOPEKA (Kan.) Oct. 27.—[Exclusive Dispatch.] Gov. Hoch today received a letter from James Weir Graydon of London, proposing the erection of a Roosevelt peace tower 1200 feet high. This should be followed, he suggested, by a permanent exposition in the center of the United States. Kansas, being in the "center" of the country, was probably the cause of the Englishman's addressing Gov. Hoch. A favorable reply will be made to the letter.

WRECKAGE OF KALIYUGA.

[BY DIRECT WIRE TO THE TIMES.]

DETROIT (Mich.) Oct. 27.—[Exclusive Dispatch.] Wreckage from the missing steamer Kaliyuga, sighted by the steamer Lillie Smith on Lake Huron, establishes beyond a doubt that the ship foundered in the great gale of last Thursday. As a heavy sea was running, the Smith could not make a thorough investigation to discover the nameboards on the wreckage. The twenty men composing the wrecked vessel's crew have undoubtedly perished.

WOULD KILL COMMISSION.

Attempt on Lives of Japan's Peace Men Alleged.

Warship Tried to Run Them Down at Yokohama.

San Francisco Firemen are Buried Under Walls.

[BY THE ASSOCIATED PRESS—P.M.]

SEATTLE, Oct. 27.—What is pictured as a deliberate attempt to murder several members of the Japanese peace commission in the harbor of Yokohama is described in a letter to a high official in this city, brought over the steamer Minnesota. The letter was written by a woman prominent in Seattle social circles.

The letter states that after Mr. Dennison and the commissioners had been taken into a launch from the Dakota, the crew of a Japanese torpedo boat came ahead at full speed in an apparent attempt to cut the launch in two. A second launch came between the torpedo boat and the launch carrying the commissioners and received a glancing blow which threw the torpedo boat partly out of its course, with the result that instead of hitting the commissioners' launch squarely amidships, it was hit near the bow, but its entire bow was knocked off and one of the crew was thrown into the sea. The second launch went to the assistance of the disabled craft.

RAISIN PRICES RESTORED.

CUT FAILED TO MOVE THEM.

[BY DIRECT WIRE TO THE TIMES.]

FRESNO, Oct. 27.—[Exclusive Dispatch.] The experiment of getting sales of raisins by a reduction of prices has been pronounced a failure by the directors of the California Raisin Packing Company and last night a return to the original prices was ordered, with the guarantee that the prices would be maintained until January 1. This was done after a long wrangle between the packers wishing low prices and the growers desiring a return to the high prices.

Owing to the slow market in the East, the directors Monday night put down the raisins a cent a pound on seedless and other goods accordingly. Three days were given in which to watch the effect. The reduction failed to get orders and the directors decided that the old prices might as well be gotten as anything under them.

Raisins have been moving slower this year than usual for the month of October. It is claimed by packers in the combine of pickers and raisin growers that the packers outside the combine have hogged the market.

JAP "ART TREASURES."

SOCIETY WOMEN BILKED.

[BY DIRECT WIRE TO THE TIMES.]

PORTLAND (Or.) Oct. 27.—[Exclusive Dispatch.] R. Fukagawa and S. Takata, two Japanese merchants, organized a Japanese society of art admirers and sold shares at $1 each, promising each member an art treasure worth that amount or more. Society women bought largely, and when the awards were made, received articles worth a fifth of the price. The arrests followed of the principals. The hearing is set for Monday.

OCEANA ISLAND RICH.

GUANO AND EX-CANNIBALS.

[BY DIRECT WIRE TO THE TIMES.]

SAN FRANCISCO, Oct. 27.—[Exclusive Dispatch.] The British tramp steamer Croyden arrived yesterday from the South Seas, bringing the first details for years from Oceana Island, a solitary coral islet near the Gilbert group. Formerly no Europeans ever visited the island, but lately it has been found to be a regular bonanza for bird guano, and the Pacific Phosphate Company, a British corporation, has obtained a lease. The Croyden brought 1000 tons of guano.

The officers of the steamer say there are over a hundred thousand tons of phosphate of lime on the island. The natives now wear a few clothes, but they will not work. They cannot even be induced to load guano, and Gilbert Islanders must be hired. Formerly they were naked cannibals, and once a month they hold a banquet that in many features is savage. They are ruled by a queen who wears a calico "Mother Hubbard."

The British government has a protectorate over the island, and has shipped to the natives all their warlike weapons.

SANTA CLARA GRAND JURY.

QUESTION OF LEGALITY.

[BY DIRECT WIRE TO THE TIMES.]

SAN JOSE, Oct. 27.—[Exclusive Dispatch.] The present grand jury will complete its labors at the request of Judge Welch of the Superior Court within the next two weeks, and will be discharged from further service on Monday, November 12.

Legal objection to the standing of the grand jury has been raised as a results of many of their acts, and while Judge Welch has held that the grand jury as now constituted is legal, there has been a question which it has been decided to settle with the dismissal of that body.

SLOPE BRIEFS.

Every Floor Carried Away.

SEATTLE (Wash.) Oct. 27.—The sixth floor of the Lowman and Hanford building, a steel structure under course of construction, collapsed today. Every floor was carried away, and tons of cement went crashing into the basement. Roy Campbell and Mike Manix, workmen employed about the building, were painfully injured. It is supposed that the cement floors were too heavy for the supports.

Each Executor Entitled to Attorney.

SAN FRANCISCO, Oct. 27.—The First District Court of Appeal has decided that, where there are two or more executors of an estate, each executor is entitled to an attorney of his selection, and that a reasonable allowance for fees is chargeable to the State. In the same opinion, the right of an executor who might be in a minority of three or more to engage his own counsel is upheld.

NORWAY'S NEW RULER.

STOCKHOLM (Sweden) Oct. 27.—King Oscar has definitely and formally declined the offer of the Norwegian throne to a Prince of the House of Bernadotte and in a letter to the president of the Storthing finally severs his connection with Norway. A dispatch from Paris says information reaching the highest quarters shows that different arrangements have been made, by which Prince Charles of Denmark will accept the throne of Norway, following a plebiscite November 17. Prince Charles will leave Denmark to assume the royal functions, immediately after the notification of his election is conveyed to him.

THAT WONDER OF THE WORLD.

PANAMA CANAL TO HAVE THE ATTENTION OF TAFT.

Secretary of War Left Last Night for Colon to Make a Personal Investigation of Needs of the Proposed Waterway and Present the Same to Congress for Decisive Action.

[BY THE ASSOCIATED PRESS—A.M.]

WASHINGTON, Oct. 27.—Secretary of War Taft will leave Washington, tonight, for Hampton Roads, and from there will sail for Colon, tomorrow morning, on the cruiser Columbia. He will make a comprehensive personal investigation of conditions at Panama, and inform himself at first hand of the needs of the canal, his views to be presented to Congress. He will have a personal interview with Gov. Charles Magoon, and will consult with Chief Engineer Stevens to gain information which cannot be adequately contained in written reports.

A number of officials connected with the Taft Fortification Board will accompany Secretary Taft to secure preliminary information as to needed fortifications at the terminals of the canal. The party will consist of Secretary Taft, Col. J. P. Storey, Col. Clarence R. Edwards, Lieut. L. M. Black, Maj. George W. Goethals and Lieut. Mark Brooke, the last three officers named being of the Corps of Engineers. Col. Edwards is the chief of the Insular Bureau, through which the administrative affairs of the canal have been transacted.

Secretary Taft, at the earnest request of officials of Panama and the United States, has timed his visit so as to be in Panama November 3, the second anniversary of the independence of the Republic of Panama.

The officials believe that his presence on this account will do much to strengthen the relations between this government and the Isthmian republic. He expects to remain on the isthmus a week or ten days, and will return to Washington by November 15.

METCALF'S CLOSE SHAVE.

ECONOMY IN HIS LINE.

[BY DIRECT WIRE TO THE TIMES.]

WASHINGTON, Oct. 27.—[Exclusive Dispatch.] Secretary Metcalf of the Department of Commerce and Labor has closely shaved his estimates of needed appropriations for his department for the year ending June 30, 1907. The appropriation asked for the coming year aggregates $11,263,938.15, or $2,532,051.57 less than the estimate for the present year, and $232,380.13 less than the actual appropriation for the fiscal year ending June 30, 1906.

Asked today how this big saving was brought about, the Secretary said that several new methods of business had been introduced, especially was this done in the smaller bureaus of the department. Heretofore, practically every bureau was acting independently in the matter of sending out mail and disbursing accounts. Under the new management, some of the disbursing officers will be dispensed with. Mail will be sent out under the new management.

Another big saving will be made in the contingent fund. This year the main contingent fund amounted to $75,000. About one-half of this amount will be used. Small contingent funds made for the Bureau of Fisheries, Geodetic Survey, Bureau of Manufactures, Steamship Inspection Service and Lighthouse Board have been curtailed to a great extent, as the Secretary found by investigation that last year's contingencies will not be used.

GOVERNMENT PRINTING.

GREAT SAVING POSSIBLE.

[BY THE ASSOCIATED PRESS—P.M.]

WASHINGTON, Oct. 27.—Acting Public Printer Ricketts today made several suggestions for the saving of money to the government in its public printing to the Joint Committee on Printing of the Senate and the House of Representatives. A volume of 4800 pages was exhibited by Ricketts, being one of twenty-four such volumes issued annually by the Patent Office and containing pictures of patents issued. It was the belief of Ricketts that $100,000 a year might be saved in the Patent Office printing alone by a condensation of the subject matter. He also ventured the information that the $40,000 annual appropriation for franked envelopes for members of the Senate and House was more than the actual requirement.

By reason of the wages of the employés of the government bindery being 25 per cent. higher than in commercial offices, Ricketts was of the opinion that much of the binding done for the government could be done outside with a great saving to the government. He expressed the opinion that 20 per cent. of the present cost of composition is due to corrections in proofs, which expense, he showed, could be saved by more careful editing before sending copy to the printer.

Representative Landis, chairman of the committee, took occasion during the hearing to say that he thought that vanity is in a measure responsible for the immense amount of printing turned out by the Printing Office. The proportion was, he thought, largely dependent upon the prominence of the authors' names on title pages.

BATH FOR THE CAPITOL.

PREPARATION FOR CONGRESS.

[BY DIRECT WIRE TO THE TIMES.]

WASHINGTON, Oct. 27.—[Exclusive Dispatch.] In preparation for the opening of Congress, the Capitol will have a bath next week. One of the newest fire engines in the District of Columbia will pump cold water over the gray walls of the great edifice until they stand forth in much lighter hue.

WASHINGTON BRIEFS.

Employee Repelled Boarders.

WASHINGTON, Oct. 27.—[Exclusive Dispatch.] For refusing to take a sailor in uniform for a boarder at his house because sailors in general are held in small esteem in his town Secretary Bonaparte today ordered the dismissal from the service of an employé of the Nofolk Navy Yard.

KIEFF COMPLETELY ISOLATED.

BRESLAU, Oct. 28.—A special dispatch from Kieff says that the city is completely isolated and telegraphic communication is interrupted. Patrols are on guard everywhere. A detail of troops in the suburb of Muranoff this afternoon fired four volleys into a crowd, killing two persons and wounding many.

STANDARD OIL MONEY IN THE SANTA FE.

[BY DIRECT WIRE TO THE TIMES.]

TOPEKA (Kan.) Oct. 27.—[Exclusive Dispatch.] At the meeting of the shareholders of the Atchison, Topeka & Santa Fé Railroad, it was brought out that the Standard Oil Company owns $27,000,000 of the stock of the company. The amount of common and preferred stock of the railroad company is $116,000,000.

The fact that the Standard Oil was in the Santa Fé company was brought out by the remark of one of the directors, that the reason the Southern California Railway was not taken into the Santa Fé system at the last meeting was due to the fact that the Standard Oil interests were not represented at that meeting, and because of this there were not enough votes in favor of the absorption of the Southern California.

With the Standard Oil's $27,000,000 represented yesterday, the necessary three-fourths vote was obtained, and the Southern California was taken in.

MONEY SUCCEEDS STEWART.

[BY THE ASSOCIATED PRESS—P.M.]

TOPEKA, Oct. 27.—The appointment of E. L. Mooney to be assistant general auditor of freight receipts of the Santa Fé Railroad, with headquarters at Topeka, was announced here today. Mooney succeeds J. D. Stewart, resigned. He has been chief clerk to W. J. Healy, general auditor of freight receipts. The appointment is effective November 1.

SEPTEMBER OPERATIONS.

[BY DIRECT WIRE TO THE TIMES.]

BOSTON, Oct. 27.—[Exclusive Dispatch.] The Atchison reports September operations as follows: Gross earnings, increased $30,491 and net, $7512; gross earnings, $6,457,831; net, $2,605,664; taxes and rentals, $196,027; income from operations, $2,409,636; three months' gross, $13,100,777; net $6,609,385; taxes and rentals, $566,619; income from operations, $6,042,765.

NEW YORK'S SUBWAY.

BIG PAYING PROPOSITION.

[BY THE ASSOCIATED PRESS—A.M.]

NEW YORK, Oct. 27.—One year ago, the subway opened to the public. A hundred and six million passengers have since paid a nickel apiece to ride in it. It has realized the wishes of those who for years had waited for a railroad that would send them to "Harlem in fifteen minutes."

During its first quarter, it achieved the record of earning a surplus, and at the end of its second quarter it had accumulated a surplus of $1,500,000 over fixed charges and payments into the sinking fund.

ESPEE HOSPITAL CAR.

NOVEL BERTH ARRANGEMENT.

[BY THE ASSOCIATED PRESS—A.M.]

CHICAGO, Oct. 27.—An especially-designed hospital car of the Southern Pacific Railway, which was on exhibition at the Rock Island station yesterday, contains an operating room equipped with all appliances such as can be found in the most modern hospital. The car is equipped with a dietary kitchen, to be used when the car is leased for the transportation of an invalid.

Another novel feature is the arrangement of berths. When not in use, these berths are sunk into the floor, leaving the entire floor space in the main section of the car free, with movable chairs for seats. Each berth has a regular spring and mattress like an ordinary bed, and can be raised or lowered to any convenient height from the floor, to permit an attending nurse or doctor to get at the patient easily.

SEEKING PACIFIC COAST.

BURLINGTON EXTENSION.

[BY DIRECT WIRE TO THE TIMES.]

CHICAGO, Oct. 27.—[Exclusive Dispatch.] The Burlington is said to have joined companies which are seeking Pacific Coast outlets. It is stated that the Guernsey branch is to be extended along the valleys of the Platte and Sweetwater rivers, paralleling the Union Pacific within a hundred miles of it, for a distance of 415 miles.

Railroad men declare that it is the purpose of the Burlington to extend to Salt Lake City, and that it is likely the entry there will be made about the time Gould's Western Pacific reaches the Coast. This would indicate a coming alliance between the Hill and Gould forces. This opinion seems to be borne out by the recent retirement of Harriman from the Rio Grande Western, and the retirement of Gould from the Union Pacific board.

It may be possible that Hill's ambition will carry him to San Francisco, and that Harriman's will take him to Seattle.

NEW YORK CENTRAL CARS.

ORDER FOR 25,000 MORE.

[BY DIRECT WIRE TO THE TIMES.]

NEW YORK, Oct. 27.—[Exclusive Dispatch.] Orders have been placed by the New York Central road with manufacturers for 25,000 cars, calling for an expenditure of $25,000,000. This order exceeds the one placed last week by the Pennsylvania road for 21,000 cars, and is regarded as the largest single order for equipment that has ever been placed by a railroad in this country.

IN THE NORTHWEST.

VAST AMOUNT OF WORK.

[BY DIRECT WIRE TO THE TIMES.]

PORTLAND (Or.) Oct. 27.—[Exclusive Dispatch.] The North Pacific Coast States are just at present the theater of action in a vast amount of railroad building. General contractors have, during the past week, awarded the sub-contracts for construction of the Portland and Seattle Railroad, from Kennewick, Wash., to Portland, via Vancouver., Wash., bridging the Columbia River at Vancouver and the Willamette at Portland. This road, for a distance of 230 miles, is on a water-level route of slight curvature, and is the joint enterprise of the Northern Pacific and Great Northern, over which trains of both roads will come into Portland, and in addition, the through trains of the Burlington system. This road is to be completed within fifteen months at a cost of about twelve million dollars.

Between Lewiston, Ida., and Riparia, Wash., construction crews are engaged in building a joint line of the Oregon Railroad and Navigation Company and the Northern Pacific.

From Lewiston to Grangeville, Ida., the Northern Pacific is constructing a branch to connect with this, traversing the Idaho wheat section.

Grading has been started, but work suspended on the Portland, Nehalem and Tillamook, which has been taken over by the Pacific Railway and Navigation Company, independent, formed by E. E. Lytle, who recently sold the Columbia Southern to Harriman, to build to the Coast in almost a direct line from Portland to Tillamook and Nehalem.

The Southern Pacific Company has work under way on the line from Drain to Coos Bay, eighty-one miles, the rails ordered to be all laid in one year.

The Oregon Railway and Navigation Company has work progressing rapidly on the extension from Elgin to Joseph, Northeastern Oregon, seventeen miles, to be extended further.

Three hundred and fifty men are working on the McCloud River Railroad from Upton, Cal., building toward Klamath Falls. Work also is reported under way on the California Northeastern from Weed, for same point. The connections are not known.

The Medford and Crater Lake Railroad is just completed, thirteen miles, from Medford, Or., to be extended. There are several other projected extensions, but these are all on which work is in progress.

HARRIMAN AND HILL.

COMPLIMENTS OF SEASON.

[BY DIRECT WIRE TO THE TIMES.]

NEW YORK, Oct. 27.—[Exclusive Dispatch.] James J. Hill, president of the Great Northern Railroad, and E. H. Harriman, head of the Union Pacific, leading figures in the railroad world, and opponents in a bitter railroad war, which is being waged by the rival interests in the West, arrived in this city today, Hill returning from St. Paul, and Harriman from his trip to the Orient.

Each paid his compliments to the other in characteristic terms, when asked concerning the hostile attitude of the Union Pacific and the Burlington toward one another. The two roads have obtained restraining injunctions against each other in a dispute over rights of way along the North Platte River Valley route.

"The Union Pacific is in the best possible condition of any of them—of any railroad west of the Missouri," said Harriman. "It has little or nothing to fear, nor does it care."

Hill observed, with an air of mock seriousness: "I am glad to hear that Mr. Harriman is feeling so good. Yes, it is undoubtedly a reflection on the Hill roads, but, then, the Hill roads are all crippled, and will soon be going out of business."

Hill would not discuss the purposes of the Great Northern's new $25,000,000 stock issue, saying he did not believe the public was interested in the matter.

TO SANTA ANA.

DOLLAR ROUND TRIP.

The passenger department of the Pacific Electric Railway has fixed upon a rate of $1 for the round trip over the new Santa Ana line, which will be opened to the public November 5, or at the rate of about a cent and a half a mile for the sixty-five miles of the round trip. The fare one way will be 65 cents, and special low commutation rates will be made to regular travelers. The schedule for the running of the cars has not yet been completed, but the management gives the assurance that it will fully meet the demands of the traffic over this branch of the system.

NATION FACES TRADE CRISIS.

MINISTER BARRETT DECLARES EUROPE BUTTS IN.

The Next Five Years Will Determine, He Thinks, Whether United States or Old World Lands Shall Control the Commerce of South American Countries.

[BY THE ASSOCIATED PRESS—A.M.]

NEW YORK, Oct. 27.—"The United States is facing a critical epoch. The next five years will determine whether this country or Europe is to be the dominant force in South America. Germany, England, France, Spain, even Holland and Belgium, are making tremendous efforts to capture the Latin-American market. Unless we change our attitude quickly, we shall wake up to find that we have been distanced in the race."

John Barrett, United States Minister to Colombia, who is now in this city, spoke thus at a reception given in his honor by the Ibero-American Club last night.

"The question of American trade with the Orient," continued Mr. Barrett, "I consider of greatly less importance at the present time than that of our trade with South America. South America is of far more consequence to us than Asia. The foreign trade of all Japan is no greater than that of either Argentina or Brazil.

"The hour is a critical one, and European countries recognise it. By establishing steamship lines and by sending out high-class consuls and confidential agents, they are doing everything in their power to capture the trade supremacy. South American development will astonish the world, and it is very near."

GERMAN AGREEMENT.

[BY THE ASSOCIATED PRESS—P.M.]

BERLIN, Oct. 27.—A private conference took place, today, in the rooms of the Commercial Treaty Association regarding the proposed new trade agreement with the United States. It was attended by many representatives of important commercial interests.

Representatives of the Foreign Office, the Interior Department and the Prussian Ministry of Commerce were present and stimulated discussion by asking suggestions as to the lines that Germany's requests to the United States should take. The prevailing tone of the meeting was serious, and there was an evident desire to reach a basis that might be acceptable to the United States without impairing German trade.

CASTRO'S SILENCE DISTURBS.

PARIS, Oct. 27.—Official advices received here from Venezuela say that President Castro has not yet announced what he intends to do. Therefore, the authorities here do not confirm the reports that an agreement is iminent upon the basis of President Castro and M. Taigny, the Frenchcharge d'affaires, both withdrawing their notes as a preliminary to adjusting the controversy regarding the French Cable Company. However, such a basis finds favor in official quarters, and the negotiations tend toward an adjustment along such lines, President Castro's silence alone deferring a determination.

GETS DOLLAR A DAY FOR LIFE.

ST. LOUIS, Oct. 27.—Mrs. Sarah J. Westervelt yesterday was awarded damages of $1 a day for the rest of her life, estimated at fifteen years, in her suit against the St. Louis Transit and United Railways Companies, for injuries received in a street-car collision. She is 54 years old. Judge Barclay, before whom the suit was tried, figured with insurance actuaries, and in his address gave the jury the estimate of the plaintiff's life term, which served as the basis of the verdict. The woman was awarded $6000.

RUMPSTERS FORM LEAGUE.

"Federal Rate Regulation Association" Born.

Supporters of the President Keep Old Organization.

Latter Raises Large Fund for Propaganda Work.

[BY DIRECT WIRE TO THE TIMES.]

CHICAGO, Oct. 27.—[Exclusive Dispatch.] Out of the clash between opposing delegates to the Interstate Commerce Law Convention, which was fractionally divided Thursday, developed today two distinctive platforms relating to railroad rate legislation.

The "regular" convention, the champion of the utterances of President Roosevelt, embodied in a resolution the ideas of the Chief Executive.

The so-called "rump" convention, headed by David M. Parry of Indianapolis, and made up of men who refused to pledge themselves to the President's plan, adopted resolutions admitting the existence of railroad rate evils; calling upon Congress to enforce existing laws against violations of the same and to provide necessary legislation, but emphatically protesting against the investiture of additional authority upon any appointive body such as the Interstate Commerce Commission.

NEW ORGANIZATION.

As a result of the diametric opposition among the delegates, there developed the organization of a new national body to rival the Interstate Commerce Law League, the Parry convention forming a permanent association to be known as the Federal Rate Regulation Association.

"REGULARS" TAKE ACTION.

The Interstate Commerce Law League reappointed E. P. Bacon of Milwaukee chairman of the Exec. 've Committee; $10,000 was subscribed for propaganda work, and a committee was appointed to visit the President, to inform him of the action of the convention.

Tonight, the committee sent a telegram to the President, advising him of the action taken by the convention.

SOME DISCORDANT NOTES.

Both conventions were conspicuously quiet, as compared to the exciting incidents of the day before. The only discordant note sounded in the "bolters" convention was by J. W. Van Cleave of St. Louis, who took exception to the censure of private car lines and industrial terminals.

In Steinway Hall, the "regulars" poked considerable fun at David M. Parry, president of the National Association of Manufacturers and leader of the opposition. Anthony Ittner of St. Louis started the excitement in announcing his subscription to the campaign fund.

"My name is Anthony Ittner," he said, in a loud voice. "I am a member of the National Association of Manufacturers, of which D. M. Parry, head of the 'rump' convention, is the leader. On behalf of that association, I subscribe $200 to this cause, and if the association does not pay it, I will."

This announcement produced applause, and was followed by an announcement by President Simpson of the Fox River Valley Manufacturers' Association that his organization, as an affiliated part of the National Association of Manufacturers, would subscribe $200, and that it would help Ittner pay his subscription, if his association would not honor it.

The Steinway Hall convention adjourned early in the afternoon, after which the Executive Committee held a short meeting to elect officers.

CAMPBELL NO SOCIALIST.

[BY THE ASSOCIATED PRESS—A.M.]

CHICAGO, Oct. 27.—When the Steinway Hall convention, the so-called "regular" body of delegates, assembled today, former Lieut.-Gov. Campbell of Iowa took occasion to deny a report intimating that he was a Socialist. Incidentally, he criticized Mayor Dunne's municipal ownership idea.

Murdo McKenzie of Trinidad, Colo., president of the American Stock Growers' Assiciation, predicted that Congress at its next session would adopt radical railroad rate legislation which would surprise the most ardent supporters of the President's policy.

CALL READS RESOLUTIONS.

Joseph H. Call of California presented the report of the Resolutions Committee of the "regulars," specifically agreeing that the method recommended by President Roosevelt is "the only constitutionally effective method for the supervision of rates, classifications and practices." The resolutions were adopted.

Chairman Hughes appointed an Executive Committee to serve for the ensuing year, headed by E. P. Bacon of Wisconsin.

The Finance Committee submitted a report recommending that a fund of $10,000 be raised to send a delegation to Washington during the next session of Congress, to work for the passage of the desired legislation. The plan of the committee was approved and $7000 of the fund was raised by contributions made by the delegates.

After an invitation had been received to hold the next meeting at Houston, Tex., the convention of "regulars" adjourned until tomorrow.

"RUMP" MAN'S IDEA.

At the Studebaker Hall convention, Delegate Lane of Alabama made a plea for careful consideration of the question under discussion. In speaking of the need of immediate legislation, Lane said: "In six months the traffic managers of the different railroads of the country could agree on a blanket law of rates which would be fair to all. This is the day of the demagogue and the Socialist, and we must stop and consider things in a careful light before those forces run riot with us."

D. M. Parry made an address favoring the formation of a permanent organization, while Daniel Davenport caught the fancy of the convention in a speech attacking E. P. Bacon of Milwaukee, a leader of the rival convention.

THE RESOLUTIONS.

At the Studebaker Hall convention, the following report of the Committee on Resolutions was read:

"We declare, as a fundamental basis of our deliberations and of our purpose, an unquestioning faith in the wisdom, integrity and high purpose of President Roosevelt; our appreciation of his influence which permeates every branch of government, every industry and all development of the entire nation, and our confidence in his leadership. We recommend definite action by this convention looking to the establishment of a permanent organization which shall be representative of every State and Territory in the Union and shall be the nucleus for all further work that shall become necessary hereafter to carry out the expressed will of this association.

"To that end, we suggest the selection of a general committee which shall be charged with the duty of transmitting to Congressional Committees on Interstate and Foreign Commerce during the next session, the action of this convention. We are unalterably opposed to conferring upon the Interstate Commerce Commission or any appointive agency the power to prescribe specific rates for transportation, believing that such action would prove a dangerous experiment, inimical to the best interests of commerce and the continued development of this country.

"Recognizing existing evils connected with the transportation interests of the country, viz: all forms of rebates or favoritism extended to one individual or locality, to the disadvantage and detriment of others, private car lines, industrial terminals or switching lines, manipulation of freight classification, unfair and unequal distribution of freight equipment, etc., we demand the most rigid enforcement of laws which, if found to be inadequate, should be so amended as to provide speedy, efficient and permanent relief.

"We recognize the great and almost universal dissatisfaction with the interstate commerce laws, as now administered or enforced, due to the delay in reaching a determination of questions demanding early and final settlement, and we urge upon Congress the imperative necessity for providing the necessary machinery for relief."

It was decided to send a copy of the platform as adopted direct to the White House by a committee of five. The committee which will go to Washington and present the resolutions to the President is as follows: E. P. Bacon, Wisconsin; J. H. Call, California; S. B. Burnett, Texas; R. W. Higbie, New York, and S. H. Cowan, Texas.

At the conclusion of the regular convention, the Executive Committee met and organized for the ensuing year by electing these officers: Chairman, E. P. Bacon, Wisconsin; Vice-Chairman, J. E. Howard, Kansas; Secretary, Adolph Muller, Illinois; Treasurer, H. S. Lyon, Illinois.

It was decided by the Executive Committee to organize in every State and enter upon a vigorous campaign for the success of the Roosevelt rate regulation plan. According to present plans, a strong lobby will be sent to Washington at the next session of Congress, and business and commercial bodies in each State will be asked to petition United States Senators in their respective States, to vote for the Roosevelt measure. In addition to this, the proceedings of the convention will be published and distributed, along with other literature, in the interest of the government.

After several amendments to the report, submitted by the Resolutions Committee of the "Anti's" had been considered, the report presented was adopted by a unanimous vote. The resolutions as adopted declare "the railroads shall be kept within their definite rights," and that "such legislation be taken as will remedy existing evils."

Beside the board of vice-presidents, President McLeod was authorized to select a board of twelve delegates-at-large to formulate the by-laws and rules of the association. Among the vice-presidents elected are: A. C. Rolufson, San Francisco; A. B. Moss, Payette, Ida.; former Governor B. F. White, North Dakota; Wallis H. Nash, Oregon; Joseph Geohegan, Salt Lake, and Mr. Goldsmith, Seattle.

FLASHES FROM THE WIRES

President Loubet arrived at Lisbon from Spain yesterday and met with an enthusiastic reception.

Col. Charles A. Clark of Cedar Rapids, Iowa, has been appointed Judge-Advocate-General of the G.A.R.

At Yreka, Jarratt W. Irving has been convicted of murder in the second degree, of killing Henry G. Curran, August 30.

William A. Guer, father-in-law of Clarence E. Mackay, died at Mackay's residence, Harbor Hill, Rosslyn, L. I., yesterday, aged 50.

Old Ned, a pioneer Indian and famous character of Shasta, was killed at Redding by a Southern Pacific freight train yesterday afternoon.

The mill of the Santa Cruz Valley Mill and Lumber Company on Newall Creek has been destroyed by fire, the loss being about $30,000.

Samuel Price Dewitt, an old resident of Marysville, was found dead in his room yesterday. His body was badly decomposed, having been dead several days.

The body of James Riff, a prospector who was lost in Death Valley two months ago, was found yesterday afternoon. The body was partially decomposed and nude.

The Russian prisoners in Japan will be transported to Vladivostok on board vessels of the Russian volunteer fleet, and thence will be returned to Russia in detachments.

The body floating in San Francisco Bay Wednesday morning has been identified as that of Hans Peterson, who had been a sailor on the barkentine Arago. He was single, 47 years old.

During the coming winter and spring many miles of trails will be built in the government forest reserves. One of the chief duties of the forest service is to protect the reserves against fire.

Claiming to have sprained a ligament of his left thumb, Joe Tipman quit after the eighth round of what was to have been a fifteen-round contest with "Young Corbett" of Denver, last night, in Baltimore.

Preparations for the unveiling of the memorial monument to the late J. Sterling Morton, Secretary of Agriculture in President Cleveland's second Cabinet, have been completed at Nebraska City, Neb.

James J. McManus surrendered to the police of Philadelphia yesterday and confessed to the murder of "Scotty" Wilson who, he said, he had, in 1888, thrown from the Brooklyn bridge during a drunken quarrel.

Alleging that his character has been damaged to the extent of $20,000, Thomas W. Lawson has brought suit for that amount against Horace C. Stevens, a well-known copper-mine specialist. He charges libel.

Leo Nickerson, formerly a member of the San José fire department, was found guilty by Judge Welch in the Superior Court there yesterday of having turned in false alarms. The crime is a felony. He will be sentenced next Monday.

The Armitage Orphanage, situated at San Mateo, was entirely destroyed by fire yesterday afternoon. The flames originated in the roof of the laundry, and were caused by a defective flue. The loss is about $15,000, covered by insurance.

At Roseburg, Or., Judge Hamilton yesterday sentenced Tom, George and Antone Mises to ten years each, and Peter Demas to three years in the penitentiary for their participation in the riot at Glenbrook in which Mrs. Pettersoini was killed.

What threatened to be a serious fire broke out last night, on George's Island, at the entrance to the harbor, Halifax. The island contains many valuable buildings, a large magazine and one of the principal fortresses guarding the entrance to the port.

The steamer Umatilla, which left yesterday for Alaska, ran into the steam schooner Aurelia, near Goat Island, San Francisco. The schooner was so badly injured that she was taken to a dry dock for repairs. The Umatilla proceeded on her voyage.

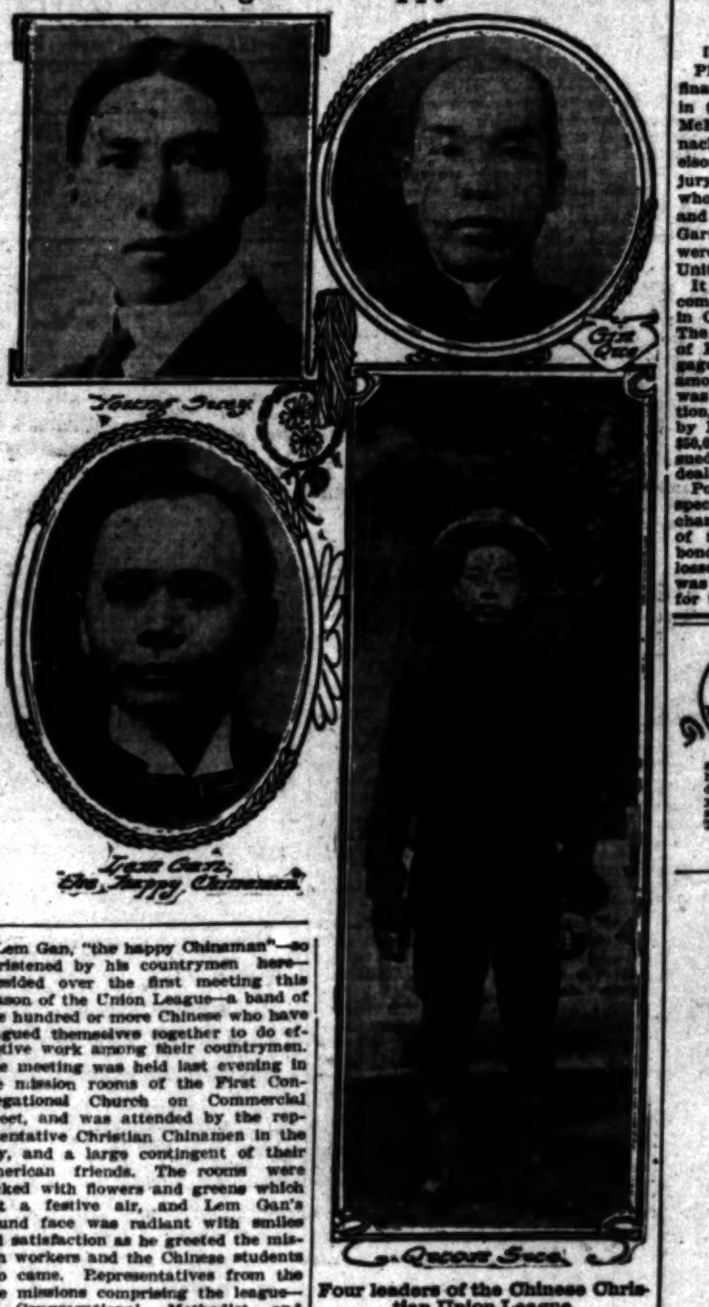
Mission Meeting of "Happy Chinaman."



Four leaders of the Chinese Christian Union League.

Lem Gan, "the happy Chinaman"—so christened by his countrymen here—presided over the first meeting this season of the Union League—a band of one hundred or more Chinese who have leagued themselves together to do effective work among their countrymen. The meeting was held last evening in the mission rooms of the First Congregational Church on Commercial street, and was attended by the representative Christian Chinamen in the city, and a large contingent of their American friends. The rooms were decked with flowers and greens which lent a festive air, and Lem Gan's rotund face was radiant with smiles and satisfaction as he greeted the mission workers and the Chinese students who came. Representatives from the thee missions comprising the league—the Congregational, Methodist and Baptist—some from Pasadena, were present. Mrs. E. M. Findlay, who for many years has had charge of the Congregational mission, was hostess. Seated on the platform were the superintendents of the three missions represented in the league, and Mrs. Dwight and Miss Williams, superintendents of the Congregational and Methodist missions of Pasadena.

Standing at the door was a tall Chinaman, Gin Que, with dignified bearing, who greeted each guest on arrival with a profound bow. His long queue was wound around his head, forming a most becoming crown above his scholarly face. He is distinctively a type of the upper class of his race.

Young Suey, a prosperous merchant, was resplendant in American evening dress. The silk-faced lapels of his dress coat turned back at exactly the right angle from his spotless shirt front and white waistcoat. His shining black hair was parted precisely in the middle, and his collar and necktie were of the fashion most in vogue. Young Suey is the possessor of a remarkably fine tenor voice, and he sang a solo, and, together with Quon Sue, a duet—Fanny Crosby's beautiful "Sometime the Silver Chord Will Loose." Quon Sue is quite another type of Chinaman. He wears his native costume, with the exception of a straw sailor hat which he dons for outdoor occasions, and is a rollicking, jolly little fellow.

Rev. Chan Kiu Sing, pastor of the Methodist mission, spoke earnestly in the English language to his fellow-compatriots of the object and mission of the league, and Teun Ming Cho of the Baptist mission addressed them in their native tongue. Rev. Thomas Hendry, pastor of Trinity Congregational Church, was a guest and gave an address full of inspiration and encouragement, and there were speeches by the mission superintendents and other American guests. At the conclusion of the programme great trays heaped with ices and cakes were served with genuine Chinese prodigality. The league will hold public meetings once every three months, alternating from one to the other of the missions represented

TEMPLE UNION LITERARY.

The literary section of the Temple Union will open its sixth season at the assembly rooms of Temple B'nai B'rith Tuesday, November 7. Leo Cooper of the School of Dramatic Art, who has been invited to be the speaker, has kindly accepted the invitation, and will lecture on "The Merchant of Venice." In the course of that lecture Mr. Cooper will read the famous Trial Scene from the drama. Vocal and instrumental music will complete the programme. Officers will be elected before the programme. The meeting, beginning at 8 o'clock, will be free to the public.

Falling Out of Pittsburgh Frenzied Financiers Revival Company's Assets as Mostly Water.

[BY THE ASSOCIATED PRESS—A.M.]

PITTSBURGH, Oct. 27.—Frenzied finance methods were acted yesterday in the Supreme Court in the case of McElroy & Boyle vs. Albert J. Harnack, E. D. Gartner, Joseph B. Powelson and Perry C. Hamilton. A jury had given McElrop & Boyle, who are brokers, a verdict for $3816, and an appeal was taken by Harnack, Gartner and Hamilton. The three were concerned in the promotion of the United States Fireproofing Company.

It was declared in court that the company bought a piece of property in Ohio, paying for it $15,000 in cash. The property was taken in the name of Harnack, at $40,000, and the mortgage then on it and those he gave amounted to $25,000. The property was then turned over to the corporation, and stock of $1,500,000 was issued by Harnack. Bonds to the amount of $50,000, secured by mortgages, were issued. Harnack was to finance the deal.

Powelson, it is alleged, began to speculate on the Pittsburgh Stock Exchange, and lost a considerable amount of money, putting up $22,000 of the bonds of the company to cover his losses. The real value of the bonds was discovered, when suit was brought for the recovery of the difference.

REVOLT.

(Continued from First Page.)

to the fact. The meeting, which was attended by between 15,000 and 20,000 persons, passed off without a conflict. The troops stationed around the building were withdrawn, but in the court, the City Bourse and other near-by buildings half a dozen companies of Cossacks and strong forces of infantry and dragoons were in readiness to sally forth if necessary.

Big meetings were also held in the Technological and Art institutes and in two engineering schools. The students at neither of these meetings took a prominent part in the deliberations, yielding the hospitality of the college buildings without attempting to cloak the meetings with the guise of student assemblies. With the hope of avoiding further meetings at the university, Trepoff later placed halls in three different parts of the city at the disposition of the people for meetings, thereby practically conceding the demand of the agitators of the right of assembly.

BEGGARS DESCRIPTION.

The scene inside the university beggars description. In the great open air court, with no light except a few flickering candles on a hastily-constructed tribune, from 4000 to 5000 workmen, students and professional men stood, wedged together in the cold and wet snow, listening to revolutionary harangues.

Another great meeting was held in the central hall of the university building and several smaller meetings were held in labor and secret society halls.

In all the sections, a strong minority urged conservatism but these were carried from their feet by the general enthusiasm and resolutions for a general strike in every branch of society were adopted with a hurrah. Even the Chinovniks, in the government service, whose meeting was largely attended, were possessed of the same spirit and passed resolutions to stop all work in the government department tomorrow. This probably will include the government telegraph agency and may put the telegraph and cable service out of commission.

Another resolution which was generally adopted notified the authorities that the assize court building in Litania street must be opened for a universal meeting of all classes at noon tomorrow at which measures will be adopted against any person who is reported as not adhering to the general strike.

REMARKABLE FEATURE.

A remarkable feature of all the speeches was the spirit of confidence that the success of the movement was at hand and the manifest intention, as the Minister quoted in the first part of this dispatch, to force an armed conflict upon the government. The meetings continued far into the night.

In the city, in spite of the absence of disorders, there is a condition of actual panic. Half of the population is compelled to rely on candles or kerosene lamps for light.

The streets are practically deserted at night except for the squads of infantry and cavalry which are everywhere.

The shops began to close in the afternoon, in even the Morskaia, Nevsky and other central streets. Many of the inhabitants shut themselves in their houses, scarcely venturing out to make necessary purchase of food, which has mounted to famine prices.

PLUNDERING AT REVAL.

[BY THE ASSOCIATED PRESS—P.M.]

REVAL (Russia) Oct. 27.—After pillaging the shops of the gunsmiths today, a crowd proceeded to plunder the factories. Troops were summoned and the shops closed. The crowds went in procession through the streets singing revolutionary songs, discharging revolvers and setting fire to the telegraph poles.

The vodka shops and all the government institutions have been closed.

WAGING WAR ON SPIRITUALISTS.

NEW YORK, Oct. 27.—To wage warfare against Rev. May S. Pepper, pastor of First Spiritual Church of Brooklyn and the representatives of the Spiritualists at the World's Parliament of Religions held at Portland, Or., this summer, a society has been organized in this city and an appeal will be made to the members of all churches. The society has engaged an attorney, who will determine whether there is sufficient evidence to present the case to the District Attorney. It is charged that under the cloak of religion, she is professing to be an instrument of communication between the living and the dead, evidently for pecuniary motives.

CLEVELAND ARRIVES IN CHICAGO.

CHICAGO, Oct. 27.—Ex-President Cleveland and his party reached Chicago at 7:40 a.m., today, in a private car over the Pennsylvania lines. Carriages were taken to the Stratford Hotel. Mr. and Mrs. Cleveland were accompanied by Paul Morton, Miss Pauline Morton, Dr. J. D. Byrant of New York and Master Wirt Morton. The party will leave for Nebraska at 5 o'clock. The occasion of Mr. Cleveland's visit to Nebraska is the unveiling at Nebraska City of a monument erected in honor of J. Sterling Morton, father of Paul Morton and Joy Morton.

Side Talks BY THE OFFICE BOY

I heard a man propose a toast at a banquet the other night. He said, "Here's to sunny skies." I guess the sky always looks blue if a fellow looks at it through a roll of bills. Speaking about money, honestly, I believe it's the root of much friendship. I believe it was the saving of money that first attracted the best people to the Silverwood stores; then mix with that the fact that we only carry good goods and guarantee every article to give entire satisfaction, then add a few cupsful of courteous and polite treatment by gentlemanly salesmen, sprinkle in a little dash of originality and "get up and get-iveness," and serve in clean, well lighted stores, and you have the secret of our wonderful success. The old man says, "The only way to be successful is to deserve success." We've made it possible for a man to buy a really good, honest hat for $2.00. Ask any merchant you know if he don't sell a better hat for $2.00 than he did five years ago, he'll say "yes" if he's honest. You can blame the old man for that. Ask any dealer in town if he don't sell a better shirt for $1.00, a better tie for 50c, a better pair of socks for 25c, etc., and he'll admit that he does. Don't think he does these things for love of home and country. I guess not—he tries to get somewhere near the Silverwood value.

Women's and Misses' New Fall Suits $5.98
The Top of the Season's Styles at the End of the Season's Prices
Regular Values Up to $25.00

If you ever needed ready cash, needed it badly, you can appreciate in a measure the position of the manufacturer who passed these suits on to us, and it was just our ability to pay spot cash that brought them to us. There's just about an even hundred and fifty in styles suitable for women and misses; Norfolk coats and blouses mostly; new style sleeves and prettily tailored skirts in mostly kilted or flounced effects; jackets all lined with satin or taffeta. You've often paid three or four times as much for suits that would not compare with these. There are a few blacks and browns among the lot, but most of them are mixtures in light and dark shades. You can imagine how long a hundred and fifty of these will last, so don't come late expecting the cream. Values range as high as $25.00. Today, each, $5.98.

WITH A COP STANDING BY.

Man of Salt Lake Says He Was Held up.

Police Catch Suspect Who Cannot Account.

Most Daring Robbery Heard of in Long Time.

E. M. Mahon, Salt Lake pilgrim, who recently came from Mormondom, grew famous in a jiffy last night because he told a story of a novel and exciting hold-up game.

Within twenty feet of a policeman near the Plaza, Mahon was held up and robbed of $26 and a gold watch by a nervy footpad, while the bluecoat stood on the corner and gazed complacently down the street; at least, Mahon made this unqualified assertion.

According to the pilgrim's story, he was strolling along North Los Angeles street about 8:30 o'clock, when he met a stranger under the glare of the electric light near the Plaza.

The stranger made a passing remark to Mahon and engaged him in conversation anent the weather. Feeling inclined to chat a bit, Mahon lingered and listened to stories of fog and rain, while the stranger edged closer to the man from Salt Lake.

Suddenly the stranger's tone changed, and, whipping a revolver from beneath his coat, he said, in a low voice, as he pressed the muzzle against Mahon's stomach:

"Say one word now, and I'll blow you to h—l; I know a cop is standing only a few feet away, but only make one move and you'll be a dead one.

"Now, gimme your money and valuables—every d—d thing, and quick, too," added the hold-up man, as he dug the muzzle of the ugly-looking gun into the pit of Mahon's stomach.

Mahon wilted and handed over cash and watch.

"Now walk along with me and don't utter a sound," admonished the highwayman. Mahon walked meekly, afraid of his life.

Past the policeman and on down to San Pedro street the hold-up man marched his victim. In a dark place the Salt Lake man was told to halt and turn his back; then the robber quietly slipped away.

Mahon reported the hold-up to Patrolmen Benner and McCann, who immediately took the highwayman's trail. Thinking the man might have doubled back to the Plaza, the policemen hurried. A man answering the description of Mahon's assailant was found near the park, and was sent to the City Jail, where he is held as a suspect. He gave the name of W. E. Johnson, and could not account for his presence in the vicinity.

ANSWERS SNEER WITH A BULLET.

DRAMATIC SHOOTING NEAR THE NORMAL SCHOOL.

Teamster Attempts to Drive Across Lot Which Had Been Fenced in, Disregarding Warning to Stop and is Then Fired Upon by Occupant of the Place.

A. E. Gross, driver for the California Truck Company, started to drive a heavy truck across the rear of a lot at No. 520 South Flower street, occupied by R. C. White and was about to remove a temporary fence which White had built, when White warned him. Gross laughed at the warning and was about to proceed when White began shooting at him with a 44-caliber. Four shots were fired and one of the bullets took effect in the teamster's hip.

The shooting had a dramatic setting. It was witnessed by nearly two hundred State Normal School pupils. Residents along Grand avenue and other streets were attracted. A citizen took the would-be murderer into custody and the wounded man for a time positively refused to leave his team, although there was danger of his bleeding to death.

White resides in the rear of the residence of Mrs. Maria Demars, No. 520 South Flower street. The State Normal School is located in front of this residence. Gross was hauling machinery to the new enginehouse now being erected at the school. While delivering the first installment, Gross drove his wagon across the rear of the lot on which the Demars house stands. Yesterday the passageway was blocked by a fence erected by White under the direction of Mrs. Demars.

On the wagon accompanying Gross was L. C. Stanford of the Baker Iron Works. When the fence was reached Gross descended from the wagon and was inspecting the obstruction when White appeared on the scene. Gross was ordered away, but instead of complying with the request, laughed in the face of White, who, becoming angered, rushed into his rooms, securing a revolver and returned to the scene, wildly brandishing the weapon.

The pupils at the school were assembling at the time and White shouted to them to be witnesses to the fact that he had ordered Gross to leave the place. Gross only sneered at the old man. Then White began firing.

H. E. Williams, a switchman employed by the Santa Fé, placed White under arrest, until Detectives Talamantes and Ritch arrived. Gross first refused to be taken to the hospital, declaring that he would remain with his wagon until relieved by another driver from the company. He was induced to accompany the officers, and after much persuasion was given an anesthetic while being operated upon. His wound is not considered dangerous.

White was locked up and showed no regret at his deed. This is not the first time he has been under arrest for using his revolver. About eighteen months ago he shot at a policeman on Wilshire boulevard. Subsequently he attacked another man with his gun and beat him with it. He escaped conviction on a charge of assault with a deadly weapon by successfully pleading insanity. He is considered a dangerous man when angry.

TIMES' "LINER" ADVERTISERS—IMPORTANT.

Note Change in Rate for Sunday Classified Advertisements.

Commencing Sunday, October 1, 1905, and thereafter, the rate for Sunday "Liners" will be 1½ cents per word for each insertion, minimum charge 25 cents, as at present. This slight advance is amply justified by the present Sunday circulation of The Times, which averages over 60,000 copies. (When the 1-cent-per-word rate was established in 1895, The Sunday Times circulation was only 14,000 copies.) The "Liner" rate for the daily—1 cent per word—will stand as at present.

SAYS ARREST IS DUE TO SPITE.

JOHN V. HOFFMAN IS CHARGED WIT HEMBEZZLEMENT.

Former Employee of Local Branch of Hall Safe Company Swears Out Warrant for Associate Manager Accusing Him of Having Pawned Two Borrowed Diamond Rings.

John V. Hoffman, associate manager of the Hall Safe Company at No. 165 North Broadway, was arrested yesterday on a charge of embezzlement.

A. T. Steele, a bookkeeper recently discharged from the company's employ, is complainant, and declares that Hoffman borrowed two diamond rings from him, afterward pawning the stones and realizing $65.

At the Police Station last evening, Hoffman declared that he would immediately have returned the money and diamonds to Steele, upon the latter's demand. He believed his arrest due to spite work, owing to the discharge of the complaining witness. Hoffman stated that he had been a resident of Los Angeles for the past six years, engaged in business, and conducted himself at the station as a man of affairs. He is well dressed, and was allowed every opportunity to secure bail, which was fixed by Justice Austin at $1500, and his examination set for Monday. At 5 o'clock Hoffman was placed in a cell, no sureties having appeared at that time.

According to Hoffman's story, a peculiar condition of financial affairs in connection with the western agency of the safe company was disclosed. It appears that Steele had some time ago placed the two diamonds in the hands of his employers for the purpose of realizing a small sum of money with which to meet urgent creditors, and the stones were afterward returned to him intact. Hoffman then went to the man and personally requested the loan of the jewels for a few days, stating that he would probably be forced to procure a small loan on them before his remittance arrived. Meantime Steele was discharged, and now comes the complaint charging Hoffman with embezzlement. Hoffman is a member of the firm of Hoffman & Hatch. He resides at No. 3311 Temple street. He took his arrest calmly and was visited in the detective's headquarters, before being locked up, by several business associates from whom he expects to secure bail. A bit of spite, he declares, underlies the whole affair.

"UP North Cape Way" is the title of a delightful and most interesting letter from a Los Angeles lady traveling in Northern Europe.

The Truth About Stoves

By the Largest Makers of Stoves and Ranges in the World

MANY people have been deceived in believing that stoves were cheap because of a low price, when experience proves them the most expensive.

A small price may be paid for a stove which looks attractive in the catalogue, which has been described as "perfect," but it is liable to prove a very expensive purchase; for ten chances to one, trouble will arise from this stove in a month's time—it may not heat or cook properly, or it may consume fuel like a locomotive. Then the material in the stove itself may wear so poorly that at the end of a year or so it will have to be replaced.

You never get something for nothing in this world, and when you pay a small price for a stove, that price must cover the cost of material and labor, and include a reasonable profit, consequently inferior cast-iron and steel, and the cheapest and most inexperienced labor, must go into this seemingly low-priced stove.

Expert Stove Advice Free.

We have opened an "Advice Department," in charge of an expert stoveman, simply to tell the people, absolutely free of cost, all about stoves. And this expert will honestly advise you just which stove or range will best suit your needs. We also want those who have lost money on the seemingly inexpensive stove, to let us tell them how they can save money by buying a "Garland," even if the first cost is a little more than that of the cheap and unsatisfactory stove. We want them to let us tell them about the advantages of "Garland" Stoves and Ranges, which always prove a good investment.

We make a "Garland" to fit every stove need, and have books accurately describing the different kinds. We could not afford to open this "Advice Department" or send out the valuable literature we do, free of charge, if "Garland" Stoves and Ranges were not distinctly superior to other makes; if the magnitude of our operations did not make it possible for us to sell them at reasonable prices, and if our reputation and methods of doing business did not insure absolute satisfaction.

If you are considering the purchase of a stove or range, cut out this coupon, check (this way ✓) the kind of stove you are interested in, mail it to us today, and you will promptly receive our Expert Advice as to just which stove is best suited to your needs, and why, and our literature, free of charge.

Receiving our Expert Advice and literature will not put you under any obligation to buy. We simply desire the opportunity to give you the evidence of the tremendous superiority of "Garland" Stoves and Ranges, and leave the buying decision entirely with you.

• • •

In order that "Garland" Stoves and Ranges shall last, we make them of the very best materials and employ the most expert workmen in the world.

"Garland" Stoves and Ranges are durable and handsome in appearance. They are highly nickeled and each "Garland" will last a lifetime.

"Garland" Stoves and Ranges will not "burn out," but will heat and cook perfectly, and will save fuel, save repairs, save worry, save money.

We have local dealers who handle our stoves exclusively, in nearly every village, town and city in the United States. You can examine "Garlands" before you buy, instead of after. You can satisfy yourself that "Garlands" are exactly as represented. There will be no freight to pay on "Garland," and the dealer will set them up without charge.

If no dealer in your town sells "Garlands," or you decide to buy a stove not in your local dealer's stock, you can enjoy the above advantages. We will make a special arrangement so that the stove you want will be delivered to you and properly set up ready for use in your own home.

The Written Guarantee of The Michigan Stove Company accompanies every stove, and protects you by the absolute guarantee that every "Garland" is as represented—The World's Best.

STORE OPEN EVENINGS DURING THIS SALE

Forced to Sell
Two Hundred High-Grade
PIANOS

We have explained to the people of Los Angeles and vicinity our reasons for giving them some unprecedented bargains in pianos, and they have responded to our offerings beyond our most sanguine expectations. We had completed arrangement to take possession of a larger new store November 1, and bought more than 150 extra pianos for the opening. Through a misunderstanding we failed to get possession of the new building. This is serious business for us.

What are we going to do, with our warehouse crowded full, our store full, and more pianos coming? What would anyone do under the circumstances? Sell the pianos, of course, regardless of profit. That's what we're doing. We've cut prices to the quick—every instrument in our possession is now offered at a greatly reduced price. We're determined to sell as many pianos, for cash or credit, as we can, in the next ten days.

We appeal to the judgement of thinking people to take advantage of an opportunity like this. You can buy a good reliable piano during this sale for as little as $134—cash or credit.

Makes

75 distinct styles and more than a dozen different makes of pianos, including:

Knabe Fischer
Packard Mehlin
Mason & Hamlin
Ludwig Clarendon
Smith & Barnes

And several other well-known makes. No cheap, trashy pianos. You can't buy an instrument from us that is not fully guaranteed.

A $325 Piano for $168

We offer a beautiful full sized upright piano in mahogany or walnut case, double veneered, with continuous hinge on top and front, Boston fall board, 14-lb. hammers, three pedals, ivory keys, duet music desk—all modern improvements—substantially made—beautifully finished—and fully guaranteed by us—for only $168.00. Regular selling price was $325.00.

A $400 Piano for $237

Two carloads of a certain piano represented by a local dealer, and recently advertised by them as a $400 piano, reduced to $325—is now offered to the public at $237. We have agreed not to advertise the name of this instrument, but that needn't stop you from seeing it and comparing it with other makes of the same class. We invite comparison.

You run no risk in buying a piano at this sale. Everyone is guaranteed by the maker and by us. All instruments are marked in plain figures, so that a child can buy as safely as a man. Furthermore, we give you the privilege of exchanging at any time you desire.

This is not a fake sale—it's not a bluff—we mean business and offer you every reasonable inducement to buy a piano here and now.

Terms

Pay almost anything down—then $6, $7, $8, $9 or $10 per month. We'll sell anybody a piano. We won't haggle about terms. We'll accept anything within reason. We simply must sell these pianos NOW.

Opening Specials, Overcoats Free

FIRST SPECIAL—To the first five purchasers of suits today we will give an overcoat absolutely free, provided the suit purchased costs $15 or over. Come in early. It's the early buyer who gets an overcoat.

SECOND SPECIAL—All through the day and evening we're going to give away overcoats. With every twentieth suit sold, at $15 or over, an overcoat will be given free. So no matter what time you come, you have an equal chance.

THIRD SPECIAL—All suits will be sold from $10 to $25, regardless of their value. At $10 we'll make you a suit better than those you pay $15 for at other tailors—and so right through the line—values are fully $5 to $10 better than those offered by tailors who claim to do so much for so little. We want the business and are willing to sacrifice to get it. Best linings and trimmings used in all suits sold today, whether at $10 or $30.

TRAIN GUNS ON POLYGAMY.

Temperance Leader Scores Mormons in Address.

Congress to be Asked for More Stringent Law.

Throng at First Sessions of the Convention.

A loud cry against Mormonism was raised by Mrs. Lillian M. N. Stevens, national president of the Women's Christian Temperance Union, in her annual address to that organization, the thirty-second annual convention of which was formally opened yesterday morning at the First Congregational Church.

Today it is likely that the convention will prepare a petition to Congress for the enactment of legislation directed against polygamous practices still existing in the United States, and probably looking to the disfranchisement of members of the Mormon hierarchy. Further war also is to be waged for the expulsion of Reed Smoot from the United States Senate.

The words of Mrs. Stevens on polygamy were emphasized by those of Mrs. Margaret Dye Ellis, national superintendent of legislation, in her report. Intense applause of the delegates indicated their approbation of the strong utterances and forecast the spirit in which anti-Mormon resolutions will be acted on.

It is expected that the resolution on polygamy will come up today, after the submission of a report by Mrs. Helen Bullock, superintendent of purity, who has been investigating conditions in Utah.

Another resolution of importance upon which the convention undoubtedly will take action will be in the form of a petition to Congress against the repeal of the anti-canteen law. Mrs. Stevens commented in her address on efforts that have been made to have the law repealed. Mrs. Ella M. Thacher, superintendent of work among soldiers and sailors, will cover the question in her annual report this afternoon.

GAVEL'S FIRST FALL.

A hush of expectancy fell upon the great assemblage of delegates and members of the organization when, at the first fall of the gavel, Mrs. Stevens, the national president, stepped forward on the platform, waving a white-ribboned baton.

"Let us sing that grand old crusade hymn that was sung years ago, when the women of America went forth to war," she said, and a mighty chorus took up the words: "Give to the winds thy fears."

Despite its large seating capacity, the auditorium of the First Congregational Church appears to be inadequate to the demands made upon it by the army of white ribboners. Almost the entire lower floor of the big auditorium is required for the delegates alone, while the gallery is not by any means always large enough to accommodate the throng of W.C.T.U. members from all over the country—many with their families—who have come to enjoy the convention. This leaves out entirely the large contingent of local members, including hundreds from other California cities.

At the opening of the session the auditorium bristled with gilt-topped standards bearing the names of the various States and Territories represented and indicating the location of the various delegations.

Some of the rear pews under the galleries were thrown open to the public, thus crowding uncomfortably the delegates in front. After the big convention gets settled down to routine business and divided into sections which will meet in near-by churches, the crush will not be so noticeable.

Aiding in the seating of the delegates were twenty ushers, while half a dozen little girls in white acted as pages, flitting back and forth from floor to platform.

WHERE W.C.T.U. STANDS.

"The W.C.T.U. cannot be true to its declaration of its principles and faith, and not oppose anything which tends to the destruction of the family and the home," began Mrs. Stevens. "Accordingly, years ago we took up the question of Mormonism. We recognized in it an institution or a system subtle in its mechanism and immoral in its practice. The facts brought out by the Congressional investigation relating to the expulsion of Senator Smoot are so well known that we need not review them. No additional testimony is necessary to convince us that it is our duty to continue to petition for a constitutional amendment forever prohibiting polygamy, and we should use our utmost influence for the removal of Apostle Reed Smoot from the Senate of the United States. We ask this not only as lovers of home, but of our country. Mr. Smoot is a high official in a hierarchy which has trampled under foot the solemn compact made when Utah was admitted into the Union in 1896, and Utah is today under the control of this power. The admission of Joseph H. Smith, president of the Mormon Church, and of F. M. Lyman, who expects to succeed Mr. Smith, certainly proves that these rulers of the Mormon people 'inculcate and encourage a belief in polygamy; countenance and connive at violation of the laws of the State prohibiting the same, regardless of pledges made for the purpose of obtaining Statehood and of covenants made with the people of the United States, and by all the means in their power protect and honor those who with themselves violate the laws of the land.'

"The efforts of the Mormons to strengthen their system is not by any means confined to Utah. In Nevada, Idaho, Wyoming, Colorado, Oregon, New Mexico and Arizona are to be found their colonies, and other States are not exempt from the encroachments of their emissaries."

Continuing, Mrs. Stevens touched at some length upon the efforts to repeal the anti-canteen law, and in a most interesting way considered the various subjects upon which the organization of which she is the head is working—peace, purity, fraudulent advertising, total abstinence, alcohol poison, prohibition and many others.

ANTI-POLYGAMY AMENDMENT.

Mrs. Margaret Dye Ellis, in her annual report, taking up the question of polygamy, said that the efforts of the organization should be toward securing an anti-polygamy amendment to the Federal Constitution—one naming the practice of polygamy a crime against the United States government.

During the morning session, a beautiful gavel of onyx was presented by Mrs. Emma Cash to the national leader, on behalf of the California unions, and in the afternoon the woman who found the onyx read a poem pertaining to it.

Forty States were included in the report of the corresponding secretary, Mrs. Susannah M. D. Fry. A colored union of North Carolina was awarded the prize for the best report of work. In the year just closed, 1147 new unions have been organized, and 47,106 persons have signed the pledge.

The national treasurer, Mrs. Harriet Wright Brand, reported $2222.62 in the treasury. Nine States have won a place on "benefit night" with a net gain of paid-up members as follows: Ohio, 1103; Michigan, 881; Indiana, 808; North Carolina, 583; New York, 550; Nebraska, 531; Illinois, 511; Florida, 507, and Wisconsin, 504. Thus Ohio gets the national banner.

Mrs. Cora Seberry, head of the Loyal Temperance Legion, reported on the excellent condition of that organization, and Mrs. Lucy Blanchard, local head of the Loyal Temperance Legion, was called forward because she has not missed a Sunday meeting in twenty-three years.

An overflow meeting was held throughout the afternoon in the Sunday-school room of the church. Five-minutes speeches by prominent delegates.

EVENING SESSION.

Long before 7 o'clock last evening the galleries of the big church were nearly filled and half an hour before the opening of the session they were simply packed. No one was admitted to the lower floor of the auditorium until the delegates were seated. Prof. Skeel gave a preliminary organ recital.

After scripture reading by Miss A. Elizabeth Thomas, State secretary of Pennsylvania "Y's," prayer by Rev. William Horace Day, and a vocal solo by Hubert Whitehead, the series of welcoming ovations began. Th efirst was a letter from Mayor McAleer, who was prevented by municipal business from attending. Mrs. Stevens presented this written greeting. Rev. William Horace Day spoke as a representative of the federation of over one hundred Protestant churches, affiliated, of which he is president, and Prof. James A. Foshay spoke in behalf of the educational interests and of the more than eight hundred teachers whom he represents.

Mrs. Emma Cash, in behalf of the local W.C.T.U., welcomed the convention. Miss Mary E. Yeo gave a graceful welcome for the "Y's" and a charming chorus of little girls in white gowns sang a welcome song under the direction of Mrs. Celia H. Noll, representing the Junior Loyal Temperance Legion. They marched onto the platform to the rhythmic measures of "John Brown's Body," accompanied by the handclaps of the audience in time to the music.

Responses were made by Mrs. Howard M. Hoge of Virginia, Mrs Cora E. Seberry of New ork, Floyd Starr of Michigan and Mrs. Deborah Livingston of Rhode Island.

Mrs. Vayhinger of Indiana breezily introduced the collection baskets and told so many beguiling and fascinating incidents while they were being passed that the nickels, dimes and quarters jingled merrily. A solo by Mr. Foshay concluded the programme.

TODAY'S FEATURES.
PROGRAMME IN BRIEF.

Prayer meeting at Trinity Methodist Church at 8:30 o'clock this morning will open the day for the delegates and at 9:30 o'clock the second day's session of the convention will open at the First Congregational Church. Addresses will be made on the Union Signal and the Crusader Monthly, and there will be reports of the superintendents of purity, mercy, physical exercises, Sabbath observance and work among miners, with an evangelistic hour led by Miss Greenwood, the morning sessions closing at 12:30 o'clock.

The afternoon session will convene at 2 o'clock, and will include the reports of superintendents of work among soldiers and sailors, work among railroad employés, penal and reformatory work, evangelistic and almshouse. The "year's march" will be portrayed by corresponding secretaries of each State, and there will be short addresses by Mrs. C. L. R. Hoskins, ex-president India W.C.T.U.; Dr. Mary Fowler Thompson, president Burma W.C.T.U.; and by Herbert Shattuck of New York.

The diamond medal oratorical contest will be held at 7:15 o'clock this evening at Simpson Auditorium, Mrs. Lillian M. N. Stevens presiding. There will be recitations by contestants, the awarding of the diamond prize medal and the singing of the L.T.L. national song. Music has been arranged for by Mrs. C. P. Wheat, superintendent of medal contest work for Southern California W.C.T.U.

OVERHEARD.
CONVENTION NOTES.

As usual, the first question the eastern delegate asks the native of our fair city is, "How do you pronounce it—Los Anjelus, Los Onjelus, Los Anjelees or Los Angelus—with the 'g' hard?" It's almost as bad as the little girl who wrote her aunt: "Mamma is ill with newmonia—I don't know how you spell it, but I think it's like this—phneuwmonia—not as pronownced."

"I don't know about taking this balloon trip," remarked a delegate from New Jersey before the excursion started the other morning. "I'm afraid to go up in those new tangled airships they have out West."

They plainly prove, these W.C.T.U. women, that the wages of gin is debt, and that wild oats make a bad autumn crop.

"Where are they making the sherbet?" came in clear, high notes from the thirsty throat of a delegate as she approached the information bureau. "Sh—sh—it's plain fruitade," responded a woman who knew.

The postoffice did a rushing business all day yesterday at its quarters in the north end of social hall in the basement.

Mrs. Clare O. Southard of San Francisco is the guest of her cousin, Mrs. J. W. Reed, No. 209 East Adams street. She is the editor of the Pacific Ensign, official organ of the California W.C.T.U., and is here for the convention.

Mrs. Antoinette A. Hawley, for five years president of Colorado W. C. T. U. and now its honorary president, is in attendance at the convention. Mrs. Hawley is a well-known writer for the Union Signal.

The Orange county W.C.T.U. has put up a headquarters tent at Hope and Ninth streets.

The immense ball of ferns bound by white satin ribbon that sways above the patform signifies that the white ribbon of the W.C.T.U. has girdled the globe.

On behalf of the local W.C.T.U., Mrs. Hester T. Griffith yesterday presented Mrs. Stevents with a beautiful white satin banner on which bloomed a cluster of hand-painted poinsettias and the inscription, "In Union is Strength."

Overflow meetings will be held today in the Unity Church or in the Jewish synagogue near-by.

There are 511 accredited delegates up to the present. The total will probaby swell to 600.

MRS. ADELIA E. CARMAN,
National superintendent of medal contests, and five of the speakers who will try for the diamond medal this evening at Simpson's Auditorium.

LOVELY AFFAIR TODAY.

Maria Louise Society to Give Fete for a Noble Cause, Fine Things Promise.

This afternoon one of the loveliest affairs of the week is to be the garden fete and bazaar given by the little girls of the Maria Louise Society at the residence of Mrs. Walter B. Cline, who has kindly given her beautiful grounds, corner Adams and Figueroa streets, for this object.

A few years ago little girls, members of this society, lost a dear little playmate, and in her memory they keep a bed in the Children's Hospital and have now decided to make that bed a permanent endowment. To this end they are working busily to acquire the funds necessary.

Miss Margaret Crot, recently of Geneva, has drilled the children in a delightfully pretty affair, the Haydn "Toy Symphony," in which Miss Olga Steeb, the talented young pianist, is to take a leading part. Miss Crot has been most successful in drilling the children and as Herr Becker remarked, "It is partly due to the enthusiasm of the children, but more to the talent of Miss Crot, that the Symphony is so thoroughly delightful a production."

"Alice in Wonderland" is another feature of the afternoon, and costumes for this are said to be fetching and pretty. The Humpty Dumpty from Hamburger's will be there to guard the gate and delight the small youngsters, and the projectors of the fete are awaiting anxiously the afternoon to gather in the longed-for silver pieces for a worthy cause.

Classified Liners.

Times' "Liner" Advertisers—Important. Note change in rate for Sunday classified advertisements. Commencing Sunday, October 1, 1905, the rate for Sunday "Liners" was raised to 1¼ cents per word for each insertion; minimum charge, 25 cents, as at present. This slight advance is amply justified by the present Sunday circulation of The Times, which averages over 60,000 copies. (When the 1-cent-per-word rate was established in 1893, The Times Sunday circulation was only 14,000 copies.) The "Liner" rate for the daily—1 cent per word—will stand as at present.

Telephone your want advertisements. Ring up "The Times" any time of day or night, and secure prompt and careful attention. Rates one cent a word each insertion in the Daily; 1¼ cents per word in the Sunday edition; minimum charge, 25c.

"Liner" (classified) advertisements for Sunday insertion received over the counter or by telephone after 11 o'clock Saturday nights will be inserted under heading of "Too Late to Classify."

The Times cannot guarantee accuracy or assume responsibility for errors of any kind occurring in telephoned advertisements.

Sunday real estate advertisements, to be classified properly, must be in The Times office before 10 o'clock Saturday nights. Rate 1¼ cents per word.

SPECIAL NOTICES—

NOTICE—
On the 22nd day of February, 1905, I separated from my wife, Nellie K. Gordon, of No. 1513 St. Andrew's Place, city of Los Angeles, and ever since have lived separate and apart from her. On the 25th day of February, 1905, I filed and entered an action against her for divorce in the Superior Court of the State of California, in and for the County of Los Angeles, which action is still pending in said court. And whereas my said wife has since said time repeatedly ordered goods and merchandise obtained by her, charged to me, without my knowledge or consent, I hereby NOTIFY ALL PERSONS that I will pay no bills ordered or debts contracted by her or anybody else except myself in person, or on my written order.

FOR SALE—
WESTLAKE RESIDENCES,
WITH VERY FINE LIVING ROOMS.

We have a number of different residences for sale in the Westlake section, somewhat similar in size and construction, houses all containing nine rooms, finely built homes and very fine appearing.

ABOUT THE LIVING-ROOM.

While the living-rooms in each of these houses are not exact duplicates, they are so much alike that this one description will give you a correct idea of all of them. They are finished in antique oak, paneled five feet high, with a beautiful wooden frieze; there is a large circular bay window, very handsome old gold brick mantel, woodwork of which is ornamented with burnt design. Set in one of the panels of the mantel is a painting of the Santa Barbara Mission, which adds much to the beauty of the mantel; the fixtures are in mission style; a very attractive room and one that would appeal to almost everyone looking for a home.

Each of the houses has an oak entrance, with art and plate glass windows; floors downstairs are hardwood, upstairs rock maple; built in window seats and cosy corners and very fine buffets; beamed ceilings and paneled walls. Grounds are all nicely made up. You will be surprised at the low figures we can quote you on every one of these residences. The exact locations are, 1036 Alvarado, 1032 Alvarado, 654 Bonnie Brae, 1148 Magnolia, 1144 Magnolia. When you are out today, make it a point to go around and see these houses.

FOR SALE—
THE "PACKARD" HOUSES.
Best brand on the market.
Are built only in
HIGHLAND PARK.
THE MATCHLESS SUBURB OF THE CITY.

We have one you ought to see. A number of people have said it was the prettiest house they ever saw.
The appearance, however, is the least of its charms.
It was built to live in, not to so sell. Built for comfort, convenience and durability.
The only objection the owner has is, that it is too large for a small family.
There are eight splendid rooms, cellar and storeroom, fitted with all modern conveniences; lot 50x150; nicely improved; the situation is exceptional; close to school, churches and fine car service; the view is rare, and the location the healthiest in the city.
Bring your money with you, for you will buy it on sight.

COME OUT AND SEE FOR YOURSELF.
This is the last call on present prices in this locality; the tide of higher values is rising and now is the time to act. Acreage is selling at prices that makes our lots cheaper proportionately than acreage. For instance, we can sell you lots in our Melrose Avenue tract, with street improvements, for only $450. The adjoining acreage has sold for $1200 per acre. We could only get 4½ lots to the acre, which at $1200 per acre is a ground cost of $250 per lot. The street improvements will increase the wholesale cost to $350 per lot at least. Do you think the owners of that acreage will ever sell a lot for $450 on easy terms? NOT MUCH. But we will right now, if you hurry. Remember our war cry, "Buy in the Western-ave. section between Hollywood and Wilshire blvd." Take the Colegrove car to Western ave., where our branch office is located and we will show you the place where your dollars will be safer and more active than in any other section of Los Angeles, and it only requires a few of them to make a deal.

STOCKS AND BONDS— And Mortgages.

INVESTORS, ATTENTION—

We have for sale $75,000, par value first mortgage gold bonds of an industrial corporation; they are in denominations of $500 each, bear interest at the rate of 6 per cent. per annum, net, payable semi-annually, mature in about nine years, and are amply secured.

We are authorized to sell them at 85 per cent. of their par value.

On each $1000 invested, the investors will receive at maturity, $1000; interest for 9 years, ... $540
Total, ... $1540
At 85 per cent. of par value, present cost of $1000 bond is $850
Total profit in 9 years is $690
Which is equal to interest at the rate of 9 per cent. per annum.

Opportunity for fullest investigation afforded. Bonds will be sold in quantities to suit purchasers. However, it is preferred to borrow on them as collateral, ½ their par value, in amounts to suit, for a term of 3 years, with interest at the rate of 7 per cent. per annum.

We are handling these bonds only after a personal investigation and indorsement of the enterprise; $25,000 of these bonds were taken at par by interested parties, and $75,000 of the remainder of a total issue of $[illegible] are now offered to the public.

NEWS AND BUSINESS.

A Venice Bankrupt.

George M. Osgoodby, proprietor of the Venice "Hotel Windward," has failed. Yesterday he filed voluntary bankruptcy papers, placing his debts at $12,497.20, and his assets at $3610.

Fire-escape Case Fails.

H. W. Oviatt, a theater manager, arrested for alleged violation of the fire ordinance, was discharged in Justice Rose's court yesterday. The cases of A. J. Morganstern and A. M. Cox, arrested on the same charge, were deferred until the 24th inst.

Land Case Goes Over.

The land contest of the Anaheim Landing, Mining and Development Company versus J. C. Ord, which came up for hearing at the United States Land Office yesterday, has gone over for final trial to November 6.

Druid's New Officers.

Morton Grove, No. 62, Ancient Order of United Druids, has installed officers for the following year: E. S. Bezi, president; P. Caseaux, vice-president; J. Fallandy, treasurer; A. Devoust, secretary; B. Pujo sergeant; L. Brouguiere, G. I. Pierre Baute, Trustees.

Teach Firemen Stunts.

From 9 until 11:30 o'clock this morning, Capt. Kiener of the Civil Service will put members of the Fire Department through a practical examination in the new gymnasium of the Turnverein on Figueroa street. Capt. Kiener expects to "teach the ladides some new stunts."

Women of Woodcraft.

Los Angeles circle, No. 236 Women of Woodcraft, tendered a reception to Pico Camp No. 790, W.O.W., at Brent's Hall, No. 534 South Spring street last evening. A large number of members of both orders were in attendance, and the evening's entertainment, consisting of musical selections and dancing, concluded with the serving of refreshments.

Alhambra Property Sold.

Mrs. Westren has sold to a syndicate composed of H. H. Mayberry, W. O. Peck, Russ Aren, W. M. Northup and Henry D. McDonald, 17½ acres, practically unimproved, in the southern end of Alhambra, between Vega and Grenada streets, for $12,500. The deal was made by Northup & Peck and Mayberry & Myren.

Reached the Limit.

The Union League has enjoyed great prosperity since taking possession of its elegant new building on West Second street, and has now reached the limit of membership, which was long ago fixed at 600. The "waiting list" has been started, and as members drop out for various reasons, others will be admitted to take their places.

Two Realty Sales.

The John T. Griffith Company reports the following sales: Howard Griffith to Zara L. Hoyle, lot 125x150 feet on the north side of East Adams street, about 275 feet east of Main street. Improved by a modern eight-room dwelling; consideration named, $5500. A. Mendelsohn sells to Mrs. Mary E. Jones one lot on the west side of Roosevelt street between Sixteenth and Washington streets; consideration, $1000.

Arend Finale.

Arend's Band will give its last concert at Venice this evening. The men will appear in evening dress, and at the conclusion of the concert there will be dancing. Tobani's tone picture, "The Civil War," will be presented, and other interesting numbers, including the overture to "William Tell," a number from "Gioconda," the grand selection from "Carmen," the Chopin funeral march, and much music of lighter character.

Under Sheriff Ill.

Under-Sheriff H. H. Yonkin is confined to his home with an attack of la grippe in acute form. Thursday he suffered a severe chill and went home. A high fever developed and for a time Mr. Yonkin was delirious. Yesterday there was a change for the better and last night Dr. Norton, his physician, reported that he anticipated no further danger. Yonkin will not be able to resume his duties for a week or longer.

Federal Action Begun.

The Columbia Live Stock Company yesterday began suit against H. A. Blodgett of Kern county, filing a complaint in the United States Circuit Court. The action is over three tracts of oil land leased in Texas, on each of which—provided work was not begun at a certain time—a forfeiture of $1500 was fixed. The complainant alleges that no work was begun at all, and asks total damages of $4500.

Didn't Need the Money.

Lew Sam was found guilty in Justice Austin's court yesterday of taking a $5 gold piece from Mrs. Elizabeth Schlosser of No. 123 North Boyle avenue Wednesday morning. Mrs. Schlosser tendered the coin under the impression that she had given the Chinaman a 5-cent piece. She discovered her mistake a few minutes afterward and dispatched an officer in pursuit. Sam was fined $15. He had deposited $20 bail, and told the clerk to keep the change.

Sunset Club.

The Sunset Club held its regular monthly meeting last evening at the Angelus. The subject was "How to Get the Best Out of Life." The first paper was read by George H. Stewart, followed by others by L. W. Blinn and R. W. Bulla. A general discussion then ensued participated in by most of the members present.

There seemed to be a difference of opinion as to what constitutes happiness, ranging from self-abnegation to golf, while several of the speakers even denied that happiness should be a main object of life.

SPANISH COOKING.

Mexican and Spanish Dishes.

If you are fond of Mexican and Spanish dishes, among the thousand splendid recipes in The Times Cook Book, will be found 75 showing how to prepare and serve them. They are so plain and explicit that any Southern California housewife can understand them. Price, with cloth-bound covers, 25 cents; with oilcloth cover, 35 cents. Postage, 5 cents additional.

Olives Wanted.

Charles P. Grogan, No. 1744 Albion street.

BREVITIES.

The volume of "Liners" in the Sunday Times has become so great that it is found necessary to ask patrons to get their Sunday advertisements in earlier; especially Sunday real estate announcements, which in order to be printed must be in the office not later than 10 o'clock Saturday nights. The printing of the real estate matter, including advertisements, in a part by itself on Sunday involves somewhat slower press work, making it essential, in order to get the paper out on time, to stop receiving real estate ads at 10 o'clock Saturday night. Dealers will confer a favor on The Times office if they will turn in Sunday copy on Fridays, when possible, or at least a part of it, and the balance early Saturdays. Sunday "Want" ads will still be received by 'phone and over the counter until 11 o'clock Saturday nights.

Times' "Liner" Advertisers—Important change in rate for Sunday classified advertisements. Commencing Sunday, October 1, 1905, and thereafter, the rate for Sunday "Liners" will be 1¼ cents per word for each insertion; minimum charge, 25 cents, as at present. This slight advance is amply justified by the present Sunday circulation of The Times, which averages over 60,000 copies. (When the 1-cent per-word rate was established in 1893, The Times Sunday circulation was only 14,000 copies.) The "Liner" rate for the daily—1 cent per word—will stand as at present.

A regular physician and surgeon who has discovered a cure for tuberculosis is willing to treat afflicted persons without charge, who, after they have been benefited, will make a statement of the cure over their signature. The physician referred to can give the best of references. Those who wish to investigate, with a view of being treated, may send their names and address to Physician, care of Times office.

CASE OF THE TIN CANS.

The case of James Stewart, accused of having traduced Mrs. C. E. Donnatin, is on trial before a jury in Justice Chambers's court. Stewart is the occupant of a fine residence on Savoy street, made unsightly by the tin cans, etc., fastened to his fence and the trees about the place. A feud between the Stewarts and Donnatins has existed for three years and breaks out with startling regularity at intervals. The real nature of the tin-can adornments will probably be brought out in court today. Little progress was made in the case yesterday.

VICTOR TALKING MACHINES
New Plan of Monthly Payment

If we could find a better we wouldn't be selling the Victor Talking Machine—we know it's the best and for that reason we sell only the Victor. Some dealers carry a number of inferior makes but they all sell the Victor, critical buyers demand them. These inferior instruments are sometimes offered as "just as good" as the Victor. Why? Simply because the margin of profit for the dealer is greater. We are satisfied with larger sales, smaller profit and, most valuable of all, our customers' good esteem. Our reputation is our capital and we can't afford to speculate with it.

Of course you want a Victor, but maybe you are doubtful about paying for it. Our new plan of monthly installments makes it so easy that the small sum we ask you to pay each month will seem no burden at all. When you select the machine you pay us only for such records as you take—30 days later you begin paying for the Victor.

This offer is open to every honest man or woman in California or Arizona.

Let us explain more fully—write, or better still, come in today.

Victor—First, Last, and all the time. We sell nothing but the Victor and recommend nothing else.

OWENS RIVER FREE OFFERED THE CITY.

Proposal to Deliver the Water for the Power Rights.

Eastern Capitalists Would Corner Great Privilege, but Los Angeles Would Save Many Millions—Commission Considering, and to be Guided by People's Voice. Engineer Carries Favorable Report to New York.

THE Board of Water Commissioners has under consideration a proposal which may result in the bringing of the Owens River to Los Angeles without any further expense to the people of this city, and the furnishing of perpetual water to the populace without cost or at a purely nominal price.

The following letter, from a well-known engineer who is about to start for New York to consult his principals, is in the hands of the Water Commissioners, and has been given a favorable answer after informal discussion:

THE PROPOSITION.

"LOS ANGELES, Oct. 24, 1905.

"William Mead, Esq., President the Central Bank—Dear Sir: I desire to ascertain whether the Board of Water Commissioners, of which you are a member, will entertain a proposition from responsible capitalists to sell or lease the exclusive power rights for the Owens River waters for a perpetual term or at least a term of ninety-nine years, on approximately the following terms:

"That the city deliver its entire water supply, consisting of an average flow of 20,000 inches, at a suitable intake dam or impounding reservoir at the source of supply, to the syndicate referred to; this syndicate agreeing to deliver the water from that point to the city limits in suitable pipes, conduit or other form of conductors, all to be subject to the approval of the City Water Board; the city to retain absolute control of all management of watersheds and impounding reservoirs, transferring the exclusive power rights only from the intake to the terminus of such conduit, the syndicate delivering the water at the city limits with sufficient pressure for all domestic purposes, but not to exceed sixty pounds pressure per square inch; the syndicate to keep all conduits in satisfactory repair, and to deliver the water to the city in practically the same condition in which it is received from the impounding reservoir; the syndicate agreeing to give the city an option to purchase all of the electric power that it may desire for lighting purposes, at a price not to exceed $25 per horse power per annum.

"In connection with this proposition I would request from your board the following information: The exact number of miles from reservoir to city limits; at what distance from the city it would be possible to generate 100,000 horse power; exact elevation of intake gates above the city of Los Angeles; the approximate horse power now used in lighting the city."

In referring to this letter yesterday, Mr. Mead said:

WATER BOARD CONSIDERS.

"I laid the communication before the Water Board, with the further statement from the engineer that his eastern principals are, according to his information, ready to spend all necessary money in a technical investigation of the project, if assured that their proposal will be seriously considered by the board. It was the judgment of all the commissioners present at the meeting that the proposal was worthy of that assurance if made in proper form by a thoroughly responsible syndicate—a syndicate able to invest the $20,000,000 estimated cost of bringing the Owens River to Los Angeles; but that in any event the board should be guided in conclusive action by the wishes of a majority of the people of this city. Especially the latter, as a contract such as proposed would do away with any further idea of a municipal lighting system and of municipal development of the vast electrical energy derivable from the Owens River.

WOULD OBVIATE BOND ISSUES.

"The discussion of the engineer's letter brought out, of course, the main fact that an entering into the project would do away with the necessity of any further municipal bond issues to complete the Owens River undertaking; the $1,500,000 already voted would, as intended, secure to the city perpetual ownership of the water-bearing valley lands and the source of supply; the syndicate would do the rest. The carrying out of such an agreement would mean the building of 120-odd miles of waterway without expense to the city and the obtaining of a 20,000-inch continual delivery without cost to the people, or at a merely nominal cost, represented by the $1,500,000 of bonds already voted.

"The question of business practicality arising, one of the commissioners remarked that if the syndicate developed only 90,000 instead of 100,000 horse power, and sold it at even the low average cost of $20, the income therefrom would be $1,800,000 a year—insuring interest paying on syndicate bonds and handsome dividends besides.

"The Water Board desires a free and full discussion of the proposal by the public, in order to be guided by a majority sentiment in whatever dealings the board may have hereafter in the premises."

THE LIGHTING ASPECT.

The discussion by the commissioners brought out another suggestion—that under the tentative offer of the syndicate it might be possible not only to get unlimited free water for Los Angeles, but to make this the best-lighted city in the United States or the world. Under its present contract Los Angeles is paying a corporation approximately $110 per horse power per annum for its electric lighting, or at the rate of $75.60 per light for 1800 lamps, a total yearly cost of $136,080. This price, however, includes the maintenance of wires and lamps as well as the delivery of lighting power. If the proposing eastern syndicate made the same inclusions in its maximum price of $25 per horse power per annum, Los Angeles could have 7500 instead of 1800 electric street lamps without additional cost.

When the engineer departs for New York today he will carry with him to his principals the authorized reply that the Board of Water Commissioners will give their project serious consideration if it be properly and authoratively submitted.

MODERN WORKMEN.

Supreme Lodge, Now in Session in Los Angeles, Adopts Innovations in Fraternal Insurance.

The Supreme Lodge of the Modern Workman Fraternity, a California fraternal insurance order, with headquarters in Los Angeles, is holding its annual session in the offices in the Lankershim Block.

Delegates are present from the lodges of Los Angeles, Pasadena, Watts, Moneta, San Bernardino, Rialto and Santa Ana. The Supreme Lodge convened on Thursday, and will finish its work this evening.

Several important changes in the plans of the order have been adopted; among them are provisions similar to those prevailing among the "old line" companies, such as ironclad clauses assuring the policy holders of no change in their rates of payment; issuance of policies with cash surrender values and paid-up insurance in case of failure to pay assessments.

This order is a little more than a year old. It has 719 members, and has had no death losses, but has paid out $460 in accident benefits. The Supreme Lodge has elected the following officers: Supreme President, J. G. Petton; Vice-President, Gilbert Carter; Secretary, W. A. Baldwin, Pasadena; Counselor, M. M. Meyers; Medical Examiner, L. T. Holland, M.D.; Organizer, W. J. Way; Lecturer, J. P. Booth, M.D.; Chaplain, H. M. Gray; Master-at-Arms, C. C. Way; Guide, S. S. Summers; Guard, A. M. Biggart, Moneta; Sentinel, H. A. Baldridge, Pasadena; Advisory Board, J. W. Trueworthy, M. D.; Dr. F. M. Parker, Gavin W. Craig; Supreme Auditors, G. A. Brock, F. Brownsberger. All those whose addresses are not given are of Los Angeles.

DIED ON THE STREET.

G. T. Smith, 60 years old, of No. 137 Avenue Thirty-seven, tottered along the sidewalk yesterday afternoon on South Broadway, near Fourth street, and dropped lifeless to the pavement before passing pedestrians could assist him. He was taken into a near-by store, where an unsuccessful effort was made to revive him. Smith was a traveling salesman for a Boston shoe house. He had lived in Los Angeles about eight years. He leaves a wife and three children. Heart disease is supposed to have caused death.

FORESTERS' BALL.

The annual ball of the French Court of Foresters of America, No. 97, will be given at Turners' Hall on the evening of November 4.

JAPS LEAVE COAST FOR NEW COUNTRY.

A STRANGE state of affairs exists in Southern California; and, indeed, the same condition is said to prevail all along the Pacific Coast. This country is losing its Japanese, despite the prevalent idea that it would be overrun with a horde of the little brown men as soon as the Russo-Japanese War was closed.

This news was confirmed by leaders of the local Japanese colony, yesterday. They believe the outgoing tide has only begun, and that its results will be to carry out from California the most of the present Japanese population, and particularly the best of the Japanese business men. They declare that not for many years, at least, will the Japanese immigration again head toward this Coast.

Manchuria and Korea are the lands of promise which lure the Americanized Japs. It is also the lodestone which is attracting the men who otherwise would come to California.

In those countries, say the Los Angeles Japanese, there is ample opportunity for all the overflow population of the Mikado's empire. The natural resources are practically undeveloped, and both in agriculture and in business channels are already opened to the enterprising Japanese opportunities which look inviting.

Within three weeks more than 100 prominent Japanese, many of them merchants and leaders in various lines of commercial efforts, have sailed from San Francisco for Korea and Manchuria. This is no temporary sojourn; they have sold out and gone with the intention of taking part in the new development of these countries which the fortunes of war have laid at the feet of Japan.

The cable dispatches have told, from time to time, of the sending of great numbers of the soldiers to Manchuria, where they are to resume their civilian lives. This class, mostly, are common laborers, with a little advantage from their military experiences and the broadened experiences thus gained.

A certain percentage of the business and professional men of Japan are going to the two countries mentioned; but to the ambitious Americanized Japanese the field opens with even better promise.

Western methods and western machinery are used in nearly all the large enterprises. In this the men who have been here, and who have had the advantage of several years of familiarity with these methods, have a great advantage. They are not slow to see the opportunity.

Three of the prominent Japanese business men of Los Angeles are closing their affairs to join the exodus to Manchuria, and three have already gone to Korea. Besides these a considerable company of their countrymen who have been engaged in various trades are preparing to leave. Leaders of the local colony believe that within a year the number of Japs here will have dwindled by half.

The "yellow peril," according to prominent business men here, has no possibility of fulfillment, so far as California is concerned.

ALLIANCE WILL SPEAK.

Second Ward United Organizations to Instruct Their Councilman to Vote Against Mayor's Veto.

Officers of the Second Ward Civic Alliance, an organization composed of the seven improvement associations of the ward, have called a public meeting to be held this evening at 7:30 o'clock in the Temperance Temple auditorium, at Temple and Broadway.

The special object of the meeting is to express the indignation of the citizens of the Second Ward over the veto of Mayor McAleer, of the City Hall ordinance, and to instruct the Second Ward Councilman to vote to pass the ordinance over the Mayor's veto.

The improvement associations which will take part in the meeting are the Fort Hill Park Society, the Temple-street Association, the Angeleno Heights Society, the Edendale, Belmont, Sunset and West End associations.

In addition to these, an invitation is extended to the other improvement associations of the city to attend, and the citizens of the Second Ward who are not affiliated with either of these associations mentioned are also urged to be present.

Members of the Second Ward Civic Alliance feel that in this campaign for the new City Hall site their ward has been viciously slandered by men in prominent places, and they propose to make themselves heard on this point at this evening's meeting.

VERNON WANTS PUBLIC PARK.

WILL ASK COUNCIL TO BUY TRACT FOR PURPOSE.

Eyes on Ten-acre Strip Between Central and Compton Avenues—Considered Suitable for Flower Gardens and Playground for Children of Growing Part of City.

Another city park for Los Angeles may ultimately result from a meeting to be held on Monday evening at the home of Isaac Smith on East Forty-fifth street.

Citizens of East Vernon and Central avenues will petition to the Council for a park to be located in their thickly populated and rapidly growing section.

For years the desire of the Vernon people has been for a public park, but they have hesitated to express their desire to the Council. Improvements and growth have made them bolder, and the Council will be asked to purchase a strip of land ten acres in extent for park purposes.

On Vernon avenue, midway between Central and Compton avenues, is a strip of forty acres of choice property recently purchased by Bowen & Dolton. The city will be asked to secure ten acres of this tract, which is not yet subdivided.

The land is held at about $3000 an acre, and is as level as a billiard table. The fertile soil will lend itself readily to the cultivation of flowers and the laying out of lawns. The Council will be asked for an appropriation of $30,000, or more, for the purchase outright of this valuable ten-acre strip.

The real estate interests are said to favor the selling of ten acres out of the heart of the tract. This would allow the laying out of a park tract similar to the St. James Park district and would greatly appreciate the value of property in the vicinity.

There is no park east of Central avenue and south of the Los Angeles River. Beyond the proposed park site the city stretches for a mile eastward to Alameda street, and southward another mile to Slauson avenue.

Hundreds of families have recently removed to the Vernon district. The incorporation of the town of Vernon just east of the city limits has insured a large resident population. The manufacturing interests will center in the new town, and Vernon and Central avenue will, it is thought, still be the desired residence section.

It is predicted by those working for the park that the territory from the Arcade Depot south to Slauson avenue is to be the most thickly populated section of Los Angeles. The argument is advanced that, unless the Council decides to buy at once, no large acreage will be left for park purposes.

Rev. William Davies, pastor of the Vernon Congregational Church, said:

"Our people cannot afford to buy the property and present it to the city. Our district is growing most rapidly, and there is great need for a park. We have more children here than in any other section of the same size in Los Angeles."

FINE HORSES HIS TROUBLE.

Because the Animals Belong to Other Persons.

Thieves Fooled Him, Claims Trader Munsey.

Odd Story Comes up in the Alhambra Court.

Horses belonging to swell Pasadena carriages, supposed by their owners to be serenely brousing in a pasture at Rosemead ranch, have mysteriously turned up for sale in a barn in East Los Angeles.

J. E. Munsey, who says he has been victimized by horse thieves.

The proprietor of the stable, J. E. Munsey, looked up to by the neighbors as a man of eminent respectability, is in durance; he was examined and bound over yesterday for trial as an accused horse thief.

It is claimed by the officers that he is the head of a gang of Mexican rustlers who operate in the valley beyond Pasadena.

When he was arrested there were seven horses in his barn claimed by the officers to be all stolen.

Flocking to his defense, to rescue him by their testimony, came a number of horse traders who operate in this city.

The feeling has run so high in the valley where valuable horses have unaccountably disappeared that the little courtroom at Alhambra was buzzing with ranchmen when Munsey's examination came up yesterday.

VICTIM OF THIEVES?

Munsey claims that he is innocent, but, being a "tenderfoot," was fooled by a gang of Mexican thieves, not understanding their language or their wily ways.

It is rather an odd story, Munsey's arrest having been caused by a queer mistake in a bill of sale.

The undoing of the gang began with the theft of a horse from a ranchman named Sawyer at El Monte. It was taken from his stable on the night of September 13.

He straightway got out a John Doe warrant and set the officers scouring the country for the thief.

The afternoon of October 1 two sorrel mares were stolen from the pasture of Harry Rose at Rosemead ranch, one of the mares belonging to Mrs. Slate and one to the Holders of Pasadena.

The next day the horse markets of Central avenue were searched; one of the men there remembered having seen two such animals for sale. Finally they were traced through him to the stables of Munsey, on Avenue 18.

At that time the guilt of Munsey was not suspected. The officers met him coming out of his driveway with the sorrels hitched to a camping wagon. Before any explanation was made by the officers, he began protesting his innocence, saying that he had bought the mares from a Mexican; he said he had a bill of sale for them.

His wife went in the house after it, but when it was produced, it was found to have peculiarities.

PECULIAR BILL OF SALE.

It began "I, Pedro Medinas," but the name signed at the end of the same document was "Pedro Martinas," instead of Medinas.

This finally led to the arrest of Munsey; and a great roar resulted because the Alhambra constable put him in handcuffs, quite unnecessarily.

When it came to the proof yesterday, Deputy District Attorney Paul McCormack made a clever presentation of the case, but admitted, with candor, that the charge of grand larceny had not been made out; he asked the court to hold Munsey over for trial on the charge of receiving stolen property.

Justice Northrup paid an unusual compliment, however, to the prosecutor by holding that McCormack had made out a better case against Munsey than he thought himself, holding him for trial for grand larceny.

Munsey, on the witness stand, testified that the Mexican, Martinez, offered to sell him these horses, claiming that he had got them from an estate in Santa Ana to which he was heir.

Martinez, who is also under arrest, claims that he never saw Munsey before and knows nothing about him.

Immediately after being held for trial, Munsey gave bonds in the sum of $1000 and was released.

His Attorney, Mr. Marble, brought him at once to the city and before Judge Trask, where a writ of habeas corpus was sued out to be heard before Judge Smith next Wednesday. The ground is that Justice Northrup's action was illegal in holding him for grand larceny when the prosecutor consented to the dropping of the charge and the substitution of a charge of receiving stolen property.

IRATE NEGRESS PRAYS FOR HIM.

HUMANE OFFICER CONDEMNS HER HORSE TO DIE.

Declares She is a British Subject, and Resents His Desire to Feed Her Starving Animal—Great Work Done by the Local Society Last Year.

"I'se a British subjec', I is, an' I doan' want none o' yo' white trash comin' roun' heah a-feedin' my horse. D'ye heah me now, git off dis heah place."

This was the greeting received by Officer Zimmer of the Society for the Prevention of Cruelty to Animals, and a deputy, when they called at No. 2500 West Eleventh street, yesterday afternoon.

As the officers persisted in performing this unpleasant duty, they aroused the ire of the colored woman to the highest pitch of frenzy. She threatened to take their life and to inflict all sorts of nameless injuries, and as a final shot when they left the premises, the negress shouted after them:

"I'll pray every night for de humane officers to be sent to hell, dat's what I will."

James Lewis and his wife, who, within the past year, came here from Canada, live at the above number, the former trimming lawns and doing other light work for a living, while his wife takes in washing. The place has been found to be a torturing place for old horses that have become so crippled by age and disease that they can no longer work, for they have been kept in a barren yard and left to starve, the story of their only means of subsistence being too disgusting to repeat.

Neighbors called the Humane Officer two weeks ago, and a poor brute found in the yard was destroyed to end its sufferings. Yesterday notice came that another horse of the same kind had taken the place in the yard of the one destroyed, and had been starving there for several days. Zimmer went to see, but was thoughtful enough to take some feed with him to see whether or not the old horse would eat. Eating proved to be the old nag's long suit. While it is so crippled as to be incapable of standing on one of its legs, it pitched ravenously into the feed, and it was at this juncture that the negress announced herself to be a British subject and attempted to take the feed away from the starving animal.

She showed fight and was hard to intimidate, and only the coolness and firmness of the officers prevented trouble. She was notified that the horse would be taken away and destroyed, and after watching it eat the only dinner it apparently had seen for days, they drove off.

The last annual report of the society shows a tremendous quantity of work done during the year. There were reported to the office 1233 cases of cruelty, and 609 cases were at the instance of the vigilant officers, making a total of 1842 cases investigated; examined 2351 animals, relieved 321, destroyed 366 and suspended from work 436 horses and mules. There were 129 arrests, eighty-seven convictions, twenty-five acquittals and dismissals and seventeen cases pending; fines paid, $1236.

Considering the meager equipment and the few officers employed, this is one of the greatest records made by any county organization in the country.

WARRANT FOR BRIDEGROOM.

San Pedro Man Two Weeks Married Finds That Police Have Been Looking for Him.

After being married two weeks Charles Peterson became uneasy with the impression that his newly wedded partner in life was planning to cause him some trouble and consequently came from San Pedro yesterday afternoon and visiting the Police Station was confronted with a warrant charging him with obtaining money by false pretenses.

A. G. Linck, the complainant, avers that Peterson gave him a check for $30 drawn on the Central Bank of Los Angeles, and upon presentation of the paper it was found that no funds were deposited there. Peterson claims that he acted in good faith, being under the impression that $75 had been placed to his credit in the bank by another party. His wife, he stated, had $100 in the bank, but this had been placed in her own name following some domestic difficulty. He was released on his own recognizance and his examination set for Monday.

AN ENGLISH OPINION.

British Manufacturers' Agent Makes Flying Visit to Los Angeles, and is Pleased With Prospects.

Among yesterday's transient visitors was Sydney S. Birlet, traveling representative of one of the largest manufacturing firms in England, with works located at Bristol. Mr. Birlet came in the morning, and left on a late train last night. With him he brought a map of the city that he had already studied, the names of a number of men he wished to consult, and—a very necessary thing—a camera.

He spent the day very busily, and is delighted with the future prospects of Los Angeles.

Said he, at the Lankershim last evening: "I believe Los Angeles has a wonderful future, not only as a town for sightseers and pleasure seekers, but as an industrial center. This will come from the shipping interests which must eventually be established, and as well from the allied manufacturing interests which will spring up with them.

"I am traveling in America primarily to 'drum up trade,' as the Yankee expression has it, but my company, as does every other European concern of wide prominence, recognizes the great growth of the Western part of the United States—a growth that surpasses that of any other part of the country.

"We all know about San Francisco, but we have heard much about Los Angeles, and still know little of it. That is why I am down here on this very brief visit, before starting home for winter business."

Mr. Birlet says he does not represent capital that desires to invest, but he also adds that should he ever do so, he would direct the interests toward Southern California.

THE PUBLIC SERVICE.

SUMMARY OF THE DAY.

Mayor McAleer, late yesterday afternoon, vetoed the ordinance accepting the gift of a free site for a new City Hall on North Main street, near the new Federal building.

The Council Board of Public Works yesterday commenced cleaning up old files preparatory to making way for the municipal board.

The Navigation Company at Long Beach is having trouble with the City Trustees on account of excessive taxation, and has gone into court.

The finale of the difficulty over the change of name of the Cumberland Presbyterian Church was reached in Judge Wilbur's court yesterday, and then stood submitted.

AT THE CITY HALL.

MAYOR OPPOSED TO FREE SITE.

VETOES ORDINANCE FOR CITY HALL REMOVAL.

Thinks Location Should Not be Changed Until Question of City and County Consolidation is Settled. Councilman Healy Says Site May Yet be Accepted.

Mayor McAleer yesterday afternoon returned to the City Clerk, minus his signature, the ordinance passed two weeks ago by the Council accepting a free site on North Main street near the federal building as a location for a municipal building.

During the greater portion of the afternoon the Mayor was in consultation with City Attorney Mathews and Assistant City Attorney Goudge. At the conclusion of this conference the Mayor's Secretary filed with the City Clerk the following "veto" message:

October 27, 1905—[The Honorable, the City Council.] Gentlemen: I return herewith, without my approval an ordinance adopted by the Council on October 16, 1905, entitled "An Ordinance authorizing the acquisition by the City of Los Angeles of a certain parcel of land as a site for a new City Hall, and authorizing the acceptance of a deed therefor by the City Clerk in the name of the city, and authorizing the sale of the present City Hall."

Living in the First Ward, my first inclination is for the acceptance of the North Main street site for the City Hall. Not only is this my inclination, but that of a majority of my constituents in the First Ward, and of my many friends north of Second street. The location of the City Hall, however, is a matter which affects every citizen of the City of Los Angeles, and inasmuch as a majority of the population of the city is south of First street, I have felt it my duty to weigh carefully the objections urged to the North Main street site. Careful consideration has led me to the conclusion that the City Hall should not be moved to the proposed site.

The reasons which have lead me to this conclusion, and which constitute my objections to this ordinance are as follows:

That there is a probability of the consolidation of the city and county government, which, when brought about, may necessitate the consolidation of the City Hall with the Courthouse. Until this matter of consolidation of city and county government is settled, it is unwise to move the City Hall from its present location.

That there is an increasing sentiment among the people that the City Library should be removed from the City Hall. If this is done, the rooms now occupied by the library will afford a large additional space for city offices, and make the present City Hall adequate for our requirements for several years to come.

That the proposed acceptance of the North Main street site would involve a sale of the present City Hall site on Broadway. This, in my opinion, would be unwise, as the City Hall building would be of no value whatever for commercial purposes, and if the city did sell the site, it would get nothing for the building, which, for municipal purposes, is worth at least $100,000.

Again, if the city should sell its present site it would sacrifice not only the value of the building, but also the future increase in value of the site, the amount of which, will probably be very great.

That the City Hall is now within convenient walking distance of the greater portion of the present business center. The proposed site on North Main street is some blocks away from the business center, and the majority of taxpayers and citizens would be put to some inconvenience and loss of time in going to the proposed new site on North Main street.

The argument in favor of grouping all the public buildings in our city is a weighty one, and I would be heartily in favor of a scheme which would bring about such grouping, but the proposed site on North Main street is nearly as far north of the Courthouse as the City Hall on Broadway is south of it. The acceptance of the North Main street site would therefore not result in the grouping of said buildings.

I therefore return to your Honorable Body the ordinance without my signature. Respectfully submitted,

MAYOR.

The Mayor's action created considerable surprise in municipal circles as prior to the proffer of the free site he had always expressed himself as favoring a North Main street location for the new municipal building.

To some of his friends he explained his action by saying that he asked the people to send petitions to him setting forth their views as to the location of the City Hall. He said that the preponderance of expressions were in favor of declining the proffered site.

Councilmen who voted in favor of accepting the free site declined last night to give any expression as to what course they will pursue when the ordinance is received Monday.

"I have not given up hopes of securing the final acceptance of the North Main street site," said Councilman Healy who took a leading part in securing the offer of the location which the Mayor rejected. "I believe that the majority of the people of the city are in favor of the removal of the hall and I believe that they will find a way to make their wishes known."

READY FOR NEW BOARD.
PUBLIC WORKS CLEAN-UP.

Strenuous efforts are being made by the members of the Board of Public Works to clean up all the business before that body by the first of next year.

Yesterday afternoon the first assortment of ancient petitions and protests were brought forth from the pigeon holes of the committee desks and either recommended or ordered filed.

Under the provisions of the charter amendment creating a municipal Board of Public Works, the Council committee of that name will go out of office with the closing of the present year. While there is some question whether the Mayor and the Council will be able to agree on the personnel of the permanent board, the members of the present committee are arranging to have a clean slate for their successors whenever the change shall take place.

It is probable that the present committee will not lose its identity, but will continue to serve the city as a Public Service Commission.

Under the terms of the new charter amendment all franchise applications will continue to be considered by Council committees, but most of the details of street improvements will be handled by the new board.

Councilman Kern.

The two acts of the present board which have occasioned most comment are the revision of the specifications for street improvement and discontinuing the use of oil for laying the dust on certain thoroughfares.

The most drastic step taken in the revision of the specifications for street improvement is the cutting out of the section permitting the improvement of streets by the use of "natural soil."

In its place has been substituted a much more drastic specification and the board has established a rule to recommend improvement with natural soil only when the street to be improved is in a section where the soil in the roadway is gravel or decomposed granite. This limits the natural-soil section to a small portion of the hill district.

Property owners living in the vicinity of Sunset Park yesterday afternoon made a final appeal to the board to recommend to the Council the construction of a storm drain at Sixth and Rampart streets. Street grading in the Sunset district has blocked some of the natural water courses that a few years ago carried off the storm water in time of floods. Yesterday the property owners offered to bear half the expense of the storm sewer on Rampart street, provided the city will also construct a sewer on Sixth street. This Sixth-street drain was a portion of the original storm sewer scheme. Owing to lack of funds, the City Engineer has not recommended its immediate construction.

The estimated cost of the Rampart-street drain is $7000. Of this sum the citizens have offered to pay half. The board yesterday afternoon adjourned to go out and look the ground over. It will probably make a recommendation to the Council Monday.

Antonio Apache, a college-bred descendant of the old Arizona terrors, yesterday applied to the Board of Public Works for permission to fence in a portion of the city's land near Eastlake Park. He has secured a concession from the Pacific Electric Railway Company to locate a curio store on the company's land near the park. He desires to form an abbreviated reservation and has asked permission to fence in a part of the land of the water department. The board held his application for further investigation.

AT THE COURTHOUSE.

STEAMER LINE LOSES POINT.

LONG BEACH WINS FIRST ROUND IN WHARF FIGHT.

Restraining Order Obtained by Navigation Company Against Collection of License and the Tying up of its Excursion Fleet Dissolved, and the Case Now Will Go to Trial.

The Nelson-Napier Navigation Company, which operates a line of small excursion steamers from Long Beach to San Pedro and other points, has lost the first round of a contest with the city of Long Beach over the payment of a wharfage tax. Judge Bordwell yesterday dissolved a restraining order which the company had obtained against the city, and a finish fight in the courts is to follow in a few weeks.

The navigation company believes that the City Trustees of Long Beach want to compel it to pay more than its quota toward the rebuilding of the long wharf, not to mention the expenses incident to its maintenance.

The Trustees some time ago passed a license ordinance under which the steamers are rated at their carrying capacity and a tonnage tax imposed, and in addition it was made obligatory that every passenger landing on the Long Beach wharf should pay 2 cents as head money.

Up to that time the company had been paying a tax of $10 a month for the two ticket-selling booths on the wharf, and $7.50 a month tonnage tax, and with the 2 cents head money the monthly contribution of the navigation company would have amounted to about $117.50. But the company refused to pay, and negotiations have been pending for some time. Recently the company offered to put in and maintain a floating landing place for boats, if the city would be fair in levying a tax, but held out against the ordinance provisions.

Two weeks ago the city closed the three stairways used by persons getting on and off the boats. The watchman told the boat people that as soon as they paid their wharfage the obstructions would come down, but the navigation company refused to be coerced, and a steamer was sent to San Pedro to get a ship's gangway. This was laid from the wharf to the top of the cabin of the Nellie, and the steamers continued to ply. The city again intervened on the plea that the gangway had no side supports, and was dangerous to passengers, and prohibited the use of this mode of egress and ingress.

An injunction suit was then begun against the city of Long Beach and a temporary restraining order was issued. Yesterday City Attorney Knight of Long Beach appeared before Judge Bordwell, asking that it be dissolved, and Attorney Daly, for the navigation company, argued that inasmuch as each steamer is licensed under the Federal law the tax sought to be imposed by the city is really a tax placed upon a steamer trading between one port and another, and that it is manifestly impossible for the city of Long Beach to regulate the traffic of the Pacific Ocean.

The court said there was such difference in the facts that it was evident that both sides were about ready to go to trial, and he thereupon set the case for hearing.

WHAT'S IN A NAME?
CHURCH ROW IN COURT.

The dispute as to whether the Cumberland Presbyterian Church shall change its name to the Westlake Presbyterian Church was again before Judge Wilbur yesterday, and brotherly love was exemplified.

The story leading up to this change of name has already been told. The "Cumberland" Presbyterian Church is a dead issue; it has fought and gained the contest waged for many years; and with the change of creed in the Presbyterian Church differences have been wiped out. By mutual agreement both churches have combined. But Rev. N. F. Gill, a retired pastor who is a member of the Cumberland Church, objected to the amalgamation and appealed to the several church courts and was turned down. His final appeal is now before the final ecclesiastical court—the General Assembly, and as that body very seldom overturns the dictum of the two lower courts, the final adjudication is counted upon.

But the change of name is a corporation matter, and in that the reverend opponent of the things that be and his son, R. B. Gill, oppose the petition in court. Having fired the train, the petitioner took to the desert, where he is supposed to be mining. Meantime his father had attended to the contest in court.

Attorney O. B. Carter showed to the court that the opposition was merely an attempt to inject an ecclesiastical difference into a purely civil matter.

Attorney T. B. Clark, the legal light imported from Visalia to reinforce John H. Foley, sought to impugn the motives of Rev. Will D. Landis, and even went so far as to overstep the bounds of legal propriety. He was promptly called to time by Judge Wilbur, who told the attorney that it was highly improper to indulge in such language. Then Mr. Clark proceeded to cast some doubt upon the court itself, and was playing for another fall when he sat down, and the matter was submitted.

Though the point at issue is important and of great interest to churchgoers, it is not considered that from a strictly legal standpoint there is any foundation for the opposition raised by the one man against the expressed wishes of an entire congregation.

COURTHOUSE NOTES.
BREVITIES MISCELLANEOUS.

CRUELTY PROVED. Theresa Dithlepson was yesterday granted a divorce from Paul B. Dithlepson by Judge York, on the ground of cruelty. The parties were married in September, 1901, and shortly afterward the husband behaved in such manner as to constitute legal cruelty, and later on threatened the life of his wife.

ARRAIGNED ON INDICTMENT. Pedro Sepulveda, indicted by the grand jury for extortion, was yesterday arraigned before Judge Smith. The defendant is charged with having extorted $25 from J. Segrein on the representation that two Mexicans were going to report to the authorities that he was running a "blind pig" unless he paid him.

MIKADO'S BIRTHDAY.

Local Japanese Will Have Elaborate Exercises and Historic Play at Simpson Auditorium.

Local Japanese are making elaborate preparations for the celebration of the fifty-fourth birthday anniversary of the Emperor of Japan. The event will occur next Saturday evening, November 3.

On Saturday evening public exercises will be held in Simpson Auditorium, which will be elaborately decorated with the American and Japanese colors. It is said the decorative scheme will be even more profuse than that of last year, at which time several thousand people were attracted by it.

S. Shibuya, editor of the Japanese Daily News, or the "Rafu Shimpo," as it is known in the local colony, is chairman of the Executive Committee.

The programme will include an address from Mayor McAleer, and speeches, songs, and Japanese dances, besides a presentation of a historical play requiring twelve characters. Several Japanese women will appear on the programme.

This entertainment is especially for the Japanese colony, and no Americans will be admitted except those bearing special invitations. Last year the committees had much trouble because the Americans insisted on crowding in, and their own countrymen were not able to attend the celebration exercises. The crowds attempting to gain admission became so great that the police had to be called to maintain order. This year the list of American guests will be cut down to a very limited number, as the 3000 Japanese in Los Angeles and vicinity will of themselves more than fill the auditorium.

SECRET WORK BY STANFORD.

All in Readiness for Game With Indians Today.

Cardinal Pigskinners Seem a Pretty Hot Lot.

Berkeley's Weight Appears Greater—Line-up.

A closer game than last Saturday's is predicted for today when the Stanford gridiron stalwarts line up against Hempel's Sherman Indians, although after the drubbing administered by the wards of Knibbs, none now have nerve enough to bespeak for the braves anything but the worst of it. Only in the degree of the defeat is there much variance in expert opinion.

Considering that Stanford appears to be lighter material than Berkeley, and discounting the fact that Knibbs's aggregation seems to be that rarest of combinations, a big, and bullet-fast football team, the average estimate of a score under 20 to 0 seems reasonable. Few rate Stanford stronger than Berkeley; big fellows are not lacking in the Cardinal line-up, but the battle array of the Palo Altoans is by no means as impressive to the layman, and it would appear that the Redskins have a better chance today of holding down their opponents to a respectable score—defeat without disgrace as the hackneyed expression has it.

Coach Lanagan sent his squad through some secret signal practice yesterday—so very secret that newspaper reporters were politely requested to absent themselves. Whether Bro. Lanagan imparted any information as to the exact location of King Solomon's lost diamond mines, or just slipped his braves a few pearls of advice, without price, was only conjecturable from a neighboring housetop whence the recreants hied themselves, there to watch from ambush the "secret" proceedings below, not because there was anything desperate in the way of new formations uncorked, but just from the same motives probably that impels a boy to steal green plums that he can't eat if given them.

Lanagan is a businesslike fellow, energetic and apparently unusually conscientious. He seems to have done a lot of earnest work with the material at his command, which, on the whole, might easily be better.

Stanford evidently had emissaries on the battlefield last Saturday, as Lanagan is assiduously schooling his men in plunging through the sections of the line that appeared weakest in the Indians' last local appearance. End-runs and plunges through tackle were tried yesterday, but the alterations in the Indians' line-up are likely to make these tactics of less avail than at first thought.

Knibbs has brought south this fall a fighting, brainy lot of boys; keen-eyed, clean-limbed athletes who in addition are likely to prove a credit to [illegible] The veteran trainer, "Dad" [illegible] whose kindly face is coming to be considered one of the landmarks of [illegible], is with the team, and quite [illegible] talk of track prospects, which he considers very bright.

Student manager Barrett estimated the weight of the team at 170 yesterday and Quarterback [illegible] was willing to hunch the ante [illegible] pounds to the man, which is much nearer the truth than the average footballist is willing to come. Berkeley, if memory serves, will outweigh the present visitors not far from [illegible] pounds to the man, but in speed, and football experience there seems little to choose between the two. The splendid physical condition [illegible] California last week seems reflected in the rosy cheeks and bright eyes of the Stanford band; today's game will show [illegible]

[illegible] the lean, muscular type seems to predominate in the Stanford [illegible], huskies are not wanting. [illegible] Thompson—the nickname is given by his burly, line-smashing [illegible] is a case in point. He will play guard. This young man looks as if he might make 200 pounds [illegible]; he is built from the ground up like a brick block and is said to hit the line like a falling house. The line-up will approximate the following:

		Sherman.
	left end	Scholder (c.)
	left tackle	Lubo
	left guard	Blacktooth
	center	C. Coleman
	right guard	Morales
	right tackle	H. Coleman
	right end	Kennedy
	quarterback	Neafus
	left half	Lugo
	right half	Tortes
	fullback	Galt

For the redskins, Tortes will take [illegible] place at end in defense. [illegible] of Neafus back at quarter [illegible] a wise thing as he was [illegible] successful in handling the [illegible]

[illegible] and Charlie Coleman are still [illegible] weather from their last game, [illegible] be on the field as subs. Of emergency men there will be [illegible] the entire squad of forty will [illegible]

Frank Haggerty and Clar[illegible] will officiate this afternoon, alternate as umpire and [illegible] Traeger, the stock referee, [illegible] is a Stanford alumnus, will serve as head lineman. [illegible] strenuous objection could be raised as Traeger could not [illegible] in a football game, but [illegible] not to take a more leading [illegible] to his former connections.

HOLMES NOT DEAD.

'S ONLY SLEEPING.

Holmes of the University of Southern California, declares he has [illegible] into retirement, and is not [illegible] on the contrary is out to [illegible] and all teams now playing [illegible]

"[illegible] a game next Monday," [illegible], "and we want it bad. [illegible] play either St. Vincent's or Los Angeles High School on Monday or Tuesday afternoon. We will [illegible] St. Vincent's twenty-minute [illegible] longer, and the High School [illegible] halves, or shorter. Anything to get a game."

The Methodist aggregation will leave [illegible] for Palo Alto, where a [illegible] scheduled with Stanford for [illegible] Saturday. Holmes expects to make a good showing against the [illegible] eleven, and hopes to [illegible] down.

[illegible] with Berkeley is called off, [illegible] must be content with a [illegible] Stanford. The Methodists [illegible] to play U.C., but the [illegible] team has every date [illegible] the Stanford-Berkeley game. [illegible] declares he is most anxious [illegible] a game in this city for [illegible]. He does not wish to play [illegible] Tuesday, because the team [illegible] just before the Stanford [illegible]

[illegible] coach says his team will average about the same in weight as the High School. He cannot understand, he declares, why the High School boys will not give him a game. His team, he says, is no heavier than Occidental or St. Vincent's, and perhaps not as heavy. He does not want his schedule limited, but is anxious to play all teams in his class throughout the Southland.

As proof of the statement that he has not a heavy team, Holmes mentions such men as Best, quarterback, 120 pounds; White, half back, 140 pounds; Elliot, end, 146 pounds, and Shute, end, 148 pounds. These lightweights, he declares, are outweighed by any of the backs on the local teams. Charles and Chester Heigler, the Arizona elephants, are 198 and 199 pounds, respectively. These two men are perhaps the heaviest pair of players on any team in the Southland.

MUST WAIT FOR TERRY.

"BAT" HAS FIRST CHANCE.

[BY THE ASSOCIATED PRESS—A.M.]

NEW YORK, Oct. 27.—According to a morning paper, Terry McGovern and "Battling" Nelson have been matched to fight six rounds, probably before a Philadelphia club, about the middle of December. Joe Humphrey, Terry's manager, said yesterday that all other offers to fight McGovern must await th outcome of his bout with Nelson.

GOOSE EGGS FOR SIWASHES.

DOLLY GRAY SHUTS THEM OUT WITH THREE HITS.

But One Seattle Man Reaches Third Base and Only Three Get to Second Stopping Place—Vickers Touched Hard in Fourth—Bernard Makes Fine Running Catch.

Los Angeles, 3; Seattle, 0.

Three singles, a passed ball, a fielder's choice and a double to right field finished Rube Vickers yesterday, and after he had gone against this combination there was nothing to the game except catching the car home.

Rube is evidently a boy with a future, if he hasn't had a past, for he has the signs of being a good one. He has speed, change of pace and curves, but leaving out these he is a fair pitcher for any team. When he poses to pitch he has a hard looking grin over his left shoulder at a man on first base, but aside from this he isn't half bad to look at. He had us under the bed, scared to death for the first two or three innings, but in the fourth we got out long enough to muss him around for the three runs that won the game.

Dolly Gray was there with the genuine dope all the way and what he handed those fellows was just what they didn't want. Try as they could, but one of them could reach third base, and but three landed on second base, and no kind of game could be won with that kind of base-running. Only three hits were picked off Dolly and one or two of these would blush to call themselves hits.

About 1000 fans saw a very pretty contest, for the hitting was light and the fielding practically perfect. The bright stunt of the game was Bernard's long, hard running catch of Kane's short right-center field fly at the opening of the fourth inning.

The only runs of the game came on singles by Dillon and Cravath, a passed ball, Ross's double to right, a fielder's choice and Gray's single swipe to center. Before and after this fourth innings we could do nothing with Vickers, but there was enough enthusiasm in that fourth inning to do for the whole game.

FAT BATTING AVERAGES.

PITCHER CATES'S PERMISSION.

[BY THE ASSOCIATED PRESS—A.M.]

SAN FRANCISCO, Oct. 27.—Players today fattened their batting averages at the expense of Pitcher Cates of Portland. In the third inning, six hits produced seven runs, and five more hits in the sixth inning gave four runs. The game was too one-sided to be interesting.

NEW ORLEANS RACES.

PLANS FOR THE WINTER.

[BY DIRECT WIRE TO THE TIMES.]

NEW ORLEANS, Oct. 27.—[Exclusive Dispatch.] President Heaslip announces that the plans of the City Park race track for the coming winter are to open November 30 with twenty-two stakes, added money aggregating nearly $30,000.

O'BRIEN'S DOPE STOPS "KAUF."

Delaney's New Boy Asleep in the Seventeenth.

Clean Knock-out Ends a Fine Exhibition.

Oakland Slugs Two Pitchers. Eastern Horses.

[BY DIRECT WIRE TO THE TIMES.]

WOODWARD'S PAVILION, SAN FRANCISCO, Oct. 27.—[Exclusive Dispatch.] The twenty-round fight, tonight, between "Philadelphia Jack" O'Brien and Al Kaufmann of San Francisco ended almost at the close of the seventeenth round in a clean knock-out for O'Brien, who landed left and right to Kaufmann's jaw, sending him down like a log.

The fight all through was O'Brien's, owing to his superior cleverness. All the rounds were his except the eighth and the ninth, which might be called even, because in these Kaufmann made a spurt and held his own against O'Brien's rushes.

It was a fine exhibition of superior jumping-in, and by quickness and science inflicting fearful punishment on a young giant, who apparently was able to stand up and fight after he had received blows which ought to have knocked out any man.

After the first round, when O'Brien did not show to much advantage, because he was sizing up his opponent's reach and style, the Philadelphia boy was able, apparently at will, to hit Kaufmann in the face and mouth. Nearly all his blows were delivered on these features and on the ear.

Early in the fight, O'Brien had closed Kaufmann's eye, and later on, he punished the right eye in the same way. Never in any stage of the fight was O'Brien seriously injured, but after the eighth, Kaufmann played repeatedly for O'Brien's body, and landed punishing blows.

If the San Franciscan had had anything like the quickness or the accuracy in delivery he might have won the fight, for he certainly showed greater recuperative power than anyone who has fought here, with the single exception of "Battling" Nelson. His best blow was a left hook, but his right seemed ineffective. His enormous strength, however, made him formidable, and O'Brien always evaded his mix-ups.

O'Brien showed great cleverness in getting away from the rushes, for even to the end Kaufmann was dangerous. At the close of the sixteenth round, just as the gong sounded, Kaufmann landed a left swing on the mouth, which dazed O'Brien.

As Kaufmann is merely an amateur, this being his second professional fight, he made a remarkable showing, and it looks as if, with more practice, Delaney may have a real champion in him.

The public did not put up much money on the fight, but those who bet made a good clean-up, as they got odds in the afternoon of 10 to 6.

OAKLAND'S SLUGGING DAY.

MINOR BASEBALL.

GAME FOR SUNDAY.

The Christopher team of this city will go to Santa Monica tomorrow to play a match game with the crack Los Angeles Pacific club of that city. The Christophers have been taking a rest for several weeks on account of the scarcity of games, but Manager Treosti hopes that within a few days he will have signed up enough to fill his vacant dates during November. The line-up of the game tomorrow will be as follows:

Christophers.		Pacifics.
Howard-Gaynahl	pitcher	Harkness
Ferguson	catcher	J. Colbath
Terry	first base	Gray
Ganahl	second base	S. Colbath
Redmond	third base	Gabe
Wilson	short stop	Littlepage
Summerville	left field	Laswell
Coppeck	center field	Coover
Hague	right field	Henizsman

GAME TODAY.

In the game today at Chutes Park Tozer will do the pitching for Los Angeles, and possibly Miller for Seattle. Play will be called at 2:30 o'clock. It is the intention to use Tozer for the locals and Oscar Jones for Seattle in tomorrow's game.

ISAURO DE LA PENA has written an entertaining short story in Spanish for The Times Magazine of the coming Sunday.

If Mr. Bryan will kindly refrain from visiting Russia at the present juncture he will doubtless confer a favor on the authorities.

Count Witte is evidently having more trouble with the railroads now than he had when he was a mere ticket agent at one of the flag stations.

A discussion of how roads are made may prove interesting and even profitable, but most of us are a great deal more familiar with the subject of how roads are not made.

The Socialist idea is clear enough when one looks into it carefully. Their desire is to so arrange matters that they will be so busy attending elections they won't have time to work.

Marshall Field advises that the administration of municipal affairs in Chicago be divorced from politics. It ought to be easy to do it. Everybody knows that divorces are granted in Chicago upon the slightest provocation.

The present status of the Los Angeles Voters' League strongly reminds us of the condemned man who, in his last utterance from the gallows said: "I was born hard, I was raised hard, and I lived hard, and now to die this way—gentlemen, I submit to you—it's damned hard."

Since all that France desires Gen. Castro to do is to apologize for being rude, we think he might unbend a little and say that if he has done anything that France is sorry for he is glad of it, or words to that effect. He can say it in Spanish, if he wants to, and Alphonse won't know the difference.

We regret to see our Methodist brethren splitting on a discussion of "The Word before Abraham." The word then was the same as it is now, which is to say that brethren should dwell together in unity. But if anybody starts the talk for the purpose of raising a fight, the word should be "mum."

With the initiative and referendum, the recall and the imperative mandate all in good working order, Los Angeles would indeed prove a heaven for Socialists. There would be a change of public officers three times every day, with the exception of the office of Tax Collector, which would fall into new hands at least every ten minutes.

If we could afford to kill the town it would really be worth while to let the Socialists get up a charter in their own way and to suit themselves. On all the earth, or in the deep seas, or the heavens above, there would be nothing to equal that charter. If the Angel Gabriel could look down on the workings of it at the end of seven days he would blow the trumpet without waiting for orders from anybody.

As far as the warfare on tobacco is concerned, perhaps it might be just as well if the good ladies of the W.C.T.U. would postpone that battle for awhile yet. When the rum demon has been totally routed and driven into a state of coma, or some other state, where it can do no more harm, then it will be time enough to tackle the job of making men put away their pipes and cigars.

It has been clearly proved that the managers of the Mutual Life and the New York Life have been guilty of at least the two crimes of bribery and embezzlement. And the question now is are these men—McCall, McCurdy and their kind—to be sent to jail like other criminals, or are they to be allowed to escape, just because they are rich?

Not the least of those who came from the hills and the valleys of the South to show their love for the President, were the negroes. And well might they do so, for he has been their friend through stress and storm, their champion in their hour of trouble, their brave, true friend in the face of the mean, cowardly bigots who assailed them. But the negro is never ungrateful. It is not the heart or the soul of him to forget a friend.

Beside his crumbling throne stands the pathetic figure of the Czar. Sick and weary of the heavy crown that fate thrust upon his head, he would leave it all and fly with his wife and babies to the welcome obscurity that would mean peace. It is said his heart is gentle, that he loves music and the kindlier things of life. He has neither the murderous ambitions of Peter nor the blood-thirsting soul of Ivan. God knows he is not to be hated, but to be pitied, this man who was born to a position which his nature does not crave, and which his character unfits him to hold.

BUSINESS.

Extreme fluctuations marked trading in wheat at Chicago. Trade is still affected by the Russian situation. The close was weak, May at 90⅞@91 and December at 89. Stocks opened active at New York and closed weak. There was a strong upward movement of Standard oil on curb.

THE MAYOR'S MISTAKE.

In declining to approve the ordinance accepting the gift of a free site for the City Hall, the Mayor has made a serious blunder. While the Mayor has incurred the displeasure of a large majority of the people of Los Angeles by his action, that is a matter of small consequence beside the fact that by his veto the city is debarred, for the present, from the acceptance of a generous gift from public-spirited citizens and taxpayers. The non-acceptance will make the city poorer by at least $200,000.

It is no small matter to refuse a public gift like this. If the question were submitted to popular vote, the verdict would be in favor of the free site by a heavy majority. The weight of sound argument is clearly on the side of acceptance. The contentions on the other side are mostly sophistical.

But the Mayor has seen fit to listen to these sophistical contentions, and to allow his action to be swayed by them. In his veto message he adopts the same line of false and illogical reasoning that has been employed so persistently and so recklessly by the opponents of the city's best interests. The proponents and friends of the free site relied chiefly upon the obvious merits of their cause. They regarded it as impossible that so magnificent an offer would or could be rejected by the city. But the Mayor mistook for popular opinion the noisy clamor of the knockers. This is not an uncommon mistake. It is to be attributed rather to their lack of perspicacity than to any real intention to perpetrate a wrong.

Without attempting to enumerate the many false premises and wrong deductions that have been put forward to defraud the city out of the free gift to which it is justly entitled, one instance may be cited as an illustration. The Evening Express—which has been conspicuously active in the disreputable work—a few days ago contained an alleged plat purporting to show that the free site is only about 35 feet nearer to the Courthouse than is the present City Hall. The truth is that, by actual measurement, it is 700 feet nearer, or only one-half the distance from the Courthouse to the present City Hall. This is but one perversion of the truth, out of many which have been employed to swerve the easily influenced Mayor from the path of obvious duty.

The intrinsic merits of the offer made to the city remain unclouded. No person can look at this question with unprejudiced eyes and support the Mayor's sophistical view of the case. Perhaps he was influenced in part by a petition said to contain the names of one or two thousand of persons. It is a well-known fact that men will sign almost any petition for the sake of getting rid of the canvasser who presents it. If the friends of the free site had supposed such cheap expedients to be necessary to influence the Mayor, they might have secured five times the number of signatures to a petition in favor of the North Main street site. If the question were reduced to a mere matter of names, friends of the free site might have piled them up in overwhelming numbers, for the advantages of the offer were so many and so obvious that they could not successfully be controverted.

The duty of the City Council is as plain as a pike-staff. It should pass the ordinance over the Mayor's veto. If every Councilman had the best interests of the whole city at heart, the vote would be, as it should be, unanimous. It is not desirable that Los Angeles shall be regarded by the rest of the country as a city that does not know a good thing when it sees it.

Nothing could better illustrate the disrepute into which the United States Senate has fallen than the utterance of George Knight at the Track banquet. "I am not a candidate for anything," said George, disgust depicted on every feature.

Mr. Hearst will receive the same returns from the money he spends in advertising himself that a man receives for the money he spends when he advertises in a Hearst newspaper. "Ask the man."

BLEEDING RUSSIA.

While the news from Russia continues to a certain extent conflicting, it is entirely apparent that conditions in that unhappy country show little if any improvement at this hour. What the end will be no one less than a prophet may dare to predict.

When the ruler and the established government of a nation prove so utterly helpless, so weak and vacillating as the Czar and his council of grand dukes are proving themselves to be in the face of mob violence, anarchy and insurrection, it would seem that nothing short of chaos must result. The House of Romanoff appears to have wholly lost its grip. On the other hand the people are evidently emboldened to the point that they are determined to overthrow the autocracy at all hazards, no matter what the consequences may be. A worse condition of affairs cannot be imagined.

The one ray of hope on the dark horizon is that the Czar will place himself entirely under the guidance of Count Witte, and repudiate the reactionaries. If he does this, then we may entertain the hope that order and government will both be restored. That the news this morning is not bright, on the face of things, it must be admitted, but it is encouraging in so far as it leads to the belief that the more violent the populace continues to become, the more is the likelihood of the Czar seeing that to follow Witte's advice and direction is the only safe course to be pursued.

Count Witte's position is that the flight of the Czar from the boundaries of the empire, and the abandonment of the country to its fate, would be the worst thing that could happen. The people of Russia are not, in Witte's opinion, and in the opinion of the wise men of the world, prepared for a republican form of government. The Russians want a King and would doubtless want none other than the one they now have. But they do not want that King to continue as an autocrat without qualifications or limitations. What they do want is a constitutional monarchy. And that is exactly what Witte is asking the Czar to give them. Witte is striving to induce Nicholas to go before his people, grant them a constitution and show them that autocracy, with all its attendant evils, is forever a thing of the past.

The Czar has already shown a strong inclination to do as Witte would have him do. But hesitation and moral weakness seem to be the curse of that pathetic figure who sits on the throne of Peter the Great. Yet it has been shown that he can be scared into doing things, and there is every indication that the scaring process will be applied to his case with unceasing vigor until he finally surrenders. And when that stage is reached, Witte will loom up as the mediator who will calm the troubled waters with the oil of his great wisdom and unquestioned courage.

The world can but watch and wait and hope for the best.

OUR RECORD IN PORTO RICO.

Under the above heading Charles W. Tyler is publishing a series of articles in Harper's Weekly which will certainly attract general attention in the United States. If the statements made by Mr. Tyler be authentic, an inquiry by the government will be in order. His investigation purports to be "a thorough and impartial study of the conditions in Porto Rico resulting from American administration of the island's affairs." If the half that Mr. Tyler says be true, it is the plain duty of the government to grapple with a firm hand the abuses complained of.

In general form, the government in Porto Rico is based upon State and Territorial models in the United States. In one respect there is an important difference. As we know, there are in the United States, and in each State, three coördinate branches of government—executive, legislative and judicial. In Porto Rico the executive and judicial branches are based on our models. The lower house of the Porto Rico Legislature is also constructed on standard lines. It consists of thirty-five members, who are chosen by popular election, five being elected from each of the seven districts into which the island is divided.

At this point the organic law of Porto Rico diverges radically from our own constitutional forms. The Executive Council, which is not elective, acts also in the capacity of a Senate. It has a membership of eleven. They are chosen by the President of the United States, and six of them must be heads of departments in the insular government. These are the Secretary, the Attorney-General, the Treasurer, the Auditor, the Commissioner of the Interior, and the Commissioner of Education. It is provided that the other five shall be "natives of Porto Rico and citizens of good repute."

There is little need to say that it is contrary to the spirit of American institutions and ideals to permit executive officials (particularly if such officials be appointed) to exercise legislative functions. Only under stress of extraordinary circumstances, such as existed in the Philippines (and perhaps at first in Porto Rico) is such a thing to be permitted. In the case of the Porto Rican Council or "Senate," the six executive officers invariably have a numerical majority of one over the five native Porto Rican members. "The heads of departments alone," as Mr. Tyler points out, "are thus able to kill any bill which the lower house may send to them. It is as though the members of the President's Cabinet had seats in the United States Senate, with the further advantage that their united vote must always be counted as in the majority over the combined opposition."

It is evident enough even to the superficial observer, that men of discretion, integrity and ability must be selected for the executive offices in Porto Rico if our administration of affairs in the island is to be successful. Cheap politicians with axes to grind will never do. It is pointed out, with much pertinence, that a newly-appointed head of department might arrive in the island at night, "take his seat in the Executive Council the next day, and, by his single vote carry or defeat a bill involving grave consequences of public weal, or the reverse, in a country concerning the problems of which he may be totally ignorant."

There can be no doubt that this is a weak feature of the Porto Rican system. While it may have been necessary at the outset, no strong reason is apparent for maintaining the system if it has become unnecessary or obsolescent. It may now be safe—and if safe it will be well—to give to Porto Rico a Territorial form of government like that of Hawaii. If the Porto Ricans were allowed to elect their Territorial Council (or Senate,) as well as the lower house of their Legislature, the Governor, appointed by the President of the United States, would still retain the power to veto obnoxious legislation. This much, it would seem, might be conceded without menace to the stability of government.

As to the class of officials sent to Porto Rico, there is just cause for complaint if what Mr. Tyler says be true. He declares that "a very large percentage of the anti-American sentiment now prevalent on the island has its origin in the deeply-rooted conviction among the people that they have been subjected to great ill-usage in this matter of appointments." Without mentioning names—more's the pity!—he states that the head of a department, recently appointed, got drunk on the way, kept drunk for a week after he arrived, and finally, "brought up in a hospital on the verge of delirium tremens." Also that he recovered sufficiently "to resume a series of detached drunks, running through a month or so, and then went home, his record in Porto Rico as an exemplar of American citizenship quite rounded out and complete."

If these charges can be substantiated, the recreant official will have short shrift; for the President would never condone so grave an offense against the dignity and honor of the United States, against his own administration, and against the interests and good will of the Porto Ricans. If there is one thing more than another which the President insists upon, it is that Federal office holders shall be both competent and trustworthy, and shall carry their "message to Garcia" promptly, swiftly, by the most direct route, and at all hazards.

The President's Aides.

Grant, Sheridan and Lee as Roosevelt's military aides—the announcement seems a little anachronistic, but it is true. When the great men of the first three names held sway over mighty armies, Theodore Roosevelt was a boy of four, or five, or six years of age, who doubtless obeyed the early promptings of a rough rider, and careered about the back yard or nursery with a cocked hat made of a newspaper on his head, and his legs astride a broomstick horse. And now Grant, Sheridan and Lee are his aides!

But they are a Grant in the third generation, a Sheridan in the second, and a Lee who bears to the great Confederate commander the relation of a grand-nephew. President Roosevelt, in making up his military household at Washington, has been inspired with the happy thought of choosing these young officers for the agreeable duty. In view of the services of Grant and Sheridan to the nation in the older day, and of Gen. Fitzhugh Lee in a later day, there is no one who will begrudge them, for a year or two, the "soft snap" of White House duty.—[New York Mail.

SEMI-TROPIC OCTOBER.*

Here beneath October's sky,
Where the joyous butterfly
Still in happy gladness floats,
Where the music from the throats
Of unnumbered birds still rings,
And the budding blossom springs,
Sending forth its dewy sweets;
Where the golden sunrise greets
Verdant fields of ripening maize,
Where through all the orchard ways,
Through their aisles of shade and sun,
Is the ripening orange hung.
And the vineyards at our feet
Flooded are with juices sweet,
Comes the perfect autumn-time,
As to woman, beauty's prime.

See the wind across the corn
Ripple in the dewey morn;
See its emerald billows gleam,
Tossing in the amber stream
Of the sunlight's shining tide!
Bend and rise the tall stalks there,
With their streaming banners fair.

Half asleep the Morning lies
'Neath her azure tent of skies,
But at length the droning bee
Wakes amid the uplands free;
From behind the emerald wall
Of the eucalypti tall,
There is heard the robin's note
On the silent air afloat;
With his massive wings spread wide
Does the brown hawk slowly glide
O'er the walled and rocky steeps,
Frowning o'er the cañon's deeps,
And the mockingbird sings clear
From his airy hemisphere.

Arms of snow the lily lifts,
And within the orchard rifts
Where the parted boughs do swing,
Lo! the oriole comes to sing;
And the twittering sparrow peeps,
As the early worm he seeks.

O the glory of our skies!
Deep as vast infinities!
Cloudless as a perfect June
Sweet with blossoms' rich perfume!
All the air is pure and warm,
All untouched by cloud or storm,
And each forest leaf is crowned
With the sunshine falling round.
And on Nature's throbbing heart—
Lovers by themselves apart—
October leans with red ripe lips,
Holding in her finger-tips
Roses dewy-sweet and fair;
Fuchsias in her shining hair.

Nature leans and kisses her,
Where the wild bees are astir,
And her soft red lips are sweet
As the red rose at her feet.
And the splendor of her glance
Is brighter than the radiance
Of the starry eyes of May,
Or of June's most perfect day.

WOMEN'S CLUBS.

Friday Morning Club.

Mrs. Berthold Baruch, the first vice-president, presided at yesterday's meeting of the Friday Morning Club. The paper of the morning was a review of Hugo Muensterberg's book, "The Americans," given by Mrs. Belle Prof. Muensterberg is a German and one of the faculty of Harvard University, and the book was written for Germans and published in but has been translated into English and is intended to give the a better understanding of American life and character. Mrs. paper was thoughtful and and while agreeing with Prof. Muensterberg in many points, in she answered his assertions a not very gentle sarcasm. The was opened by Mrs. Schultze in brilliant and witty way and she of the need of a better understanding of Americans on the part of Germans. She said that they believed everything American was humand that their definition of an unAmerican woman was a creature who did not have sense enough to herself anywhere; one who instruction on all points of etiquette. Prof. Muensterberg's views largely colored by his life in Cambridge and Boston, where he undoubtedly met the best class of American society, his articles on religion in country she mentioned especially just and appreciative.

Mrs. Moore and Mrs. Boynton spoke question and Mr. Naher, a German architect, who was the guest of club, made happy remarks.

The club then adjourned for luncheon and reassembled for a business meeting. It has long been apparent the club must have larger quarters. It was voted that a committee of be appointed to coöperate with the board of directors in taking the first toward securing a new home.

The bylaws were so amended as to the office of corresponding secretary. A proposed amendment to the limiting the membership to one was voted down.

As the club quarters are too small the members of the club, it was unanimously agreed that it would be possible to entertain many guests, definite decisions on this point left to the discretion of the board of directors.

LONG MERCHANT IN THIS CITY.

DEATH CLAIMS W. C. BLUETT IN SANTA MONICA.

Born in Ireland, in Business in Buffalo, Burned Out by Great Chicago Fire, and Located Here in the Early Eighties as Member of Clothing Firm.

After a somewhat lingering illness, the embers of life went out for William C. Bluett, a very well known and highly respected merchant of Los Angeles, on Thursday about midnight. came to him in his home on avenue, Santa Monica, with those who loved him by his bedside.

It was not an unexpected event, but looked for momentarily for several days past. The deceased had reached the advanced age of 82 years.

William C. Bluett was born in Dublin, Ireland, and came to America a young man of 24. He settled first at Buffalo, soon moved to Detroit. Shortly after he went to Chicago, where he went into the clothing business in the firm of Edwards & Bluett. This was in and soon after the firm name was changed to Edwards, Bluett, Wilde & The business was destroyed by the great fire and it was the first business in the ruined city to rebuild after that disastrous event.

In 1882 Mr. Bluett came to Los Angeles and opened a clothing house under the style of Bluett, Daly & Sullivan. Daly was J. C. Daly, now of Ventura, and Sullivan is still a business man of Los Angeles. The store was in the Nadeau Hotel, then just completed. In 1888 the partnership was dissolved and the firm of Mullen & Bluett formed, the late Andrew Mullen being the senior partner. Mr. Mullen died in 1893. Then the business was changed to the Mullen & Bluett Clothing Company, which still exists.

William C. Bluett was a member of the Chamber of Commerce, of the Merchants' and Manufacturers' Association, of the California Club, and a charter member of the Newman Club. He was a public-spirited man and took the interest of a good citizen in all that went to make Los Angeles a greater and better city.

As a merchant, the deceased was very successful and as a man most highly honored in every walk of life. He was a devoted, practical member of the Catholic church, and gave much of his time and means to forward its interests.

The survivors are his widow, Mrs. Elizabeth Bluett, and a daughter, Miss

The funeral will be Sunday from the Cathedral of St. Vibiana at 2 p.m., and the interment in Calvary Cemetery.

TELEPHONE HER WOE.

Mrs. E. G. Lewis, residing at No. 607 Bixel street, has requested the police to locate the author of numerous telephone messages which she has been receiving at her home for the past few weeks. The messages, Mrs. Lewis states, are of the most vulgar nature, and she believes she is aware of the identity of the sender. A woman, against whom Mrs. Lewis recently offered testimony in a divorce suit, is alleged to be responsible, and the police will pay her a visit today.

"I believe I would be in the insane asylum if this continued much longer," declared Mrs. Lewis last night. "It has become unbearable, and has preyed so on my mind that I am completely unnerved."

AFFLICTED BAILIFF.

Pascual Hiriart, a bailiff in the court of Justice Chambers, was taken ill yesterday afternoon, and was treated at the Receiving Hospital. Hiriart was injured in the left knee about two years ago while pursuing a prisoner and has been able to walk little since that time. An order was recently issued making it necessary for police court bailiffs to secure the juries for their respective divisions, and this proved too much for Hiriart.

NOT ANTISEPTIC.

City Bacteriologist Leonard yesterday sent a communication to the Finance Committee declining to recommend the use on City Hall telephones of a so-called antiseptic mouthpiece. The bacteriologist said that she has examined a similar device and that she is convinced that it is not in any sense a germ destroyer.

Men's Neckwear — The selection of scarfs for Fall wear is an important matter for men just now. The scarf makes or mars a man's entire appearance. Choosing from the present Coulter stock gives a man his pick of the best silks in four-in-hands and clubs produced this season. Pay as little as fifty cents for some of the handsomest.

Men's Nightshirts and Pajamas — Judge them fairly—the fineness of the madras, satines and outing flannels—the details, the finishing, the good tailoring that makes them fit. Nightshirts 50c to $1.50; pajamas $1.50 to $4.00.

Luxurious House Coats — Every man likes to lay aside his business clothes with his business cares, and take his "slippered ease" in a luxurious and comfortable robe or smoking jacket. We've a gratifyingly large assortment, made of fine cloths in quiet or pronounced patterns. Robes $3.50 to $12; house coats $5 to $15.

Men's Hosiery — In men's hosiery we display styles that mirror the fashion for months to come; qualities that stand for all that is thoroughly good and desirable. In the less expensive sorts we show novelties at 25c, 35c (3 pairs for $1.00) and extra fine patterns for 50c; while for the luxury-loving man we have pure silk half hose at $1 to $2 a pair.

Fall Underwear — Just where you can buy the best sorts for the least money you will know if you come to Coulter's. Derby ribbed cotton of splendid quality at 50c a garment, and intermediate prices up to finest imported wool under garments at $4.

Underwear Underprice — Fine all wool high-neck-long-sleeved vests, in light blue only, reduced from $1.50 to fifty cents.

Union suits in an incomplete size range—gray, flesh and blue—cut from $4 to $2.

Mankind Shirts For Less — This is the shirt for which our store is famous; the shirt of which we sell so many to the city's best dressed women; the shirt that's trim and trig—built along roomy lines, but fashioned with consummate skill of tailoring. In certain stocks of these we find incomplete numbers; white ground with blue or black dots and stripes; plain gray and champagne, fastening with neat pearl buttons. These we've reduced in price from $2 and $2.25 to $1.50 each. Your wardrobe's incomplete without one or more of them.

Mohair Petticoats — Black mohair and satine underskirts made with double ruffles, pleated and with extra dust ruffle, splendid values at $2.50.

Undermuslin Department — Here's a sensible combination that will delight many women who like dainty lingerie at a modest price: Drawers, corset cover, long skirt, short skirt, trimmed alike gown, all of cambric, trimmed alike with imitation Cluny lace, beading and ribbon; the whole six for $6.00.

Outing Flannel Garments — Pure white gowns, embroidered in white or colors; blue, pink, plain or with stripes and polkadots, 50c to $3 each. Women's outing flannel skirts, 50c to $1; children's sizes, 35c to 50c.

Boys' nightshirts, in various styles, 50c.

IMMERSION UNESSENTIAL.

No New Sentiment With New Church's Leader.

Heresy Hunters Renew Fight for Mitchell's Scalp.

Local Branch of Railway Men's Y. M. C. A.

The first sensational announcement, from a Baptist standpoint, has just emanated from the new church formed by Rev. Joseph Smale. A bulletin issued from the First New Testament Church states:

"We hold that immersion, while it is the duty of all the Godly, is not a test of fellowship with the Father. We regard the new birth as the door into the true church, and we welcome everyone applying for membership in the local body who gives evidences of being a child of God."

"To those of us on the inside," said a member of the First Baptist Church yesterday, the church from which Mr. Smale resigned, "there is nothing really new in this announcement. We have long known that Mr. Smale was disloyal to the rule of our church which recognizes immersion as the biblical mode of baptism. It is only part and parcel, however, of many other disagreements he has had with the polity of the true Baptist church, and we are glad that he does not call his a Baptist church. It is not a Baptist church, and people are misled into thinking so, simply from the fact of long association of the name of Mr. Smale with the First Baptist Church of this city.

"There are other churches beside the New Testament Church, as they call it, that do not believe immersion to be essential, and therefore he cannot be censured for taking the same position, so long as he does not represent himself as a Baptist."

HERESY AGAIN BOBS UP.

The heresy charges against Prof. Hinckley G. Mitchell of Boston University, which had their origin in Los Angeles, and which were frowned down by the Methodist General Conference when it met in this city, have again bobbed up in the Board of Bishops.

The trustees took a hand in the matter some time ago and asked that Mitchell be removed from the university, but the bishops refused to take such action, and that was supposed to be the end of it, but the trustees seem to be in dead earnest and have once more called on the bishops to take the objectionable man away.

Rev. Harcourt W. Peck, now in Fresno, was the chief leader of the revolt against Mitchell during the conference, and with Dr. G. W. Coultas of Pasadena, and layman P. W. Powers of this city, kept the subject red hot until they were outvoted. The outcome of the new attempt against the objectionable professor will be watched with interest by Methodism.

WILL PREACH AT STANFORD.

Dr. Robert McIntyre, pastor of the First Methodist Church, is in Palo Alto, and will preach to the students of the Stanford University tomorrow. His pulpit will be filled in the morning by Dr. A. W. Adkinson, presiding elder, and in the evening Mrs. Hester Griffith will preside at a meeting under the auspices of the W.C.T.U.

SUNDAY-SCHOOL RALLY.

The Sunday-school temperance rally will be held tomorrow at 3 o'clock p. m., in the First Methodist Church, under the direction of Mrs. Stella B. Irvine, national superintendent. There will be addresses of welcome by Dr. H. W. Brodbeck of this city, and by Giles Kellogg and Mrs. George W. Duggar, on behalf of the State association. Annie Scheil Row, juvenile soloist, will sing "The Nazarene."

The national officers of the W.C.T.U. will be introduced, and the children will give an elaborate programme. Addresses will be made by Miss Anna Gordon, national vice-president, and by Floyd Starr, State president of the Loyal Temperance Legion of Michigan. Mrs. Celia Noll, State superintendent of California, will present the local legions, and prizes will be awarded for the best temperance essay.

RELIGIOUS NOTES.

Mr. Douglass, a musician and writer of Boston, has come to this city to take charge of the music at St. Paul's Pro-Cathedral. Tomorrow he will preside at the organ and conduct the choir for the first time.

Miss Callie Howe of Missouri, a noted lecturer of the W.C.T.U., will address the men's meetings at the Y. M.C.A. tomorrow afternoon at 3:30, and will no doubt attract a large audience of men.

Mrs. Lathe Scoville, State president of the Minnesota W.C.T.U., will address the vesper service at the rooms of the Young Woman's Christian Association at 4 o'clock tomorrow afternoon.

The women of the First Methodist Church are holding a "rummage sale" on Vignes street, for the benefit of the fund for church decoration.

At the annual business meeting of the First Congregational Church it was shown that $12,000 was contributed last year for local church expenses and $5000 for benevolences, which is a good record.

"Gentleness" will be the subject of Francis Murphy's gospel temperance meeting in Blanchard Hall on Sunday evening. There will be vocal solos by Mrs. F. B. Silverwood and Maud E. Richards and a large chorus choir will lead the congregational singing.

BIBLE LESSONS.

FOR SUNDAY-SCHOOL TEACHERS AND OTHER BIBLE STUDENTS.

Prepared for The Times by J. S. Kirtley.

SUNDAY, OCTOBER 22.

Zech. IV, 1-10. Power Through the Spirit.

THE CONNECTION.

The Samaritans delayed the work and discouraged the workers. They sent a committee over to Persia to tell Cyrus that these people were not building a temple but a citadel. Then Haggai, the prophet, rose up to encourage the builders and he preached from September to December 520 B.C. He was reinforced by Zachariah, who preached his first sermon in November (I, 1-7.) He speaks of images and florid rhetoric, like Ezekiel, and sees eight visions.

In the first vision, the angel horseman represents the enemies who have so overdone their commission to chastise Israel as to call forth God's mercy toward her. In the second vision, the four blacksmiths cutting off the horns of the four beasts represent the strength of Israel subduing her enemies that come from all quarters. The third vision shows that Jerusalem is to be much greater than they at present can measure. The fourth vision indicates the High Priest Joshua against the accusations of the adversary Satan. There had been the usual fault-finding with Joshua. The fifth vision is our lesson, and encourages Zerubbabel. The sixth reveals a book containing the record of their enemies fleeing away from the land, and also entering the house of every criminal to confront him with his deed. The seventh shows two women carrying away wickedness in the person of a woman in a barrel, to the land of wickedness. The eighth shows the four winds in chariots coming from the presence of God and going off to execute punishment on the enemies of Israel. Ezra should be read very carefully, to get the historical background of Zechariah's ministry. He is trying to cheer on the builders.

THE LESSON.

I.

The vision itself. 1-4.

"And the angel that talked with me came again, and waked me, as a man that is wakened out of his sleep. And he said unto me, What seest thou? And I said, I have seen, and behold a candlestick all of pure gold, with its bowl upon the top of it, and its seven lamps thereon; there are seven pipes to each of the lamps, which are upon the top thereof; and two olive trees by it, one upon the right side of the bowl and the other upon the left side thereof."

(1.) Zechariah's resemblance to Ezekiel.

There is a natural explanation in the fact that he was born and reared in captivity and had heard Ezekiel in person or had heard of his wonderful visions. God uses a man's equipments. But he was unlike Ezekiel in that an angel showed him the visions and interpretated them, instead of God in person. That is supposed by some to indicate that prophecy was declining.

(2.) The temple symbolized.

The vision that greeted the seer's eye now would bring to his mind the whole temple of the past and the temple of the future. The one piece of furniture familiar to all who had seen the old temple or drawings of it, or the vessels brought back from captivity, was the golden candlesticks that stood in the holy place. To the prophet it suggested the temple they were now building. It suggested Israel, too, having the same meaning in the vision that that it had in the old temple. In the old temple there were three articles of furniture in the holy place, the golden candlestick, the table of show bread and the altar of incense. They meant that the people, after atonement and cleansing at the alatr of sacrifice and the brass laver that stood outside, should offer their devotions to God, as suggested by the altar of incense; should offer the fruit of their toil as a thanks offering, suggested by the table of bread; should receive and give out the light that comes from God, as suggested by the candlestick with its ten branches.

(3.) The nation symbolized.

It meant that the Jewish nation was the light of the world, though their light was derived from God. In the vision there are seven branches to one candlestick, instead of the ten of the old temple. The new seems to have had the seven. Seven is the symbol of perfection. They were self-feeding, as the bowl containing the oil was high above the branches, and the bowl itself was fed from two olive trees, one on either side of it. To Zechariah it meant the temple in general, now to be restored, and the people, standing out as light that shineth in darkness. But there are some details which he does not understand, and in response to his questions, are explained and applied.

II.

The explanation and application. 5-10.

"And I answered and spake to the angel that talked with me, saying: What are these, my Lord? Then the angel that talked with me answered and said unto me: Knowest thou not what these be? And I said: No, my Lord. Then He answered and spake unto me, saying: This is the word of the Lord unto Zerubbabel, saying: Not by might, nor by power, but by my spirit, sayeth the Lord of hosts. Who are thou, O great mountain? before Zerubbabel thou shalt become a plain; and he shall bring forth the headstone with shoutings of grace, grace, unto it. Moreover, the word of the Lord came unto me, saying: The hands of Zerubbabel have laid the foundation of this house; his hands shall also finish; and thou shalt know that the lord of hosts hath sent me unto you. For who hath despised the day of small things? For they shall rejoice, and shall see the plummet in the hands of Zerubbabel, even these seven, which are the eyes of the Lord; they run to and fro through the whole earth."

(1.) The sustained nation.

In reply to Zechariah's question the angel explains it all, but before doing it, he secured Zecharia's fixed and absorbed attention on what he was to say, by asking, as if in surprise: "Knowest thou not what these be?" The prophet knew the candlesticks referred to the temple and to the nation, but something mystified him. The angel gave the central teaching of the symbol, leaving to the prophet to see how it was taught. The reason why the lamp burned is that the oil was continuously supplied; the reason the nation still existed and the hope of its future existence is that it will be supplied with grace. Its existence does not so much depend on a temple as on the spirit of God that fills the temple. It does not depend so much on the externals as on its supply of the oil of grace. Israel has no wealth, no splendor, no help; but she has the oil of grace.

(2.) The source of its strength.

Further, as the source of supply for the candlestick was in the perennial olive trees, with which the candles were connected, so a vital connection between Israel and God was necessary, and it was all sufficient to make her light glorious. Oil was always the symbol of the Spirit, as He was given to men to enable them to do their work. There was no effort from men to keep the light burning, no need of renewal, no noise, for the oil flowed silently through the tubes and into the lamps. So Israel should be restored and made luminous, not by "might," the influence of great persons, nor by "power," such as physical force of any kind, applied in any way, but by the Spirit, unseen as the oil in the tubes and bowl, noiseless as the flow of the oil. The obstacles in the way of their leader, Zerubbabel, are as a mountain, when we measure them by the standard of human power, but measured by the Spirit's power and God's purpose, they are reduced to the level of things insignificant; they do not rise above the dead level of the commonplace. While God is with a man, he is a success, even without any of the earthly forms of influence or power. We need not hesitate to undertake any risk for Him and we must rely on Him and and not on external or human strength. The foundation of the temple has been laid; the headstone will be put on by the leader, and as he does it, he will ascribe his success to God's kindness as he shouts.

(3.) A cheering message to Zerubbabel.

The assurance of success is more inspiring when the very name of the man who shall lay on the capstone is called. When this promise is fulfilled, they will trust the Lord all the more. Zerubbabel needed the encouragement too. Tradition has it that he was over at the Persian court, at that very time, trying to secure all necessary privileges and help. Moreover, many of the fault-finders were distrusting him and saying many ugly things about him. It was a comfort to him to know that God had chosen him, and that he would succeed. It was a rebuke to his enemies, and a stimulus to all his faithful followers. Many had made light of the small beginning in building the temple—few people, small means, slow progress. But God makes light of them, because they have not taken him and his purpose into account. Zerubbabel will hold the plummet in his hands at the finishing of the temple, and the perfect wisdom of God, symbolized by the seven eyes, probably engraved on the plummet stone will see and show his approval.

Moreover, Zerubbabel and his coadjutor Joshua were compared to two staunch oil trees, so useful were they to the nation.

WHAT THE MASTERS SAY.

The olive tree was the most familiar object in the Syrian landscape. Both the fruit and oil were in daily use as food, and the common and sacred lights were from the same source. The figure of the tabernacle candlestick, with an olive tree on each side, formed a composite group that presented no difficulty to the simplest mind.—[Wright.

This vision, which to the superficial eye might seem to be a glorification of the mere machinery of the temple and its ritual, is rather to prove that the latter derive all their power from the national institutions which are behind them, from the two representatives of the people, who in their turn stand before God himself. The temple so near completion, will not of itself reveal God; let not the Jews put their trust in it, but in the life behind it. And for ourselves, the lesson of the vision is that which Christian theology has been slow to learn, that God's revelation under the old covenant shone not directly through the framework, but was mediated by the national life, whose chief men stood and grew fruitful in his presence.—[G. A. Smith.

POINTS TO IMPRESS.

(1.) That angels are the family servants of God and wait on his children.

(2.) That all the forms of natural power, separate or combined, physical, mental, initiatory, social—cannot do what the spirit's power can do for us and in us.

(3.) That success in God's work depends on keeping in touch with God.

(4.) That contact with God is the condition of greatness.

(5.) That in small work with God we can achieve large things for God.

(6.) That good men who know God are the need of every nation.

(7.) That God gives suitable cheer to his servants.

(8.) That success anticipated is victory in advance.

CHRISTIAN ENDEAVOR.

A WORLD-WIDE ENTERPRISE.

Terse Comments Upon the Uniform Prayer-Meeting Topic of the Young People's Societies—Christian Endeavor, Baptist Young People's Society, Epworth League, etc.—For October 29, "The Foreign Mission Work of Our Denomination." Dan. II, 31-45.

By William T. Ellis.

No tendency in the present-day life of the Christian churches has been more marked than the increased interest in foreign missions. It is the topic which has first place in Christian thought. Young people's societies are making an amazing advance in mission study and in gifts to missions. A sound, thorough and discriminating knowledge of the foreign missionary enterprise in all its bearings has taken the place of the former spasmodic sentimentality. And without respect to creed, all the evangelical denominations of our time are unequivocally committed to the cause of missions.

It is a high privilege for any man or organization to multiply his or its work on the other side of the world.

The caliber of the men who serve at the outposts of civilization as Christian missionaries is illustrated by the case of Dr. Westwater, of Liao Yang, Manchuria, who has served man and God at this post for twenty-five years. Rev. Dr. J. H. De Forest writes entertainingly about him in a recent issue of the "Christian Endeavor World." Dr. Westwater, who is a physician, won the admiration of the Russians when they were building the Manchurian railway, and the Czar offered him a decoration. He declined it. The Chinese trusted him so thoroughly that they deeded over to him a Confusian chapel, for use in his work. The Japanese were so taken with him at the battle of Liao Yang, that Marshal Oyama invited him to a special interview, but the doctor was too busy caring for the wounded Chinamen to go. The field marshal, instead of being offended, sent him 2000 yen for his work.

The foreign missionary, says Dr. A. T. Pierson, is a fellow-worker with the Father, a fellow sufferer with the Son, and a fellow-witness with the Spirit.

Alert observers of the work on the field which is the world, are impressed with the wonderful news that comes from India, China, Japan and Korea, concerning the union of Christian forces. If coöperation and consolidation are the watchwords of the hour for the church in America, much more so is this the case in the mission field. The various branches of the great denominiations are merging into one. The Presbyterian Church in India is now being followed by the Congregational Church in India. Denominational divisions are being minimized; Christian unity is being exalted. There is good reason to believe that the churches on the foreign mission field will lead the churches at home in answering the Redeemer's prayer, "that they all may be one."

The two great phrases which fell last upon their ears as He was taken home, were:

The power of the Holy Ghost.

The uttermost part of the earth.

What Christ has joined together, we may strive in vain to put asunder.

PEDRO BATTLE TAKEN HIGHER.

Wharfage Fight on Before War Department.

Transportation Pool Would Build a Mole.

Other San Pedro Interests Call It "Grab."

With prominent representatives in Washington arguing their case before the War Department, the Southern Pacific, Salt Lake and Banning interests centering in the shipping of San Pedro are proposing to the government a scheme of improvement which they claim would tend to make that southern port, in time, one of the most important maritime centers on the Pacific—which it will doubtless become at any rate.

These plans have been kept a deep secret by the combined interests while for months they were being carefully worked out.

With everything in readiness in the way of maps and drawings and proposals to make to the government, R. E. Ingram, general superintendent of the Southern Pacific, A. S. Halstead, counsel for the Salt Lake, and Capt. William Banning and Hancock Banning of the Banning Company, posted off on their mission to Washington.

They propose to persuade the War Department to modify the plans of the government engineers for the development of the inner harbor of San Pedro by the substitution of plans conceived by the railway and Banning interests. They propose to argue that under the stimulus of the shipments of freight pouring into San Pedro, and with the prospect of the establishment in the near future of a trans-Pacific line from that port, "the foundation for the completion of the harbor lines can not be laid too broadly;" and they will, it is reliably stated, offer to bear the greater portion, and possibly all of the additional expense, if the government will agree to accept their plans in preference to the plans of the United States engineers.

In order greatly to increase the deep-water wharfage in the inner harbor, they will say, they propose that a mole be built from the north shores of the bay, headed toward Mormon Island and the present channel and almost two miles in length. On each side of this mole they would excavate a channel sufficiently deep for the accommodation of ocean liners and about one thousand feet in width; the mud and earth from the excavations to be thrown behind the bulkheads of the mole or jetty to reduce the expense of filling.

With the mole interlaced with railway tracks and either side of the jetty provided with landings, the railways declare the shipping facilities would be equal to the handling of all of the ocean-going freight of an important seaport.

From the land end of the mole they would make connections with the San Pedro lines, both of the Southern Pacific and the Salt Lake, claiming that the movement of freight to and from the wharves could be expedited "in a manner to prevent congestions of merchandise until the volume of business has grown even beyond the sanguine expectations of the most enthusiastic traffic managers."

They claim that if, on the other hand, the present plans of the government engineers are approved, no provision will be made for such a jetty into deep water, and the water frontage afforded them will be in no wise adequate to the needs of a greater San Pedro.

But other interests in San Pedro denounce these representations and overtures as an attempt on the part of these big shipping interests to obtain a monopoly of the water frontage.

It is understood that the deep-water wharves of the Huntington interests are a thing apart from the pool plans. Unlike the proposed docks of the steam railway lines, they are to be built into the deep water of the outer harbor. It is toward what will be the foot of these proposed outer harbor docks that the present San Pedro line of the Pacific Electric is being extended, and this work will be prosecuted regardless of the outcome at Washington, say those who ought to know.

EXAMPLE TO BE MADE OF HIM.

MAN WHO CAUSED AUTOMOBILE ACCIDENT JAILED.

George A. Jones Returns in Custody from San Diego Whither He Had Fled to Escape Prosecution for Violation of Speed and Number Laws—Warning to Chauffeurs.

Crestfallen, woe-begone and suffering from numerous bruises and badly blackened eyes, George A. Jones arrived in the city last night in custody of Acting Chief of Police Auble. Jones was arrested in San Diego Wednesday upon request of the Los Angeles police.

Shortly after Jones had been lodged in jail, friends appeared at the Police Station and deposited $100 cash bail for the appearance of the reckless chauffeur in the Police Court this morning.

Jones's case is interesting, especially to auto owners and drivers, in that he is the first chauffeur—amateur or professional—with the exception of Barbee Hook, to be prosecuted for reckless driving after an auto accident.

Hook's auto struck and fatally injured Miss Margaret Birtwistle and he was tried for manslaughter.

Only Jones and his companions were injured in the wreck of the Winton touring car when Jones drove the machine along Main street at an alleged rate of fifty miles an hour on the night of the 17th inst. The machine was wrecked, and Jones, a man named William Nelson and a woman were hurt.

Jones remained in the Emergency Hospital two days and when he learned that a warrant for his arrest would issue he left the city. His partner, Edward Hirst, part owner of the machine, also disappeared. Although Hirst was not a member of the party when the accident happened, the police may call upon him to do a lot of explaining in regard to the bogus number on the auto.

Capt. Auble says he intends to use every endeavor to convict Jones. A thorough test of the law will also be made in regard to the use of bogus numbers on automobiles. If satisfactory grounds can be found, every auto owner operating a machine in the city without a number duly certified to by the Secretary of State will be arrested.

Match Sale Today

Parlor matches are somewhat a departure from our regular lines, having neither a grocery or a crockery department. The business policy of this house, however, is to buy any good merchandise that can be sold at a price, and when a staple article like parlor matches, with an established price, is offered us, for less than the cost of production, we are usually not slow in making the deal. About 50 cases of these best matches made are offered in this lot. Quality is absolutely right and the prices are about half the usual charges. Buy all you want and anticipate your future needs. This is a trade happening not likely to be repeated.

BRENT'S

...Watch for Opening Day...

Unique Prizes—Things to See—and Bargains

We're Hurrying the Store to Completion

Everybody is wondering what the new Brent store will be like. Be patient a few days and we shall have the last article in its place and then—THE OPENING.

It's more than a furniture store. It's really a number of big stores under one roof.

- A complete Furniture Store.
- A complete Crockery Store.
- A complete Piano Store.
- A complete Carpet Store.
- A complete Stove Store.
- A complete Linen Store.

And besides all this, there will be splendid big departments of bedding, lace curtains and draperies, clocks, silverware and everything else for the home, hotel or office.

Worth seeing, don't you think so? And a store that does credit to Los Angeles.

The stock will comprise elaborate hand-made furniture, as well as the ordinary lines. In fact, every household want can be supplied.

The great point of all, however, is price, price, price.

From the very instant of opening, an aggressive campaign of cut prices will be commenced. We shall press the battle against the Trust until every man and woman sees the truth of our claim that Brent's prices are 25 per cent. to 40 per cent. lower than the Trust's.

We can hardly resist the temptation of letting you into the secret of our opening attractions.

Some of the things we shall give away; some of the things we shall sell at actual factory cost will fairly make your eyes open.

It's getting near the fateful moment. Be in readiness to respond. Don't be misled into making purchases at Trust sales when you will soon have the chance to pick from a brand new stock at 25 per cent. to 40 per cent. lower than any Special prices quoted by the Trust.

Meanwhile, at the Old Store, Our Old Stock Is on Sale at Sacrifice Prices

CHILD WOUNDED BY BIG DOG.

LITTLE GIRL VICTIM OF A COLTON CANINE.

Large Animal Leaps Against Her and His Feet Strike on Her Face. One Claw Penetrates to the Eyeball—One Eyelid Almost Cut in Two—Brute Pays Death Penalty.

COLTON, Oct. 27.—Little Eleanor Fuller, a two-year-old daughter of Mr. and Mrs. Harvey Fuller of Los Angeles, who, with their family, have been visiting here, was seriously injured yesterday morning. While playing with a great dane dog at the home of her grandparents, Mr. and Mrs. W. C. Fuller, on the Colton Terrace, the canine leaped against the little one, and his feet struck her on the face, and scratched it from the eyes downward.

A deep gash was cut under one eye; the eyelid of the other was cut almost in two, one of the dog's claws penetrating to the eyeball. It is thought that the sight will not be permanently injured.

The dog was a very large animal of its kind, and very valuable. It was killed soon after the accident.

SAN BERNARDINO.

CHAFFEES AGREE ON DIVISION.

SAN BERNARDINO, Oct. 27.—An agreement was recorded here this morning by Mr. and Mrs. W. R. Chaffee, of Uplands, by the terms of which Chaffee pays his wife $150 and, in consideration of this sum, she relinquishes all interest upon their home place at Ontario, and frees him from the obligation of supporting her.

Fausto Mazzoli and wife have instituted suit against the Southern California Railroad Company for damages in the sum of $50,000 for injuries which they sustained in a collision with a Santa Fé train below Arlington on the night of July 12, 1904. They were driving across the track when struck by the train, their little son being killed outright, and they and their little daughter severely injured.

The Gold Mining and Milling Company of Phoenix and Los Angeles has filed articles of incorporation with the County Clerk. The capital stock is placed at $1,000,000. The limit of indebtedness which the company can assume is named as $250,000, and Los Angeles and Phoenix are given as the principal places of business. The incorporators are: J. W. Wood of Needles; H. P. Ware of Blake; H. E. Hittle, J. J. Banta and J. W. Darlington of Los Angeles.

The police were called to the home of Frank Akers last night to protect Mrs. Akers and her daughter from his violence. It was stated that he had attacked the mother, and the daughter interfered, being struck and thrown from the house and that the other woman was then punished. The police found only one bed in the house, that being a mattress, and some old blankets spread on the floor in a narrow room.

Probably the oldest home place in this city, the Wozencraft place, was sold recently to Ralph Swing, a young lawyer, report placing the consideration at about $5000.

REDLANDS.

PLAYHOUSE TROUBLES SETTLED.

REDLANDS, Oct. 27.—In the Superior Court at San Bernardino this afternoon, judgment was rendered against the Redlands Improvement Company in the suit brought by the Russ Lumber Company and others to foreclose a mortgage given on the Wyatt Operahouse and land at Redlands, to secure the plaintiff in the sum of $17,530. The foreclosure proceedings were brought in a friendly way to settle the troubles which have involved the defendant company, and make it possible to clear up at once all the outstanding obligations, and place the operahouse in a position to be opened under a new management. It is announced that the playhouse will be opened November 1.

THIS BOY IN TWO LIGHTS.

BAD AND GOOD OF HIM IS TOLD IN COURT.

Father Testifies That the Lad is Incorrigible, and Says That He Habitually Swears and Smokes. Neighbors Say That for Two Years He Has Been Working Faithfully.

SANTA ANA, Oct. 27.—A pathetic case of alleged mismanagement of a child was revealed in the Superior Court today in the hearing of a complaint issued at the instance of E. C. Fransen, a school trustee of El Modena, and Christian Bentsen, blacksmith at McPherson, charging the latter's boy, Ernest, with incorrigibility and asking that he be sent to the Whittier Reform School.

The boy is 14 years old, the second in a family of seven children, whose mother was sent to the Patton Insane Asylum six months ago.

The father testified on the stand that he could not control the boy, and that the lad habitually swore and smoked. The school trustee recited a tale of Ernest's shooting off a pistol within a hundred yards of the school building and of his resisting his teacher when the pedagogue wanted to thrash him.

At this juncture a number of neighbors, chief among them Mr. and Mrs. Frank Sanders, appeared on the scene and turned the tide in the boy's favor by offering some of their observations. According to their story, the father does not properly feed and clothe his children and they cited instances where he had thrown hammers and other tools at Ernest when the boy did not obey promptly. For two years the boy has been working for Mr. and Mrs. Sanders and has proved faithful to them, so they said.

According to their expressed wish in court this afternoon, they want to provide a home for him, and arrangements will probably be made to that end, with Sanders appointed as probation officer and guardian.

TROLLEY LINE OPENING.

The committees on the celebration for the opening of the new electric road have made a definite selection, in conference with the electric officials. November 22 is the date set for the big celebration. It is expected that 10,000 visitors will be here then and the various committees are now at work preparing the details of the programme. The floral parade will be made the big feature of the day.

SANTA ANA BRIEFS.

Rev. W. A. Bailey, evangelist, will occupy the pulpit of the Immanuel Baptist Church Sunday morning and evening.

A marriage license was granted today to J. W. Crawford and Florence R. Taylor, residents of Tustin, each aged 25 years.

ANAHEIM.

BOND ELECTION DELAYED.

ANAHEIM, Oct. 27.—The City Trustees find that they cannot hold the election called for next month to vote on the bond issue of $60,000 for local improvements, as a mistake was made in publishing the call. The next election will not be called until after January 1.

CORONA.

CONGREGATIONALISTS TO MEET.

CORONA, Oct. 27.—The district meeting of the Congregational Missionary societies of San Bernardino and Riverside counties will be held here in the Congregational Church next Tuesday.

A plat of the Chase Nursery Company's Orange Heights tract, which has been divided into ten, twelve and fifteen-acre ranches, has been filed with the City Trustees for their acceptance.

The city now has options on property at Main and Eighth streets, owned by W. H. Jameson, P. Provensal and D. Lord, for a city hall site. The price is $2450.

Arthur Tuthill was knocked over and trampled on Wednesday by an angry bull that, unknown to Tuthill, had been turned into his horse corral. Assistance arrived and diverted the infuriated animal's attention so that Tuthill escaped with bruises and skinned arms and legs. The animal had been dehorned, or more serious injuries would have resulted.

RIVERSIDE.

NEW KIND OF MELON.

RIVERSIDE, Oct. 27.—O. D. Wilhite has originated a melon which is pronounced of superior flavor and which is said to be an uncommonly good keeper. It bears some resemblance to the cantaloupe and to the casaba melon. The average weight is about six pounds and in one of that size the space occupied by seeds is only about an inch in diameter. The pulp is solid all the way from the seed space to the rind, and is nearly all edible. The melon is long and egg-shaped and when ripe is liberally striped with yellow. It was originated two or three years ago, but this is the first season that it has been produced in any considerable quantity.

SAN LUIS OBISPO.

ACID END OF VETERAN.

SAN LUIS OBISPO, Oct. 27.—[Exclusive Dispatch.] Fred Becker, a veteran of the Franco-Prussian war, committed suicide here today by taking carbolic acid. He leaves a brother and sister in Oakland.

MINES AND MINING.

SMELTERS AT DOUGLAS.

ORE FROM BISBEE AND SONORA POURING IN DAILY.

Slag from the Dumps Made Before Days of Converters Besides Concentrates Added—Hammond Condemned Clifton—Electric Power Proposed—Silver City Smelter.

[SPECIAL CORRESPONDENCE OF THE TIMES.]

TUCSON (Ariz.) Oct. 26.—When the product of the great Copper Queen smelter at Douglas is figured for the year, it should not be forgotten that it has several important supplies of ore outside of Bisbee. The Copper Queen now is sending about 1500 tons of ore a day to Douglas, beside shipments of slag from the old smelter dump. To this supply now is being added the concentrates from the great Nacozari mines of Phelps, Dodge & Co., in Sonora, seventy-two miles south of Douglas. The concentrates are extremely rich and will add materially to the year's bullion output of the smelter. The slag was made before the days of converters and contains far more than enough copper to pay for its resmelting.

The Copper Queen is constantly employing more miners, to keep up the enormous ore supply required by the smelter and for pushing exploration work and the blocking out of new ore bodies. About 4000 feet of development work are done each month. The company's deepest workings are at the Lowell shaft, which is 1200 feet deep, but most of the ore hoisted is stoped between the three and eight hundred foot levels, wherein, it has been stated, is yet ore enough to run the smelter for thirty years to come. The capacity of the Douglas works is being increased steadily and it is probable that they will become eventually the greatest on the continent.

FIFTH FURNACE ADDED.

The Calumet and Arizona Company now has at Douglas a smelting plant of four large furnaces, with a fifth on hand, ready for erection. Three of the furnaces are kept hot, eating up 900 tons of ore daily from the company's Bisbee mines, as well as from their neighbors, the Lake Superior and Pittsburgh and Duluth properties, owned by Calumet and Arizona interests. The "blowing-in" of the additional furnace has rendered necessary the addition of seventy-five miners on the Bisbee end.

A well being sunk by the Copper Queen Company near its Douglas smelter has reached the depth of 300 feet, there securing an artesian flow of ten gallons a minute. It will be sunk deeper, in the hope of developing a much larger supply. The smelters, with the steam power plants, consume immense quantities of water.

In the Shattuck-Arizona mine, a crosscut on the 700-foot level exposed a full 100 feet of 25 per cent. cuprite and native copper ore, one of the phenomenal finds of the district.

An offer of $300,000 is reported to have been made to Schuck & Welch for a copper property owned by the firm in Sonora, near Cananea. Mr. Schuck is now in Los Angeles, while Welch is a miner in the Holbrook mine at Bisbee.

ELECTRIC POWER PLANS.

The latest scheme concerning the Clifton mining region is to bring to it power, electrically transmitted from Gallup, N. M., a distance of about 180 miles. At Gallup are millions of tons of low-grade coal, worthless for shipment, that could be used for the generation of power which could be delivered by wire much more cheaply than coal can be delivered in Clifton by the round-about railway service.

The Shannon Copper Company lately shipped from Clifton to the El Paso smelter a lot of ore averaging 53 per cent. copper. The Standard property, in the same district, has made shipments that have averaged 52 per cent. by the carload sample.

It is told in Clifton that Hammond, the mining expert of word-wide fame, once condemned as worthless most of the mines in the Clifton-Morenci district—mines which have since produced their millions in copper values.

MANY MINERS NEEDED.

Superintendent F. R. Close of the Helvetia mine states that 150 miners are now employed on the property and that the number will be doubled within a month. He even hints that he will eventually need 1000 to supply ore to the smelter the company will build. The 200-ton smelter will be blown in soon. The property is about thirty miles southeast of Tucson. It is reached by a seventeen-mile wagon road from Vail's station, from which point is is proposed to build a railroad.

BENSON SMELTER DEAD.

The Benson smelter project appears to have "gone to the bad." The smelting plant is complete, but it has lain idle for months. It is believed that the owners are waiting to see whether the Santa Fé railroad will be built from Dudleyville up the San Pedro Valley to Benson. If it is not built, the chances for the success of the smelter would be diminished in large degree.

It is now announced that the new furnace of the Comanche company at Silver City, N. M., will be in operation by January 1. The most important improvement will be a concentrating mill with 200 tons daily ore capacity. The machinery is to be driven by electrical power.

THE HEART OF A GIRL

BY RUTH KIMBALL GARDINER

"How long is it since we were children? It may be years according to the calendar, but it is only a moment seen through the pages of Ruth Kimball Gardiner's story—THE HEART OF A GIRL.

"Many different kinds of people will revel in this book. Those who value children for their qualities of entertainment will reward with hearty laughter Margie's futile efforts to be wicked. Kipling, who speaks beautifully of the loneliness of the human soul, might rejoice in this account of a born solitary's inmost feelings.

"Friends, foes, victories, defeats, quarrels, good times, cowardice, courage, heart hunger, fears, glories—it is remarkable the quiet fidelity with which they are made real."

TRANSFERS FOOT UP HIGH IN PASADENA.

Wealthy Winter Visitors Said to be Interested in the Trafficking—Unofficial Announcement is Made That There is Likely to be Police Interference With Coursers at Arcadia.

PASADENA, Office of The Times, No. 28 South Raymond Avenue, Oct. 28.—The report of one real estate dealer yesterday shows a list of sales made within the month aggregating over $100,000. The bulk of these transfers was made in behalf of the Crown City Investment Company, a new and comparatively unheard-of firm, which is said to be backed by several of the most wealthy men who annually visit Pasadena, in its purchasing enterprises. In this connection it is noted that Sir Charles Euan-Smith, a noted English street railway magnate who recently visited Southern California, has become interested in investments here, chiefly through information given him by President D. M. Linnard of the Board of Trade, who accompanied Sir Charles on his San Francisco trip.

D. M. Linnard has sold to Mrs. Caroline Walkley, through Ernest H. Lockwood, the unimproved property at the southwest corner of Maylin street anr South Orange Grove avenue, having a frontage of 137 feet on Orange Grove and a depth of 200 feet, and also a barn in the rear. The consideration named is $9500. The new owner buys for investment.

Swales & Austin have sold to Samuel Storrow, through the same agency, 140 feet front on the east side of Raymond avenue just south of Hotel Green, including the ground now used as a tennis court and ornamental garden, at the stated price of $21,000. This sale includes also the right of way between the Hotel Green and the property.

Col. James E. Montgomery, who has been a guest at the Green for several years, has sold to John H. Jacobs, through the same agency, nineteen lots fronting on Monterey Road, Marengo avenue and Lyndon street, in South Pasadena, price named $8500. Mr. Lockwood sold this property to Col. Montgomery a few months ago at $6500.

Colin Stewart has sold to the Crown City Investment Company, through Mr. Lockwood, the following properties: 365 feet frontage on Orange Grove avenue, 282 feet deep, situate at the southeast corner of Orange Grove avenue and California street, at $25,550; also at the southeast corner of Orange Grove avenue and Bellevue Drive, 142 feet frontage on Orange Grove avenue and 185 feet deep at $9230; also 100 feet frontage on Orange Grove avenue between Palmetto Drive and California street at [illegible]; also at the northeast corner of Pasadena avenue and Bellefontaine, [illegible] feet on Bellefontaine by a depth of 268 feet, price $15,000.

The Crown City Investment Company has sold to Colin Stewart, through Mr. Lockwood, house and lot, No. 144 South Euclid avenue, including furniture, at stated price of $12,000.

GOING AFTER COURSERS.

It was unofficially announced yesterday that there is likely to be police interference if the rabbit chasers out at Baldwin's Arcadia attempt a resumption of the sport next Sunday. The S.P.C.A. authorities are preserving a discreet silence as to what move they are going to make but, upon a hint dropped by a member yesterday, it is presumed the society has at last decided to act. Ever since the coursing was resumed, over two months ago, at least one representative of the Humane Society has been present at the sport each Sunday, so that corroborative evidence may not be lacking when the cases come to trial.

BAPTISTS DO CELEBRATE.

About 400 persons, members of the First Baptist Church, gathered around the festal board in the banquet room of the new church building last evening for the annual church supper. This religious denomination in Pasadena is in a flourishing condition, and the memorable dedication of the new building about a year ago, when $17,000 was raised in one day to pay off the indebtedness, was recalled with felicitation in the speeches made last night. The affair, incidentally, resolved itself into an informal reception to the pastor, Rev. Albert Hatcher Smith, and Mrs. Smith, who were only recently called to this field.

COLLEGE "FRAT" INITIATION.

The spectacle of a young man dressed out as a baby of 3, clasping a milk bottle in one hand and a doll in the other, a-wheel in a wheelbarrow propelled by an equally grotesque male figure, was the novel sight afforded pedestrians along Colorado street yesterday evening. The occasion was the initiation of several candidates into the Delta Sigma Nu fraternity of Throop Polytechnic Institute.

ELIOT EVENING.

"An Evening With George Eliot" was rendered at the new Shakespeare clubhouse last evening by Miss Mary Phelps, a young reader. Miss Phelps gave the reading, "Mrs. Poyer Has Her Say Out," from "Adam Bede," and scenes from "Armgart." She was assisted by the Mendelssohn quartette members, from Los Angeles, namely, Gertrude Cohen, Beulie Irene Chapin, Florence W. Snyders and James Davis Blatner. Miss Cohen gave a piano solo, Liszt's "Tarantelle," and Miss Chapin played a violin selection from Max Bruch.

OTHER HAPPENINGS.

The Non Nobis Solem Society of the English Classical School for Girls has begun its tenth winter's work. A bazar is planned for the first week in December, the booths to represent the different nations.

The opening of the Casa Grande Hotel will take place this evening, the occasion to be marked by an informal hop.

The second football team of the Pasadena High School is out with a challenge to any team in Southern California averaging not over 125 pounds.

The funeral of Mrs. Daisy Anderson, wife of Rev. Otto Anderson, assistant pastor of the First Congregational Church, was held yesterday afternoon at the church, and was largely attended. The services were conducted by the Pastor, Rev. Robert R. Meredith.

LORDSBURG.

SWAGGERKOOF AND HIS FIRES.

LORDSBURG, Oct. 27.—Now that the danger from forest fires is practically past for this season, the forest rangers are congratulating themselves that during the summer there has been no fire on this reserve. This is the first season for many years that they have escaped. All the fires this year have been on private property, below the reservation boundary. During the past season it is alleged that a German named Louis Swaggerkoof, who owns 160 acres of mountain land at the head of Sycamore Cañon, adjoining the reservation, has given the rangers considerable trouble by repeatedly starting brush fires on his property. Over a dozen different fires have been started, in some cases several acres being burned over.

WHITTIER.

FORAGER ABROAD.

WHITTIER, Oct. 27.—A crooked penman has been using checks of the First National Bank of Whittier and, by forging the name of a prominent ranch owner, has obtained considerable money. A Whittier merchant was one victim and others were two merchants at Hollywood.

MONROVIA.

FARMERS' CLUB MEETS.

MONROVIA, Oct. 27.—The Farmers' Club of Duarte and Monrovia met this afternoon at the home of Mrs. T. C. Forbes in this city, and welcomed a number of new members. There were two papers, one by Mrs. J. R. Cutting and another by C. B. Blaine, the horticultural inspector of this district. Mrs. Retta Wisvall gave a piano solo.

SANTA MONICA.

METHODISTS CELEBRATE.

SANTA MONICA, Oct. 27.—Thirty years ago the first church organization in Santa Monica was effected, and today the anniversary is being celebrated by the Methodist Episcopal society. The house of worship has been prettily decorated and an elaborate programme covering the day has been arranged to mark the passing of the milestone.

CLAREMONT.

BOULEVARD DECLARED ASSURED.

CLAREMONT, Oct. 27.—The much-agitated question as to whether or not Pomona and this place were to have an improved boulevard connecting the two places is settled. A joint committee composed of Messrs. Mel Campbell and Lee Mathews from the Pomona Board of Trustees, City Engineer W. H. Cochran, Street Superintendent S. I. Slanker and Oscar Overholtzer, from the Pomona Board of Trade, and I. F. Wire of this place, met and decided to apportion 1500 barrels of oil to the improvement of the roadway. This improvement will give a boulevard about ten miles in length, through some of the finest orange groves in the county, and with the mountains as a background, will make it one of the picturesque and scenic drives in the South.

DEATH LIKELY AFTER FIGHT.

QUARRELSOME SAILOR SERIOUSLY HURT AT REDONDO.

In Drunken Condition, So It Is Alleged, He Challenges Mate and Strikes Him, Whereupon He is Knocked Down by That Officer and Receives Serious Wound.

REDONDO, Oct. 27.—What may prove a fatal quarrel happened this morning aboard the schooner Winslow, in command of Capt. Hutton, lying at wharf No. 2.

Trouble has been brewing for two days between the crew and officers. The old crew left the vessel Wednesday and a new one was secured.

Some of the new sailors took to drinking very heavily and one of them named Cedarstrom seemed to want to pick a quarrel with the first mate, J. W. Giffin, and ordered him out to fight, so it is alleged.

The mate refused, saying he did not want trouble. This morning Cedarstrom went upon the upper deck in an intoxicated condition and called to the mate to come out, and it is stated, as he did so, struck him a blow in the face.

The mate quickly responded with a heavy blow, knocking the sailor down sixteen feet, the latter striking his head on the hatch. He was picked up in an unconscious condition and carried to the doctors' office for medical attention, and there seems to be little hope for his recovery.

The mate was arrested and placed under $200 bonds.

DIES IN LOS ANGELES.

Mrs. Caroline Hammer, wife of Peter Hammer, died at a sanatorium in Los Angeles Wednesday, after a long illness. Mrs. Hammer was a native of Sweden and was 58. She had been a resident of Redondo twelve years.

LONG BEACH.

TALK OF SALT LAKE CUT-OFF.

LONG BEACH, Oct. 27.—The presence of a surveying corps north of town the past few days and the route followed is taken as an indication that the Salt Lake road is contemplating again a plan that was once before under consideration. The plan is that of building a cut-off from Bennett station and skirting the northern city limits to run across the flats to its terminals on the east side of the bay, for the purpose of reducing tre grade and shortening the line for their freight traffic. This would relieve Ocean avenue of the incumbrance of freight trains except the local for Long Beach. It is also rumored that the passenger service between Los Angeles and Long Beach and its western annex (Terminal) is to be cared for by electric motors.

Long Beach capitalists who have large holdings at Laguna Beach and Oceanside are elated over the news that Otis Jones of Laguna has this week purchased 1000 acres of mesa land adjoining Laguna on the west, presumably for the Pacific Electric.

Edward Olsen, a carpenter employed on the Pine-avenue school building, was struck by a heavy scantling which cut his scalp open and rendered him insensible for some time. No serious results are feared.

Henry C. Waterman died yesterday at the home of his daughter, Mrs. Adams. He was born in Oneida, N. Y., in 1815 and was probably the oldest man in Long Beach. The funeral was held today.

Richard Leamey, a fruit peddler, was arrested today for alleged selling of grapes under weight and will have his trial Monday morning.

The Pacific Electric is securing rights of way through Riverside tract for its branch line from Long Beach to Wilmington.

The local W.C.T.U. will hold a public mass meeting at the Tabernacle Sunday afternoon which will be addressed by Mrs. Ada Unruh of Oregon, national W.C.T.U. lecturer, and Mrs. Mary E. Teats, national evangelist of purity. Music will be furnished by the Methodist Ladies Quartette and a male quartette.

Workmen are enlarging the seating capacity of St. Luke's Episcopal Church and remodeling the interior to provide room for the enlarged boys' choir.

The old Thornburg home place on the side of Signal Hill is to be platted and placed on the market.

It was a quiet day on the Los Angeles Stock Exchange yesterday with bidding fairly active and little trading, none of the securities was to be had, accepting Associated Oil, and only 1667 shares were brought out at prices ranging from 56¾ to 57¼. It was a slight improvement over the level of the day before because brokers seemed more anxious to secure the stock. What the stock will do today no one can tell, although there was a report of considerable activity in the near future. That, however, is mere talk and an unsafe guide.

Central lost fractionally and Mexican Petroleum went off a point. Union, however, went up from 1.15 to 1.20, and on the street Lyman Stewart bought 1000 shares at 1.20. Mexican Petroleum, the twin security, was also in keen request, and climbed from 2.20 to 2.25, with none of the stock to be had.

Hecla Mining gained ¾, while Johnnie Consolidated went off ½; Searchlight gained 5 points.

Central Bank gained 5 points, closing at 2.11, without offerings, and the West Side Bank gained 1½ points, with no stock offered.

Corona Power and Water bonds made an ¼ and Mission Transportations gained 3 points.

United States Long Distance Telephone made another gain, closing at 60, a fraction above the close of the day before.

A bid of $1500 was made yesterday for a seat on the Los Angeles Exchange.

The Home Telephone Company of Oakland has been granted a franchise. A large part of the stock of this company is owned in Los Angeles.

The San Diego $120,000 4½ per cent. bonds have been awarded to Adams-Philips Co. of this city, at 106.10.

The German-American Bank of Anaheim has been opened at Anaheim; capital, $25,000; president, H. W. Chynoweth.

The Farmers' and Merchants' State Bank of Mountain View, Cal., will open its doors for business, Nov. 1. Paid up capital, $25,000; president, J. S. Mockbee.

THE MONEY MARKET. Money is easy with no change in rate.

Time money, 60 to 90 days, 4 per cent.; from 4 to 6 months, 4 per cent.

Commercial paper, 60 to 90 days, indorsed bills, 7 per cent.

FINANCIAL SITUATION. The business situation divides itself into three parts.

1. The extraordinary activity and profit in all branches of trade.

2. The demands, financial and mercantile, at home and abroad upon the credit market.

3. The disposition displayed during the past week in the speculative markets to discount the prosperity without much regard to the conditions of the money market.

Money conditions have undoubtedly improved during the past week, both at home and abroad. The demands upon London for gold were less severe. The interior demands upon New York for currency are falling off. Nevertheless, there is a most active employment of credits. The most notable development of the past week was a rise in foreign exchange. It is evident that the gold import movement is over, so far as further engagements are concerned, and that gold exports in November are not improbable. Preparations are already making for the large Russian loan, and, while Paris has for months been safeguarding herself for such a demand as this, it must necessarily cause a greater or less pressure upon the international money markets, and will to some extent be felt in New York, which is always the cheapest market for gold in the world. This is the most important feature of the financial situation, but there is every indication that the money market here and abroad is able to meet every legitimate demand without undue strain, unless some extraordinary and unforeseen event occurs. It should be remembered that this country possesses "a second line of reserves" in the $25,000,000 in the treasury, which Secretary Shaw could, if he chose, throw into the banks without materially weakening his working balance. The bank statement is practically disregarded as not longer revealing actual conditions.—[Wall Street Journal.

LOCAL PRODUCE MARKET.

The produce market was rather quiet yesterday with few changes in prices. But fresh ranch eggs continued scarce and firm at 38 cents with a tendency to go higher, on account of decreasing receipts and conditions in the north. Eastern eggs are in fairly good supply and these are being freely drawn upon to meet the demand for fresh ranch. Butter was also moving lively with receipts about adequate to meet the demand.

Grapes were in good supply and inclined to weaken, especially in Muscats, which were selling at 75 to 90 cents. Tokays, Cornichons and other varieties being about steady.

Strawberries arrived in light supply and continued firm at 10 to 12 for Gardenas and 12 to 18 for Tropicos. Blackberries were firm at 11 to 12 cents.

Pomegranates were unchanged at 60 to 75 cents.

Apples were in liberal supply and met a good buying interest; Spitzenbergs, 1.50 to 1.75; Gande, 1.25 to 1.75; 20-oz. Pippins, 1.00 to 1.25; Ben Davis, 1.00; Bellefleurs are cleaning up.

Burbank potatoes were jobbing at 1.15 to 1.25 a sack. Silverskin onions were in a little better demand and jobbing at 75 to 1.00. Pickling onions were in moderate demand at 5 cents a pound.

Tomatoes were about steady at 40 to 50 cents; cucumbers, 60 to 65; but there was a little better feeling in peas and beans, the one selling at 3½ and the other at 3½ to 4 cents. Other vegetables were unchanged.

Fish and lobsters arrived in sufficient quantity to meet the demand.

Wild ducks and jackrabbits were scarce and wanted.

Receipts of local poultry were light and the market was firm at unchanged prices.

Local Citrus Movement.

The shipments of citrus fruits Thursday were 0 carloads of oranges and 9 carloads of lemons; grand total, 29,558, of which 4382 were lemons.

NEW YORK MARKETS.

SHARES AND MONEY.

[BY THE ASSOCIATED PRESS—P.M.]

NEW YORK, Oct. 27.—The market started off at an active pace, today, but the first hour of trading absorbed the bulk of the day's business, and thereafter there was a notable shrinking in the volume of transactions until the close, which was weak. The activity of the first hour was closed by a contest between conflicting forces. There was large selling for foreign account, and the market was plainly under the continued influence of depression manifest at the close yesterday. Support was forthcoming, but it required quite large buying to sustain values against the selling pressure. When the decline was arrested, prices crept up again, and for a long time hung practically suspended about last night's closing level. Movement in special stocks continued a feature without much effort on the general surface of the market. The Northern Securities group came into prominence on the assumption that the return to New York of the head of the Union Pacific Company would be followed by developments in the Northern Securities scheme. There was nothing authoritative on this point, and the operations seemed confined to the trading element. The foreign selling was attributed largely to unsettling effects of the disturbed state of affairs in Russia. Continental centers were reported sellers of securities in London, and apprehension was said to be felt for the issue of the proposed Russian loan, and that the tie-up of money in preparation for it extended for this reason. Foreign exchange continued strong in this market, but no exports of gold were announced. There were reports that a gold outgo to South America from here in payment of London obligations there was also in prospect. The estimates of the week's currency movement with the interior indicated a nominal gain by the banks, and the gain in subtreasury operations was also reduced to nominal proportions by the subsidence of pension payments. Money on call was in brisk demand in London, in connection with the pay day for the Stock Exchange settlement. Among the news developments applying to special properties, United States Reduction and American Smelting were affected by the reports of the sale by the former to interests largely represented in the latter company of holdings in the Utah Copper Company. The recent weakness of Rock Island found an explanation in the statement of net earnings for September, showing the gain in gross earnings almost all absorbed by the increase in operating cost, while for the affiliated St. Louis and San Francisco system, the heavy increase in operating expenses served to cut down considerably the net returns. The strong upward movement of Standard Oil in the curb market was a subject of comment, and had some influence in keeping the mid-day stock market firm. Exports of wheat for the week rose 1,464,622 bushels over those for last week, and there were reports of very urgent demand for vessel room for further shipments in prospect. This development did not affect the strength of the foreign exchange market. The stock market held its recovered level poorly, and during the last half hour of the trading fell back to the lowest for the week, and closed inactive. Bonds were heavy. Total sales, par value, $2,180,000. United States bonds were all unchanged on call.

STATE OF TRADE.

DUN'S WEEKLY REVIEW.

[BY THE ASSOCIATED PRESS—P.M.]

NEW YORK, Oct. 27.—Dun's Weekly Review of Trade tomorrow will say that, almost without exception, reports are favorable regarding the nation's commercial progress. A needed decline in temperature has stimulated distribution of wearing apparel and other seasonable merchandise. A sharp advance in prices of leading farm staples was accompanied by the greatest activity of the season in option markets, and the average of the sixty most active railway securities established a new high-water mark, although the outside public was not a prominent factor. Railway earnings in October were 6 per cent. larger than last year.

Bradstreet's Review.

NEW YORK, Oct. 27.—Bradstreet's tomorrow will say that activity in fact buoyancy, still characterizes practically all lines of trade and industry. The long-awaited materializing of European demand for our breadstuffs is apparently now at hand. Business in this line, it is claimed, is now limited only by vessel room capacity. Higher prices for nearly all farm products have helped demand in agricultural districts, and to a certain extent improved collections. Industry retains the lively appearance noted for some time past. In railway lines, the efforts making to handle the immense business offered are such as were never put forth before. Taken as a whole, the situation is one which finds no precedents for this season of the year, and stress is being laid upon the need of conservatism, if runaway markets are to be avoided. Lumber is active for this late date in the season, and a large cut is certain this winter. Business failures in the United States for the week ending October 26, number 178, against 179 last week, 190 in the like week of 1904; 217 in 1903, 194 in 1902 and 172 in 1901. In Canada, failures for the week number 22 as against 31 last week, and 22 in this week a year ago. Wheat, including flour, exports for the week ending October 26, are 4,367,160 bushels, against 2,821,462, last week, 1,479,831 this week last year, 4,000,873 in 1903, and 5,997,679 in 1902. From July 1 to date, the exports are 36,972,428 bushels, against 22,461,961 last year, 53,801,637 in 1903 and 60,822,937 in 1902.

Bank Clearings.

NEW YORK, Oct. 27.—The following table, compiled by Bradstreet, shows the bank clearings at the principal cities for the week ended October 26, with the percentage of increase and decrease, as compared with the corresponding week last year:

GENERAL EASTERN MARKETS.

GRAIN AND PRODUCE.

[BY THE ASSOCIATED PRESS—P.M.]

CHICAGO, Oct. 27.—Extreme fluctuations marked the trading in the wheat pit. The volume of business was of larger proportions. As a result of an advance of 1⅛ to 1½ in the price of wheat at Liverpool, the market here opened strong, with May up a shade to ½ to ⅞ at 91⅞@92⅛. December opened unchanged to ⅛ higher, at 89½@90. Demand was extremely active. Commission houses had come into possession of an almost unlimited number of buying orders over night. The orders had apparently been placed in large part by foreigners, and by that part of the American public which is quick to enter the market when an occasion like the present develops. The sharp advance, however, brought out realizing sales of a wholesale kind. Toward the end of the first half hour, the market yielding to continuous profit-taking, some reaction occurred. Offerings then seemed to suddenly cease, and prices again started upward. A cablegram from a prominent banker in London, claiming that all business in Russia had been suspended, owing to strike disorders, caused a fresh outburst of buying. The price of the May delivery jumped to 93⅝, while December went up to 90¾. Throughout the remainder of the session, the market was decidedly nervous, fluctuations in prices being ⅛ to ½ between trades. During the last half hour the market became notably depressed in consequence of general profit taking. Prices sank lower and lower, until May had touched 90¾ and December 88⅞. The market closed weak with May at 90¾@91, a net loss of ⅜. The December option closed ¼ lower, at 89. General liquidation caused weakness in the corn market. December closed ⅜ off, at 45⅞. The situation in oats was similar to that in the corn market. December closed ⅛ lower, at 30½. Provisions were a trifle easier on selling credited to local packers. At the close, January pork was off 5@7½; lard was down 2½, and ribs were 5 cents lower.

The leading futures closed as follows:

SAN FRANCISCO MARKETS.

FRUIT, GRAIN AND PRODUCE.

[BY DIRECT WIRE TO THE TIMES.]

SAN FRANCISCO, Oct. 27.—[Exclusive Dispatch.] Deciduous fruits moved slowly in jobbing ways today, and the general market was quiet and uninteresting. Receipts of table grapes were light, but aside from muscats, the offerings fully balanced trade wants, which included limited orders for shipment to Puget Sound points. Prices, as a result, were unchanged, maximum rates being extremes for best-crated stock. Fancy muscats were sparingly offered, and the best were rather keenly competed for. Carted stock easily brought up to 90 cents, while open boxes sold as high as 1.50. Trading in apples and pears was limited, but fancy lots held fairly steady at maximum quotation. Only a few nutmeg melons arrived, and prices were sharply advanced. Cantaloupes continued abundant at low and irregular rates. Interest in citrus fruits continued of good volume. Several consignments of new-crop navels arrived. High-colored offerings of good size were wanted, and easily brought best quotation. New-crop grapefruit was more plentiful, and values eased off slightly. Lemons continued in good request, and previous prices were well sustained, especially for fancy. Limes were abundant and cheap. First quality potatoes continued in sharp demand, and the market maintained a firm tone in favor of sellers. Sweet potatoes continued in free supply, and more or less easy at quotations. Onions were sparingly offered, and were quoted firm at maximum rates. Miscellaneous vegetables found ready sale at maximum rates. Fancy tomatoes, summer squash and cucumbers were very firm. Beans were held at a slight advance.

PORT ITEMS.

WEATHER: Clear; wind southwest, velocity [illegible].

Notice to mariners has been issued stating that light-vessel No. 50, which went adrift October 6, has been temporarily replaced by Relief light-vessel No. 67, moored in [illegible] of water, about seven and seven-eighths miles S.W.¾W. from Cape Disappointment, [illegible], Wash. The latter vessel is painted [illegible] without name or number, and during thick or foggy weather will sound blasts of five seconds' duration, separated by silent intervals of [illegible] seconds. Light-vessel No. 50 will be returned to her station as soon as repairs have been completed, of which due notice will be given, and light-vessel No. 67 will then be withdrawn.

Capt. George Winkel has succeeded F. B. [illegible] as master of the steamer Santa Barbara. William Brown has been licensed as master of the schooner Granger, and F. H. [illegible] of the schooner Nellie Carter.

The schooner Mauweema is loading a cargo of lumber at Tacoma consigned to wholesalers in San Diego.

Notice has been issued from the office of Capt. C. H. McKinstry, U.S.A., stating that work on the project approved by Congress for improvement of inner San Pedro Harbor, dredging upon the bar at the entrance will soon begin, and to prevent interference with the work, all vessels entering and leaving inner San Pedro Harbor are requested to give the dredge as wide a berth as possible, and to confine themselves to the main channel, lying between the beacon at the end of the east jetty and black buoy No. 1.
